

HISTORIC LANDMARK COMMISSION STAFF REPORT

Stanley F. Taylor Home Designation Petition No. PLNHLC2009-01048 1812 S West Temple Street Public Hearing: January 6, 2010

Planning Division
Department of Community &
Economic Development

Applicant: Bill Nighswonger, Housing Authority of Salt Lake City

Staff: Michael Maloy, AICP, (801) 535-7118, michael.maloy@slcgov.com

Tax ID: 15-13-430-003

Current Zone: RMF-45 Moderate/High Density Multi-Family Residential District

Master Plan Designation: Medium High Density Residential (30-50 dwelling units/acre), Central Community Master Plan (adopted November 1, 2005), as amended by Ordinance 79-2008 (published on October 29, 2008)

Council District: 5, Council Member Jill Remington Love

Community Council: Ball Park Community Council – Bill Davis, Chair

Lot Size: 105,621 square feet (2.425 ± acres)

Current Use: Vacant (site currently under construction for senior housing)

Applicable Land Use Regulations:

- 21A.34.020 H Historic Preservation Overlay District
- 21A.50 Amendments
- 21A.24.140 RMF-45 Moderate/High Density Multi-Family Residential District

- E. Citizen Response
- F. Department Comments
- G. Memorandum
- H. Letter from Utah State History

Request

Bill Nighswonger, Executive Director of the Housing Authority of Salt Lake City, has submitted a petition to designate the Stanley F. Taylor Home, which is located at 1812 S West Temple Street, as a Salt Lake City Cultural Resource. The Historic Landmark Commission is an advisory body to the Planning Commission and City Council in the legislative process.

Staff Recommendation

Based on the findings listed in this report, it is the opinion of the Planning Staff that petition number PLNHLC2009-01048 for designation of the Stanley F. Taylor Home as a Landmark Site does not meet applicable standards and recommends the Historic Landmark Commission forward a negative recommendation to the Planning Commission and City Council.

Vicinity Map

Background

Project Description

On September 24, 2008 the Salt Lake City Planning Commission voted to approve Conditional Use Petition Number 410-08-51 for *Taylor Springs*, a senior residential planned development by the Housing Authority of Salt Lake City (HASLC) containing 95 dwelling units located at 1812 S West Temple Street (see Attachment A – Taylor Springs Site Plan). One of the conditions of approval required the following:

4. Applicant shall apply for designation of the Stanley F. Taylor House on the Salt Lake City Register of Cultural Resources prior to further demolition or construction activities on the subject property; and all modifications to building exterior shall comply with Section 21A.34.020.G and applicable Residential Design Guidelines for Residential Historic Districts in Salt Lake City.

This condition was further emphasized by the City Council on October 24, 2008, when it executed a development agreement with HASLC that included the following stipulation (among others):

1. Preservation of the Stanley F. Taylor House. The Housing Authority agrees to the following regarding preservation of the Stanley F. Taylor House situated on the Property:
 - a. The Housing Authority shall preserve the Stanley F. Taylor House in accordance with the National and Local Historic standards and guidelines; and
 - b. The Housing Authority shall submit applications to the relevant agencies and initiate the process for listing the Stanley F. Taylor House on both the National Register and the Salt Lake City Register of Cultural Resources.

In compliance with the condition and agreement listed above, Bill Nighswonger, Executive Director of HASLC, submitted on July 13, 2009 a petition (number PLNHLC2009-01048) for Designation of the Stanley F. Taylor Home on the Salt Lake City Register of Cultural Resources (see Attachment B – Property Photographs).

Although the Stanley F. Taylor Home is not within a local historic district, it was described as a “significant structure” in a 1985 report titled *Salt Lake City Architectural Survey—Southwestern Survey Area*:

1812 South West Temple Street—Stanley F. and Matilda Sims Taylor House. Built c. 1907 for Stanley F. Taylor, this house is architecturally significant as a very good example of a stylized version of the Box style house. This house features a variety of minor design elements drawn from several different styles that were popular at that time. Neo-classical elements include the brick quoins on the corners and the returns on the gable of the large dormer; diamond pane windows and a Palladian-motif window in the dormer are inspired by the Colonial Revival style; and the leaded glass windows are features of the Victorian era. Stanley F. Taylor, a successful businessman, was a founder and executive of Anderson-Taylor Co., a wholesale grocery and produce firm. Taylor lived in this house until his death in 1931. After his death, his widow Matilda Sims Taylor transferred the property to Zion’s National Bank; however, she continued to live there until her death in 1958. During the 1930’s she shared the house with Matthew Cowley, a prominent LDS Church leader, and others (page 163).

