Planning and Zoning Division
Department of Community Development

TO: Salt Lake City Planning Commission

FROM: Doug Dansie, Senior Planner

DATE: October 6, 2010

SUBJECT: **PLNPCM2010-00412** – Conditional use – front yard setback greater than 5 foot maximum, located at 333 South State / new Questar Building

At their September 22, 2010 meeting, The Planning Commission tabled the request from Wasatch Commercial Development for additional setback for the new Questar Building. Since that time, the architects and developer have arrived at a design solution that meets the ordinance requirements, making the conditional use no longer necessary. The petition is being closed with no action necessary from the Planning Commission.

Thank you.
