BRIDGE REHABILITATION

1300 South Bridge Update - July 15, 2015

Construction continues on the 1300 South Bridge

Please stay away from the construction zone for your safety. The bridge will be fully closed for the duration of construction for safety and to shorten the schedule. Construction is expected to finish Fall 2015.

Businesses in the area are all open and access is provided.

Upcoming work for the next week

- Finishing up curb and gutter and sidewalk installation
- Finishing parapet installation (low, protective wall along the edge of the bridge)
- Fence installation on the bridge deck
- Placing asphalt on the east and west side of the bridge
- Installing light poles and roadway signs
- Adding a protective layer to the bridge and roadway surfaces

Ongoing work

- Signal work at the 700 West intersection. **Please watch for traffic shifts.**
- Repairs on the columns and other items under the structure

Project Recycling

Granite Construction recycles the majority of materials demolished on site. The concrete, girders, rebar, and other clean items can all be used again on future projects. They also use recycled asphalt in the Hot Mix Asphalt that comes onto the job.

Project Overview

This project is located on 1300 South in Salt Lake City between 500 West and 700 West and will include the following improvements:

- Major bridge rehabilitation including full deck replacement
- Bridge widened three feet
- Other needed structure repairs and improved seismic performance
- Improved pedestrian and bicycle safety/access
- New signal and intersection improvements at 1300 South and 700 West

Access to Local Businesses

Business access will be maintained during construction.

Please take a look at our [project website](#), if you haven't yet. It has additional information you may find helpful.