As part of the petition, the applicant submitted a completed “Historic Site” evaluation form, dated August 2009, authored by the Utah Office of Preservation (see Attachment C – Historic Site Form) for consideration.

Comments

Public Comments

On September 21, 2009, the Salt Lake City Planning Division forwarded the petition to designate the Stanley F. Taylor Home as a Salt Lake City Cultural Resource to the Ball Park Community Council (formerly known as the People's Freeway Community Council) for review, discussion, and recommendation. On October 21, 2009, Mr. Bill Davis, Chair of the Ball Park Community Council, delivered a response to the Planning Division that stated support for the petition (see Attachment D – Community Council Response).

Prior to publication of this staff report, staff received one response from the general public, which opposed the petition (see Attachment E – Citizen Response).

City Department Comments

The comments received from pertinent City Departments / Divisions are attached to this staff report in Attachment F – Department Comments. The Planning Division has not received comments from the applicable City Departments / Divisions that cannot reasonably be fulfilled or that warrant denial of the petition.

Project Review

Upon receipt of the applicant's petition, the project was initially assigned to former Senior Planner, Robin Ziegler, for review. In response to the petition, Ms. Ziegler prepared a memorandum dated September 8, 2009, to Joel Paterson, Planning Manager, in which she concluded that the petition did not comply with the standards required by City Code to designate the Stanley F. Taylor Home as a Landmark Site (see Attachment G – Memorandum). Specifically, Ms. Ziegler stated the following:

(Salt Lake City Code 21A.34.020.C.2) states that all three standards must be met. In my opinion, the property does not meet standard “b”—physical integrity—since the exterior does not retain important defining features, namely any windows, doors and porch posts. The Ordinance standards are essentially the same as the National Register of Historic Places which considers the inside as well as the outside. The inside does not retain *any* historic features and it is my belief that the building would not be eligible for listing in the National Register of Historic Places for this reason.

This property would certainly be considered a “contributing” structure to an historic district for its contribution to the historic character of the neighborhood; however, *a Landmark Site must be so significant that it alone, even without its historic context, is important and contributes to the City* (emphasis added).

Analysis and Findings

Options

Whereas a Designation petition is essentially an amendment to the Salt Lake City Zoning Map, the role of the Historic Landmark Commission (HLC) is advisory to the Planning Commission and City Council in the legislative process. However, any recommendation made by HLC will be valuable, informative, influential, and is necessary for the process. Regardless of the recommendation made by the HLC, the petition will be forwarded to the Planning Commission and City Council for public hearing and final decision. However, it should be noted that denial of the petition will not relieve the applicant from compliance with conditions of approval or other agreements made with the City, including preservation and reuse of the Stanley F. Taylor Home as part of the Taylor Springs planned development.

Findings

Zoning Map Amendment Analysis and Findings: A decision to amend the Salt Lake City Zoning Map by general amendment is a matter committed to the legislative discretion of the City Council and is not controlled by any one standard. However, in making a decision concerning a proposed amendment, the City should consider the following factors:

- A. *Whether the proposed amendment is consistent with the purposes, goals, objectives, and policies of the adopted general plan of Salt Lake City;*

Analysis: The subject property is located within the former People's Freeway neighborhood planning area, which the *Central Community Master Plan* describes as follows:

Geographic description. The People's Freeway neighborhood is generally located between 900 South and 2100 South from Interstate-15 to State Street. A mixture of residential (mainly low-density single-family dwellings), major commercial and manufacturing uses characterize the area. *The majority of residential development in People's Freeway is located between Main Street and the railroad tracks (approximately 200 West).* There are no public elementary schools located in the People's Freeway neighborhood. Residential land uses are interspersed with major roadways making pedestrian circulation very difficult (italics added for emphasis).

Historic and neighborhood description. The early residents of the northern area of People's Freeway (900 to 1300 South) were mostly farmers. Artisans and small businessmen such as shoemakers, weavers and carpenters also lived in the area. Most homes in this neighborhood are fifty years old or older and are modest in appearance. West Temple Street has larger well-kept homes and mature street trees. There are groupings of Post-World War II developments (mainly bungalows) along cul-de-sac residential side streets in the southern part of the area such as Layton, MacArthur and Westwood Avenues. Especially notable is the inner court design of Boulevard Gardens, located at approximately 1780 South West Temple, where the homes face inward onto a landscaped parkway rather than to the street, providing a more intimate and private setting.

