

NPOST TESTING

The National Police Officer Selection Test (NPOST) consists of four timed sections: math, reading comprehension, grammar and incident report writing. Candidates need to score 70% or higher in each section of the test to pass. Most testing locations return the results in 2-4 weeks.

The NPOST exam is required to be considered for the position of Police Officer with the Salt Lake City Police Department. NPOST results must be uploaded at the time of application.

Remote Testing Option
