Date: April 7, 2022

Re: New Construction and Special Exception Approval Time Extension Request –
738 S Green Street, PLNHLC2020-00391 and PLNHLC2020-00392

ACTION REQUIRED: Vote on granting a one-year time extension for New Construction and Special Exception approval at 738 S Green Street.

RECOMMENDATION: Grant a year-long time extension for the New Construction and Special Exception approval to expire on March 29, 2023.

BACKGROUND/DISCUSSION:

The New Construction and Special Exception applications received Historic Landmark Commission approval on March 4, 2021. Staff and the applicant worked to address the Commission's conditions of approval and staff issued a Certificate of Appropriateness for the project on March 29, 2021. Since that time, the applicant has had delays in proceeding due to COVID complications, increased construction costs, and difficulties finding a builder.

The Certificate of Appropriateness for New Construction and Special Exception expire in one year "unless a building permit has been issued or complete building plans have been submitted to the division of building services and licensing." The applicant has not submitted complete building plans to the Building Services Department and has not obtained any building permits for work on the development at this time. As such, they must request an extension to maintain their original approval.

The Historic Landmark Commission may grant extensions for approvals for up to one additional year. An extension would push the expiration of the Certificate of Appropriateness for New Construction and Special Exceptions to March 29, 2023. If the extension is approved, the applicant will need to obtain a building permit or submit complete building plans to Building Services before that date, or else request another extension.

Re. Extension for 738 Green St. PLNHLC2020-00391 and PLNHLC2020-00391

Dear Historic Landmark Commission,

I would like to request a one-year extension for our building project at 738 Green St.

Several factors have been slowing us down, including COVID complications, increased building costs and finding a builder who has time and shares our vision.

Thank you for your time and consideration,

A handwritten signature in black ink, appearing to be 'Matt Fletcher', written over a horizontal line.

Matt Fletcher

Re: Record of Decision for Petition PLNHLC2020-00391 and PLNHLC2020-00392

Dear Mr. Hintze:

This Record of Decision is provided to you indicating the date action was taken, the decision of the Historic Landmark Commission, including any approval conditions, the one-year time limit on the approval, the limitations on modifications to the plans, and available appeals.

On March 4, 2021, the Salt Lake City Historic Landmark Commission (HLC) granted approval of the request for a Certificate of Appropriateness (COA) for the construction of a new single-family dwelling, garage/ADU, and special exceptions for the property located at approximately 738 S. Green Street with the following conditions:

1. Approval of all final design details, including specific direction expressed by the Commission, shall be delegated to Planning Staff; specifically addressing fenestration to appear a little more historic.
2. Approval of special exceptions as requested, and in addition, allowing the applicant to modify special exception #1 for the front yard setback to approve the special exception requested and also move the front façade of the house so that it is in line with the house to the south, exceeding the special exception requested.

Please submit revisions meeting the conditions to staff for review prior to submitting a building permit application. Once these are reviewed and determined to meet the conditions, staff will issue a Certificate of Appropriateness.

The HLC found the request substantially complied with the standards of approval in 21A.34.020.H. The decision of the HLC was based on the analysis and findings listed in the staff report, and testimony and plans presented during the meeting. The staff report can be found at the following site:

<http://www.slcdocs.com/Planning/HLC/2021/03.March/00391.00392StaffReport.pdf>

The decision considers the general purpose of the zoning ordinance as well as the purpose of the zoning districts where the proposal is located. The purpose of the Historic Preservation Overlay district is to:

1. *Provide the means to protect and preserve areas of the city and individual structures and sites having historic, architectural or cultural significance;*

2. *Encourage new development, redevelopment and the subdivision of lots in historic districts that is compatible with the character of existing development of historic districts or individual landmarks;*
3. *Abate the destruction and demolition of historic structures;*
4. *Implement adopted plans of the city related to historic preservation;*
5. *Foster civic pride in the history of Salt Lake City;*
6. *Protect and enhance the attraction of the city's historic landmarks and districts for tourists and visitors;*
7. *Foster economic development consistent with historic preservation; and*
8. *Encourage social, economic and environmental sustainability.*

The minutes of the HLC meeting are tentatively scheduled to be adopted on April 4, 2021. Copies of the adopted minutes will be posted on the Planning Division's website the day after they are adopted at:

<https://www.slc.gov/boards/historic-landmark-commission-agendas-minutes/>

This Record of Decision is provided to you indicating the date, the action taken to approve the request, the pertinent appeal periods; and, to what body an appeal can be made.

Appeal by the Applicant

There is a 30-day period in which the applicant may appeal the HLC's decision to the city's Appeals Hearing Officer. Any appeal by the applicant, including the filing fee, must be filed by **April 7, 2021**.

Appeal by an Affected Party

There is a 10-day appeal period in which any party entitled to appeal can appeal the HLC's decisions to the city's Appeals Hearing Officer. This appeal period is required in the City's Zoning Ordinance and allows time for any affected party to protest the approval, if they so choose. Any appeal, including the filing fee, must be filed by the close of business on **March 18, 2021**.

One Year Time Limit on Approval

No Certificate of Appropriateness approval shall be valid for a period longer than **one year** from the date of approval unless a building permit is issued or complete building plans and building permit applications have been submitted to the Division of Building Services and Licensing. An extension of one year may be granted by the Historic Landmark Commission. Extension requests must be submitted in writing prior to the expiration of the Certificate of Appropriateness approval.

If you have any further questions about the Planning Division's processes, please contact me at (385) 226-4448 or by e-mail at sara.javoronok@slcgov.com. It was a pleasure working with you.

Sincerely,

Sara Javoronok
Senior Planner

Address of Subject Property: 738 S GREEN St

Project Name: Green Street House

Name of Applicant: Matthew Hintze

Address of Applicant: 1720 Park Street SALT LAKE CITY, UT 84105

E-mail Address of Applicant: toblerhinze@gmail.com

Ordinance Standards: 21A.34.020.H

Design Guidelines this project meets: Residential Design Guidelines, Chapter 12: New Construction

Are there attached plans or photographs? Yes

Approved: Yes

Date of Approval: 03/04/2021

Decision Made By: HLC

Description of Approved Work: Construction of a new single-family dwelling and garage/ADU at approximately 738 S. Green Street. Except as identified below and in the Record of Decision, construction shall meet all zoning ordinance requirements, and the applicant will coordinate with all city departments for applicable approvals.

Proposal Details: (See attached plans for more detail)

- 1,263 square foot single-family dwelling (924 square foot footprint)
- Detached accessory structure with a 468 square foot first-floor garage and 405 square foot second-floor ADU
- Materials: Materials on the residence include an architectural shingle roof, wood plank siding, aluminum clad wood windows, front steel panel door, and a powder coated steel canopy
- Height: Maximum building height of 25'2" for dwelling and ADU
- Setbacks: Front yard: Front canopy may encroach into the front yard 3'; Interior side yard: ADU/garage may have a south interior side yard setback of 9'

Staff Analysis and Findings: This item was considered and the request was approved at the March 4, 2021, Historic Landmark Commission meeting. This proposal is associated with three special exception requests (PLNHLC2020-000391).

Please see the Record of Decision and staff report for additional details and a complete analysis.