Staff has reviewed the Central Community Master Plan and listed below the relative statements, goals, and policies:

- Preserve historic structures and residential neighborhoods (page 3, Master Plan Goals, Central Community Master Plan).
- The appropriate transition of multi-family housing with mixed land uses in designated areas supports sustainable development within the community (Livable Communities and Neighborhoods, page 3).

Finding: The proposed designation and pending development comply with applicable statements listed above.

- B. *Whether the proposed amendment is harmonious with the overall character of existing development in the immediate vicinity of the subject property;*

Analysis: The following zoning districts and land uses border the subject property:

| Development Adjacent to 1812 South West Temple Street | | | |
|---|--|------|---|
| North | RO Residential Office District (1800 Mill Square – professional offices) | East | RMF-45 Moderate/High Density Multi-Family Residential District (apartments) |
| South | R-1/5000 Single-Family Residential District (Taylor Farm Subdivision comprised of 22 single-family dwelling units) | West | CG General Commercial (TRAX) |

Although the Taylor Springs residential development will have a higher development density than the single-family neighborhood located to the south of the subject property, the historic designation petition is compatible with all other surrounding land uses. In addition, the proposed designation facilitates preservation of a historic residence, which is compatible with the adjacent single-family development.

Finding: The proposed designation is compatible with existing development in the immediate vicinity of the subject property.

C. *The extent to which the proposed amendment will adversely affect adjacent properties;*

Analysis: Staff has not received any specific claims that the proposed designation will adversely affect adjacent properties, however a nearby resident has opposed the petition as “a gigantic waste of tax payers money” (see Attachment E – Citizen Response).

Finding: Based on compliance with recommended conditions of approval, the proposed Designation is compliant with this standard.

D. *Whether the proposed amendment is consistent with the provisions of any applicable overlay zoning districts which may impose additional standards; and*

Analysis: The subject property is currently not within any overlay zoning districts—however this issue is germane to the petition. Approval of the petition to designate the Stanley F. Taylor Home as a “cultural resource” would require applying the H Historic District Overlay to the property. As stated previously, staff believes that the structure does not meet the following standards for designation as a Landmark Site, which would be a zoning overlay for the site if approved:

2. Criteria for Selection of an H Historic Preservation Overlay District or Landmark Site: The historic landmark commission shall evaluate each parcel of property within a proposed H historic preservation overlay district or the parcel of property associated with a landmark site. Individual parcels within a proposed district, the district as a whole, and landmark sites shall be evaluated according to the following:
 - a. Significance in local, regional, state or national history, architecture, engineering or culture, associated with at least one of the following:
 - (1) Events that have made significant contribution to the broad patterns of history, or
 - (2) Lives of persons significant in the history of the city, region, state, or nation, or

- (3) The distinctive characteristics of a type, period or method of construction; or the work of a notable architect or master craftsman, or
 - (4) Information important in the understanding of the prehistory or history of Salt Lake City; and
- b. Physical integrity in terms of location, design, setting, materials, workmanship, feeling and association as defined by the national park service for the National Register of Historic Places; and
 - c. The age of the site. Sites must be at least fifty (50) years old, or have achieved significance within the past fifty (50) years if the properties are of exceptional importance.

Finding: The proposed amendment is not consistent with the criteria for Landmark Sites as contained in City Code 21A.34.020.C.2. Specifically staff finds the following:

- **Criteria “a.”** Although the owner of the building was considered as a successful business man and prominent LDS church leader, according to a letter dated September 9, 2009 from Chris Hansen, Preservation Planner with the Utah State Historic Preservation Office, this fact alone “does not elevate this property to National Register status...” Furthermore Mr. Hansen states, “While (the Stanley F. Taylor Home) is an example of a Neoclassical style foursquare type of building, there are quite a few buildings of this type remaining throughout the area, so it is not architectural significant in that regard.” (See Attachment H – Letter from Utah State History.)
- **Criteria “b.”** As stated previously, Robin Zeigler, former Senior Planner, recommended that the property “does not meet (the) standard (for) physical integrity since the exterior does not retain important defining features, namely any windows, doors and porch posts.” (See Attachment G – Memorandum.)
- **Criteria “c.”** Whereas the Stanley F. Taylor Home was constructed circa 1908, the petition is clearly compliant with this requirement.

