Deb & Nora,

Can we forward and post as appropriate.

Thanks,

Carl

Mr. Leith,

Concerning the meeting this evening about a proposed development in the 400 block of South Temple.

I had understood that the Historic landmark Commission had already denied that proposal. If so, for very good reason. The commission would not so deny without good reason.

I am a life long resident of the avenues. As suggested by others South Temple is indeed an historic boulevard in this city. Nothing out of keeping with its historic and elegant nature should be allowed from State Street to Reservoir Park. It has come to my attention that the proposed project is lacking in design and materials suitable for South Temple. If this is the case any such proposal should be rejected.

I would hope that the commission will not be swayed from a correct decision by the threat of court action by a developer.

The corner of South Temple and Fifth East has been vacant for years. Wait for somebody to propose a project that will be a grand and appropriate addition to this historic street.

Thank you.

Stephen Snow
1207 First Avenue
