2. **Single Room Occupancy (SRO) Dwellings Text Amendments**– A request by Mayor Jackie Biskupski to amend sections of the zoning ordinance to better define Single Room Occupancy (SRO) housing, and determine appropriate locations within the city for this use. The intent of the proposed amendments is to implement the recently-adopted Growing SLC: A Five Year Housing Plan (2017-2021). The amendments will affect the following sections of the Zoning Ordinance: 21A.62.040 Definitions of Terms, 21A.33 Land Use Tables, and 21A.44.030 Number of Off-Street Parking Spaces Required. Related provisions of Title 21A (Zoning) may also be amended as part of this petition. The Planning Commission closed the public hearing and tabled this item, asking staff to return with additional information. 3. **Special Exception for Additional Building Height at 810 E. Edgehill Road**- Pam and Wynn Johnson, property owners, are requesting Special Exception approval to construct a new single-family structure that exceeds the maximum permitted building height in the FR-3/12,000 Foothills Residential District. The subject property at 810 E. Edgehill Road is currently vacant, with an average slope of 39-42 percent (%). The proposed structure would measure approximately 49 feet above established grade at its tallest point. In the FR-3/12,000 District, the maximum permitted building height is 28 feet measured from established grade. In addition, the structure would have a rear vertical building wall that measures approximately 40-49 feet above established grade. The zoning ordinance permits front and rear vertical building walls up to 25 feet in height. The Planning Commission has final decision making authority for Special Exceptions. The property is located within Council District 3, represented by Chris Wharton.