E. *The adequacy of public facilities and services intended to serve the subject property, including but not limited to roadways, parks and recreational facilities, police and fire protection, schools, storm water drainage systems, water supplies, and wastewater and refuse collection.*

Analysis: Salt Lake City Public Utilities, Engineering, Fire Protection, and the Police Department have reviewed the petition and recommended approval subject to compliance with comments provided in Attachment F – Department Comments.

Finding: The applicant has demonstrated that existing public facilities and services needed to serve the subject property will be adequate.

Write a chronological history of the property, focusing primarily on the original or principal owners & significant events. Explain and justify any significant themes marked above. Use continuation sheets as necessary.

Stanley F. Taylor purchased the property at 1812 South West Temple, Salt Lake City, in July of 1903 for \$1500 from Ann Overend Preece and took out a mortgage of \$1,000 from Oliver Preece, her son, at the same time. Ann Overend (1830-1904) was the second wife of the polygamous John Heber Preece (1810-1887), marrying him in Salt Lake City in 1856. He also married Elizabeth Jenkins (1827-1897) in 1846 in Nauvoo. All three were immigrants to Utah from England, converts to the Mormon or LDS² Church.

Stanley Frank(lin)³ Taylor (1866-1931) was born in Moroni, Sanpete County, in 1866.⁴ He married Matilda Elizabeth Sims (1871-1958) of England in 1895 in Salt Lake City. The Taylors had six children, all born in Salt Lake City. He was a founder of the Anderson-Taylor Company, wholesale grocers located at 155-157 West South Temple, and worked there for twenty-eight years. In 1908 Stanley F. Taylor was the Secretary and Treasurer and his father, Stanley Taylor, was the Vice-president. He most likely built the house in 1908.⁵ By 1909 the Stanley F. Taylors had moved to their new house at 1830⁶ South West Temple. At the time of the 1910 and 1920 U.S. Census enumerations, the Taylors were living in the house with two daughters (Vera and Elva) and three sons (Francis, Morris (Maurice) and Howard).

The Anderson-Taylor Company may have suffered from the economic dislocation of the Great Depression as it was not listed in the 1930 Polk Directory, nor is an occupation noted for Stanley F. Taylor that year. He was active in the LDS church, serving on the high council of both the Salt Lake and Granite stakes and as a counselor in the Farmer's ward. Stanley F. Taylor also served a proselytizing LDS mission to Holland.

In 1930 the Utah Poultry and Farmers Cooperative Association was built in the lot directly to the north of the Taylor house, with railroad access on the west. The Taylor property also had three poultry buildings (coops) located behind the house to the west, near the garage.⁷

His widow, Matilda Sims Taylor, continued to live in the house after his death from appendicitis in 1931. In 1935 two of her children and their spouses shared the house with her.⁸ One of her daughters, Elva Eleanor Taylor (1898-1987), and her husband, Matthew Cowley (1897-1953), a lawyer, lived in the house as did one of her sons,

¹ Tax cards show the construction date as 1901 but Polk Directories show 1909 as the first year that the family lived in the house.

² Church of Jesus Christ of Latter-day Saints.

³ His obituary states that his middle name is Frank, although familysearch.org has Franklin.

⁴ Familysearch.org

⁵ As the property was outside of the Salt Lake City city limits before 1918, no building permit information is available.

⁶ The 1908 Polk *Salt Lake City Directory* has this as the address. They are listed as living at 411 N. 600 West, Salt Lake City, in 1907. By the 1920 edition, the address is noted as 1812 South West Temple.

⁷ Sanborn Insurance Company map, Sheet 502, Vol 5, May, 1948. Tax cards note that two of the coops burned down in 1954 and by 1956 the only outbuilding listed was the garage, also used as a barn.

⁸ 1935 Polk *Salt Lake City Directory*.

Maurice Joseph Taylor (1907-1995), a physician with offices at 9 Exchange Place, and his wife, Mary Eva Jeppson (1908-1967).

