Re: Amendments to the North Temple Boulevard Plan related to Madsen Park

At the request of the Public Lands Department, the Planning Division is requesting that you initiate an amendment to the North Temple Boulevard Plan (NTBP) to remove the policies related to relocating Madsen Park. The NTBP recommends relocating the park to a more central location within the Euclid neighborhood. However, the community has indicated that there is a preference to maintain Madsen Park at the current location and improve the park to help provide open space for the increase in density along North Temple. This proposed modification is supported by Public Lands and the Planning Division. The process will be coordinated between both entities and the community. In addition, the Planning Division would also like to modify terminology within the NTBP by deleting the word “master” from the plan as it relates to the term “master plan”.

The public process will include a minimum 45-day public input period before the Planning Commission holds a public hearing. All registered recognized organizations will be notified of the proposal.

This memo includes a signature block to initiate the petition if that is the decided course of action. If the decided course of action is to not initiate the application, the signature block can remain blank. Please notify the Planning Division when the memo is signed or if the decision is made to not initiate the petition.

Please contact me at ext. 6173 or nick.norris@slcgov.com if you have any questions. Thank you.

Concurrence to initiate the zoning text amendment petition as noted above.
