

## **Motion Sheet**

PLNHLC2017-00033 Single Family Residence at approximately 165 West 600 North

PLNHLC2017-00111 Special Exception Approvals

### **Motion to approve with conditions listed in the staff report:**

(Consistent with Staff Recommendation)

Based on the information in the staff report, the information presented, and the input received during the public hearing, I move that the Commission approve PLNHLC2017-00033 Single Family Residence at approximately 165 West 600 North and approve PLNHLC2007-00111 Special Exception Approval, with the condition listed in the staff report.

### **Motion to approve with conditions modified by the Commission:**

Based on the information in the staff report, the information presented, and the input received during the public hearing, I move that the Commission approve PLNHLC2017-00033 Single Family Residence at approximately 165 West 600 North and approve PLNHLC2007-00111 Special Exception Approval, with the conditions listed in the staff report, with the following modifications:

1. List the conditions that are to be modified, added, or removed.

### **Motion to deny:**

Based on the information presented and the input received during the public hearing, I move that the Commission deny PLNHLC2017-00033 Single Family Residence at approximately 165 West 600 North and approve PLNHLC2007-00111 Special Exception Approval because evidence has not been presented that demonstrates the proposal complies with the following standards:

Specifically, the commission should make findings related to which standards are not complied with, based on the following standards:

#### **1. Standard 1: Scale and Form:**

- a. Height and Width: The proposed height and width shall be visually compatible with surrounding structures and streetscape;
- b. Proportion of Principal Facades: The relationship of the width to the height of the principal elevations shall be in scale with surrounding structures and streetscape; and,
- c. Roof Shape: The roof shape of a structure shall be visually compatible with the surrounding structures and streetscape; and
- d. Scale of a Structure: The size and mass of the structure shall be visually compatible with the size and mass of surrounding structures and streetscape.

#### **2. Standard 2: Composition of Principal Facades:**

- a. Proportion of Openings: The relationship of the width to the height of windows and doors of the structure shall be visually compatible with surrounding structures and streetscape;
- b. Rhythm of Solids To Voids In Facades: The relationship of solids to voids in the facade of the structure shall be visually compatible with surrounding structures and streetscape;
- c. Rhythm of Entrance Porch And Other Projections: The relationship of entrances and other projections to sidewalks shall be visually compatible with surrounding structures and streetscape; and

- d. Relationship of Materials: The relationship of the color and texture of materials (other than paint color) of the facade shall be visually compatible with the predominant materials used in surrounding structures and streetscape.

**3. Standard 3: Relationship to Street:**

- a. Walls of Continuity: Facades and site structures, such as walls, fences and landscape masses, shall, when it is characteristic of the area, form continuity along a street to ensure visual compatibility with the structures, public ways and places to which such elements are visually related;
- b. Rhythm of Spacing And Structures On Streets: The relationship of a structure or object to the open space between it and adjoining structures or objects shall be visually compatible with the structures, objects, public ways and places to which it is visually related;
- c. Directional Expression of Principal Elevation: A structure shall be visually compatible with the structures, public ways and places to which it is visually related in its orientation toward the street; and
- d. Streetscape; Pedestrian Improvements: Streetscape and pedestrian improvements and any change in its appearance shall be compatible to the historic character of the landmark site or H historic preservation overlay district.

**4. Standard 4: Subdivision of Lots:**

The planning director shall review subdivision plats proposed for property within an H historic preservation overlay district or of a landmark site and may require changes to ensure the proposed subdivision will be compatible with the historic character of the district and/or site(s).