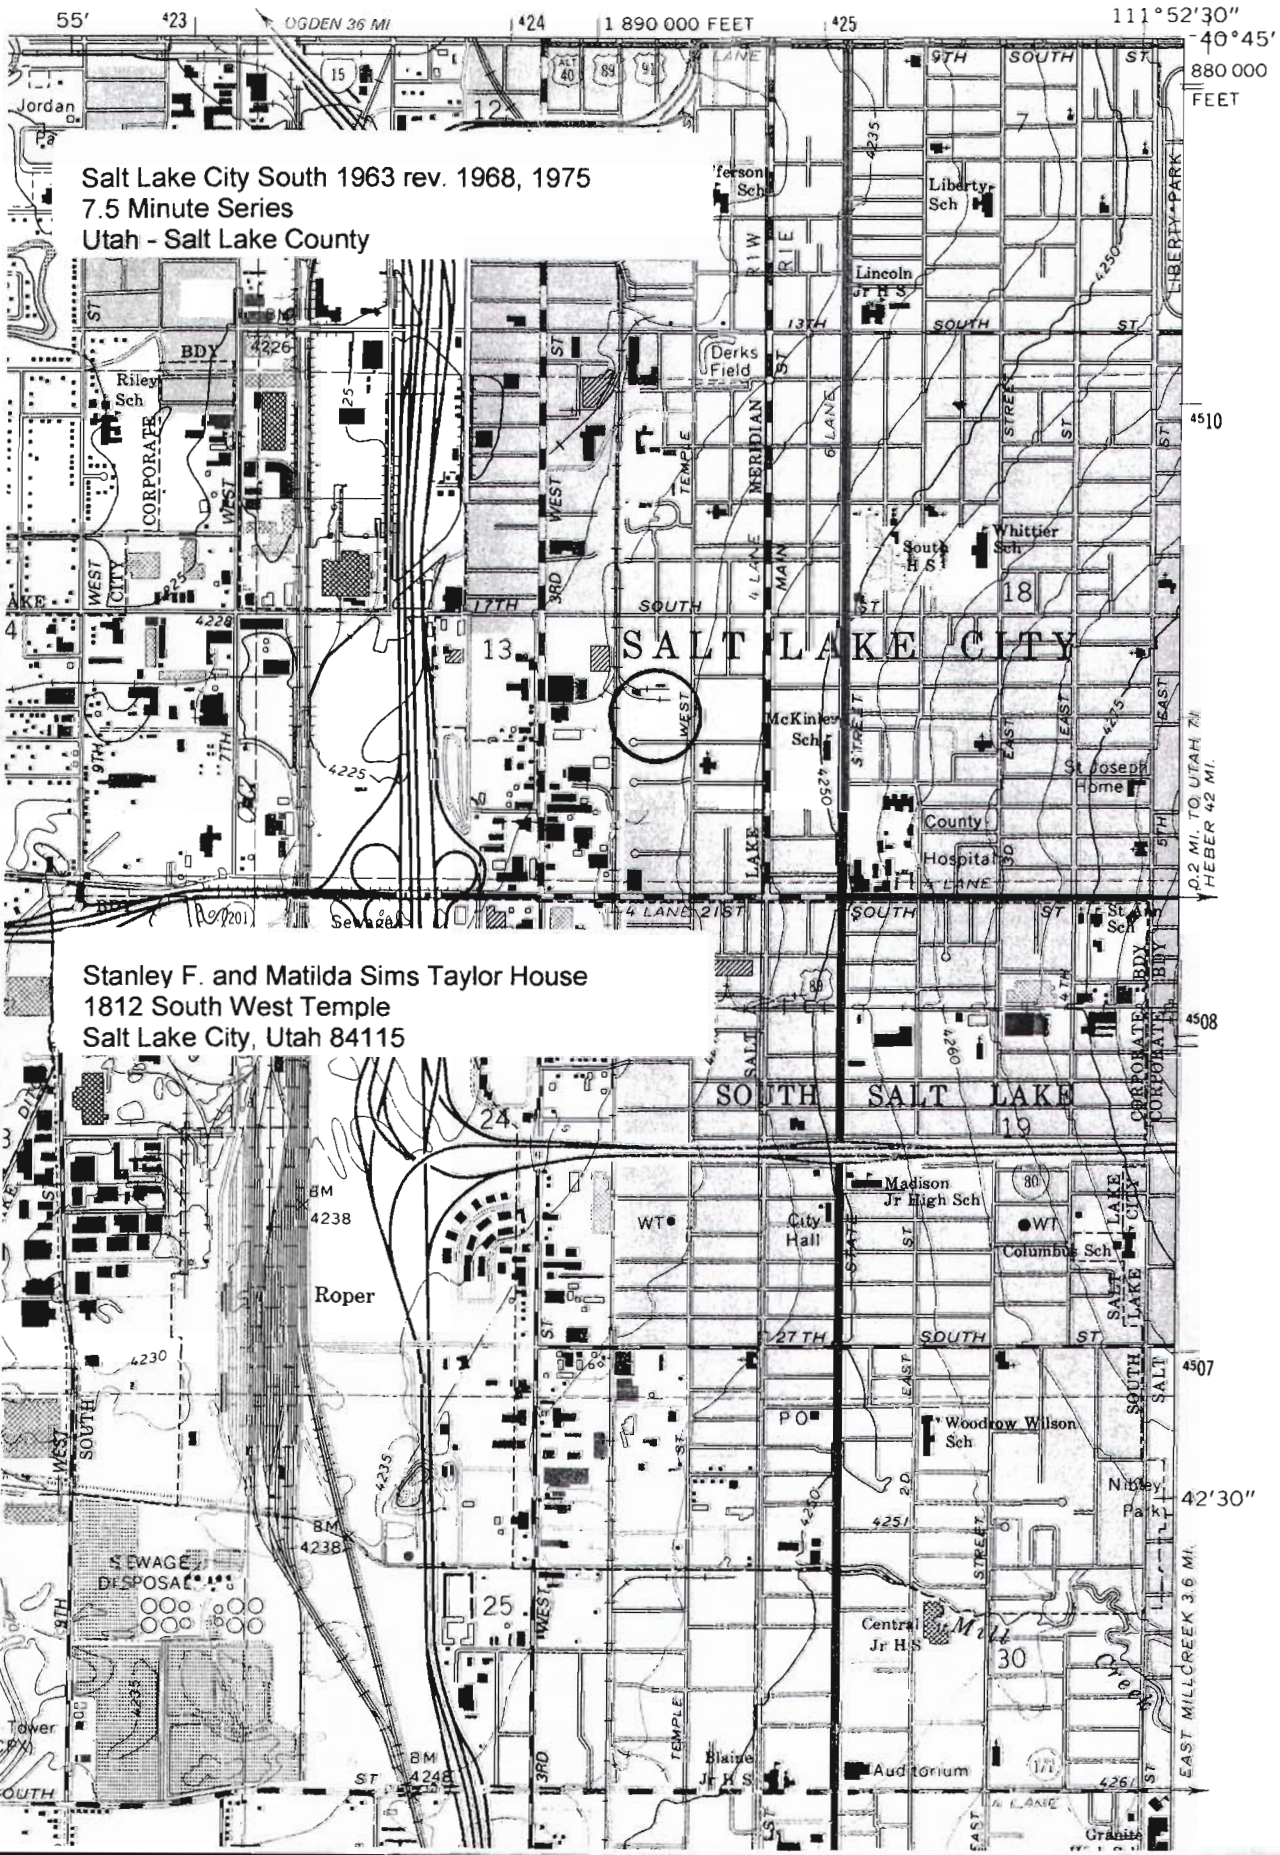

H. Reeder Cummings, a painter, and his wife, Louise M., were living in an apartment at the house in 1940 and the Cowleys were no longer there. By 1951 Dr. Taylor had moved his professional offices to the Boston Building. After his mother, Matilda Taylor, died in 1958 he continued to live in the house until his death in 1995.⁹

Other modern era owners of the house include M. Michael Taylor, Blake S. and Susan M. Atkin, and the Community Development Corporation of Utah.

⁹ Polk *Salt Lake City Directories* to 1993.

or to last April was regimental adjutant of the Utah national guards. He served two years overseas as first lieutenant during the World war.

First Unitarian Society Arranges Anniversary Fete

The First Unitarian society of Salt Lake will celebrate its fortieth anniversary Tuesday Feb. 24. A buffet supper will be served at 6:30 in the parish hall, Thirteenth East and Sixth South.

The anniversary program will be given in the church at 8:15 p.m. Tuesday.

Gov. George H. Dern, Prest. George Thomas of the University of Utah, Prest. A. W. Ivins of the L. D. S. Church, Rabbi Samuel H. Gordon, and the Rev. Arthur L. Rice of the Salt Lake Ministerial association, will be guests of honor, and will bring greetings and felicitations from their organizations.

Others taking part on the program are Frank Lee Hunt, former minister of the Unitarian society here, Mrs. Ernest M. Fowler, and Rev. Jacob Trapp, present minister.

On Feb. 24, 1891 the first meeting of the society was called in the parlors of the Walker house, then the city's leading hotel. Nat. Brigham was acting chairman, and Ernest N. Fowler was secretary. A constitution was adopted, signatures of chapter members were secured, and Dr. David Utter of Chicago was engaged as the society's first minister.

