

PLANNING PROCESS // **DESIGN REVIEW**

ABOUT THE APPLICATION

Thank you for your interest in submitting a Design Review application. The following packet will provide general information to get started on your project and guide you through the application process from start to finish. The package is broken down into three sections: Information about the application, a visual diagram of the application process, and the application form.

We highly encourage you to work with our Planning staff prior to submitting an application. For questions regarding any of the information listed in this packet or to set up a pre-submittal meeting please contact us at zoning@slcgov.com or give us a call at 801.535.7757.

PURPOSE & INTENT OF THE PROCESS

The purpose of the design review chapter is to: **1)** establish a streamlined process and standards of review for minor modifications to applicable design standards, and **2)** ensure high quality outcomes for larger developments that have a significant impact on the immediate neighborhood and the city. The design review process is not intended to be a means to simply obtain variances from zoning regulations.

ADMINISTRATIVE VS. COMMISSION REVIEW

Authority for administrative review is now more limited in scope ([Section 21A.59.040](#)). The Planning Commission is the review authority for all additional building height requests and may consider modifications that exceed the allowances listed in Table 21A.59.040 or any other design standard modification authorized in the base zoning district or [Chapter 21A.37 Design Standards](#). Modifications to design standards for properties within a Historic Preservation Overlay District are subject to [Section 21A.34.020](#) and authority for review is deferred to the Historic Landmark Commission.

REVIEW STANDARDS

The Design Review ordinance states specific standards that the Planning Division or Planning Commission must use when evaluating a Design Review application. All applications must submit evidence demonstrating that the proposal complies with:

- The purpose of the individual zoning district,
- The proposed modification is compatible with the development pattern of other buildings on the block.
- The purpose of the individual design standards that are applicable to the modification request, and face or on the block face on the opposite side of the street.

Applications must submit evidence demonstrating that the proposal complies with applicable design review standards ([Section 21A.59.050](#)). Evidence includes photos of existing conditions and surrounding context, written narrative, graphic images, and relevant calculations.

CONSULTATION

If you have questions regarding the Design Review regulations or process, please contact the Salt Lake City Planning Counter staff at zoning@slcgov.com or give us a call at 801-535-7757. If you would like to discuss your development plan in more detail, you can request a pre-submittal meeting with Planning staff by contacting the Planning Counter.

Pre-submittal meetings are held on Thursdays in 30 minute slots between 1:30 and 3:30 pm.
