RE: Legislative Action Related to Hedge and Fence Heights

MOTION 1 (legislative action)

I move that we pass a legislative action that would initiate a zoning petition for City staff to research and draft an ordinance that would update *Salt Lake City Code* pertaining to fence and hedge heights. The amendments would include:

- increasing the maximum allowed hedge height to 6 feet along side yard property lines in front of the primary structure's primary façade, exclusive of defined clear view standards.
- increasing the maximum height of a fence, wall, or hedge located behind the primary structure's primary façade to 7 feet.