Vice Squad Head Flies To Bedside of Father

Lieutenant E. A. Hedman, chief of the police anti-vice squad, left Salt Lake by airplane for Long Beach, Calif., Friday morning. He was called there on account of the critical illness of his father, C. J. A. Hedman, 66, formerly of this city.

Mr. Hedman, senior, is suffering from racing cancer of the throat and was not expected to survive the day, according to the message received by his son. He moved to California about seven years ago, but was a frequent visitor to Salt Lake.

Mr. Hedman's last visit here, in July, was attended by an unfortunate incident. He was in an automobile accident near Kanosh while

lowered buying power and use restriction brought about by the general economic depression, the demand trend will continue downward during most of 1931 and then show a gradual rise followed by an improvement in prices.

S. L. Business Man Dies In Hospital

Stanley Frank Taylor Was Active in Church Work.

Stanley Frank Taylor, prominent Salt Lake business man and Church official, died Friday morning at a local hospital following an operation for appendicitis.

Mr. Taylor was one of the founders of the Anderson & Taylor company, wholesale grocers, and served as secretary and treasurer for the past 24 years.

He has been an active Church worker, having served on the high council of both the Grant stake and the Salt Lake stake. He was formerly a counselor to Bishop Joseph S. Tingey in the Farmers ward. He filled a mission for the Church in Holland while Francis M. Lyman was president of the mission.

Surviving are his widow Matilda E. Taylor, three sons, Francis F., Dr. Maurice J. and Howard S. Taylor, two daughters, Mrs. Alma G. Burton, Mrs. Matthew Cowley, four grandchildren, six sisters, Mrs. Joseph Anderson, Mrs. E. A. Cottam, Mrs. Florence Pension, Mrs. Clara Dodge, Mrs. Ione Old, and Mrs. Delphia Holmes and three brothers, C. E., Stanley W. and Ernest Taylor.

Funeral services will be held Sunday at 2 p.m. in the McKinley ward chapel, 1740 south State street. Friends may call at the residence, 1812 south West Temple street from 12 noon to 1:30 p.m. Sunday.

REPTILE PAMPHLET ISSUED.

Publication of a University of Utah bulletin, "Reptiles of Utah," written by Angus M. Woodbury of the zoology department was announced Friday. The bulletin consists of a thorough study of all native reptiles.

fractures of both arms and other injuries.

During the absence of Lieut. Hedman, Capt. O. B. Record will be

light after some search, and there is a measure before the legislature to preserve this copy in marble and Utah bronze, place it in the governor's reception room. Under the bill, which was introduced by Senator J. Francis Fowler of Ogden, funds for the project would be raised by public subscription.

Bills Swan As De

Father, 2 Sons Go to Jail on Liquor Count

THREE members of the Bucanuso family, father and sons, were taken to the county jail Thursday and locked up on charges of possession of liquor. Sam, Sr., 54, and Sam, Jr., were arrested by deputies at 715 west Ninth South street, where seven gallons of whisky and about ten gallons of wine were confiscated, and David, 32, an elder brother, was picked up on the way back at 751 Gerese street, with 10 gallons of whisky and a garage full of kegs, flasks and other "bootlegging" equipment.

The trio was welcomed to the county jail by Tony, another brother, who has been languishing there several days, awaiting arraignment on a federal prohibition charge. The officers making the arrests were Tom Callcott, George Beckstead and Van Savage of Sheriff Grant Young's liquor squad.

STANLEY TAYLOR HOME PLNPCM 2009-00929

COMMUNITY COUNCIL COMMENTS:

The above referenced applicant, met with the Peoples Freeway Community / Neighborhood Council on NUMEROUS TIMES DURING 2008 & 2009. Approximately 100 people attended the meeting. Those in attendance made the following comments relating to the project.

THE PEOPLES FREEWAY NEIGHBORHOOD WAS INSTRUMENTAL IN ENCOURAGING THAT THIS STRUCTURE NOT BE DEMOLISHED AS WAS THE ORIGINAL PLAN. THE PREFERRED ALTERNATIVE WAS TO RESTORE IT, WHICH THE HOUSING AUTHORITY EVENTUALLY DECIDED TO DO.

