

Daniel H. and Natalee Thompson
petition number: 25TMP-020648

Thank for your consideration,

Requirements: We, Natalee and Daniel Thompson are asking that our property and zoning be amended to zoning designation M1-A to align with the area plan and to seek opportunities to own/operate commerce from our property

We are asking for this zoning to have more flexibility with our property as a commercial business property and again align with the new zoning overlay in our community. We are not petitioning for development at this time but would like to use the property for some commercial uses or future development.

Community Benefit:

Providing commercial space for local businesses. Due to the nature of our changing area we would like the opportunity to build a commercial business of our own and operate from this location. This amendment would also align with new zoning(M-1A) of this area.