THE HOUSING AUTHORITY WAS VERY COOPERATIVE IN MEETING WITH THE COUNCIL AND DID SO NUMEROUS TIMES THRUOUT 2008 & 2009

ATTN: MIKE MALLOY

In general, was the group supportive of the project? YES

Signature of the Chair or Group Representative

Subject: House at 1812 South West Temple

Categories: Other

When this project first started, everyone was pretty much in agreement it would be nice to have the house restored. That was before we knew how much the previous owner had gutted and totally destroyed this once-stately house. The two magnificent pine trees had died. This house is now an ugly eyesore that will cost thousands and thousands to restore. In addition it is two stories. Sr. citizens will not like that. In talking to neighbors, we are in agreement that it should be torn down considering the fact that there is nothing historic that remains of it. Just build a nice place for the residents to gather for entertaining, a rec. room, etc. Trying to rebuild this house is a gigantic waste of tax dollars.

Thank you.

Michael,

Inasmuch as the application has no impact on the public way or any associated Engineering function, we have no concerns regarding this application.

We have reviewed the application to add the existing structure located at 1812 S. West Temple to the City Register of Cultural Place and found that the proposal results in no impact to the public utilities. We have no objection to the application.

Re: 1812 S West Temple

The Planning Commission has required that the Housing Authority apply for Landmark status for the historic building at 1812 South West Temple. They have submitted a map amendment application to fulfill this request

It is my opinion that, although this building is certainly worthy of preservation, it does not meet the high standards of Landmark status because of its lack of physical integrity. This opinion is based on the information of which I currently have. I have not reviewed a complete application with the thorough research requested of that application.

According to the Ordinance, a Landmark Site shall be evaluated according to the following:

- a. Significant in local, regional, state or national history, architecture, engineering or culture, associated with at least one of the following:
 - i. Events that have made significant contribution to the broad patterns of history, or
 - ii. Lives of persons significant in the history of the city, region, state, or nation, or
 - iii. The distinctive characteristics of a type, period or method of construction; or the work of a notable architect or master craftsman, or
 - iv. Information important in the understanding of the prehistory or history of Salt Lake City; and

- b. Physical integrity in terms of location, design, setting, materials, workmanship, feeling and association as defined by the national park service for the National Register of Historic Places; and
- c. The age of the site. Sites must be at least fifty (50) years old, or have achieved significant within the past fifty (50) years if the properties are of exceptional importance.

The Ordinance states that all three standards must be met. In my opinion, the property does not meet standard b, physical integrity, since the exterior does not retain important defining features, namely any windows, doors and porch posts. The Ordinance standards are essentially the same as the National Register of Historic Places which considers the inside as well as the outside. The inside does not retain any historic features and it is my belief that the building would not be eligible for listing in the National Register of Historic Places for this reason.

This property would certainly be considered a “contributing” structure to an historic district for its contribution to the historic character of the neighborhood; however, a Landmark Site must be so significant that it alone, even without its historic context, is important and contributes to the City. When preserving an entire district, property owners benefit with a protection of their property value. They are assured that their neighbors cannot do something so out of character for the neighborhood that it would bring down their own property value. Owners of Landmark Sites, on the other hand, receive little benefit, so it is my opinion that we must be careful not to Landmark every old building and instead truly honor those of significant historic value that meet the stringent standards of a Landmark Site.

RE: 1812 South West Temple, Salt Lake City

Dear Mr. Nighswonger:

Thank you for your inquiry regarding the National Register eligibility for the above-referenced property. Based on the materials you submitted and the information that we have on file, the building does not appear to be eligible for listing in the National Register of Historic Places. While this is an example of a Neoclassical style foursquare type of building, there are quite a few buildings of this type remaining throughout the area, so it is not a significant architectural example in that regard. Further, the property's architectural integrity appears to have been compromised due to alterations made to it over time (integrity is an important consideration when attempting to nominate a property). And although the original owner of the building (Stanley F. Taylor) was a successful businessman in Salt Lake City, that likely does not elevate this property to National Register status (although there is a possibility it may be eligible if an appropriate historical context is established, but this will require extensive research).

It is also important to note that our office does not have the final say when it comes to determinations of whether or not a building may qualify for listing in the National Register. Preparing a National Register nomination can be a challenge. The nomination requires a complete architectural description and a statement of significance based on its historical background. It is then reviewed by the Utah Board of State History and by the National Park Service, who gives the final approval or rejection for listing. This process can take up to six months. So we like to be fairly certain of its eligibility before we encourage the building owner to prepare the nomination. And, as aforementioned, based on the information we have reviewed, it does not appear that this building is eligible for listing.
