Request

Dorothy Cosgrove is requesting special exception approval to legalize a second dwelling unit located in the existing single family dwelling at 1405 South 1500 East. The Planning Commission has final decision making authority for special exceptions.

Recommendation

Based on the analysis and findings in this staff report, it is Staff's finding that the project meets the applicable standards for special exception-unit legalization and therefore recommends the Planning Commission approve the application as proposed.

Motions

Approval: Based on the findings listed by the Planning Commission, testimony and plans presented, I move that the Planning Commission approve the special exception for a unit legalization at 1405 South 1500 East with the following conditions:

Conditions of approval

- 1. The unit owner shall apply for participation in the city's landlord tenant program within ninety (90) days of special exception approval.
- 2. The unit owner shall allow the city's building official or designee to inspect the dwelling unit to determine whether the unit substantially complies with basic life safety requirements as provided in Section 18.50 (Existing Residential Housing) of this code. Such inspection shall occur within one hundred eighty (180) days of special exception approval or as mutually agreed by the unit owner and the city. After such inspection, the unit owner shall make necessary corrections within one hundred eighty (180) days or as mutually agreed by the unit owner and the city.

Subject Property

Background

The applicant Dorothy Cosgrove is requesting special exception/unit legalization approval for a duplex in a home at 1405 South 1500 East. The property faces 1500 East on the east side of the street and is located in R-1-5000 zone. Both dwelling units are currently rented. The original building permit for the building was issued in 1959 for a single family dwelling. The applicant is the current property owner. In April of 2013, the applicant submitted a request to legalize the second unit. Staff noticed the petition as an administrative case, but adjacent property owners requested that the petition be reviewed by the Planning Commission with a public hearing.

Timeline:

- 1959 Single Family Dwelling constructed
- 1966 Permit issued to finish basement with 2 bedrooms a bath and play room.
- 1979 Property first shows up with two units in Polk Directory.
- 1995 Property shown with two units in Polk Directory
- 1998- Present Property shown with two units in Polk Directory in 1998, 2002, 2005, 2007, 2009 and 2011.

The applicant provided a business license required by the City for rental properties indicating that the property is a duplex, as well as information from the Salt Lake County Assessor showing that the property has been assessed and taxed as a duplex.

Project Description

The applicant seeks legalization of a second residential unit within the existing single family dwelling at 1405 South 1500 East. The City Council recently adopted new criteria to legalize additional dwelling units and the applicant would like to qualify under those new provisions. The applicant provided documentation to demonstrate the history of the second unit; however, during an administrative review, adjacent property owners requested a review by the Planning Commission. The findings of staff are discussed later in this report under the "analysis and findings" section.

Public Participation

The application was reviewed and a notification of application was sent to the adjacent property owners on May 10, 2013. On May 17, 2013, staff received notification from an adjacent property owner requesting a public hearing on the item. The neighbor concerns are outlined in an email attached as exhibit C.

Analysis and Findings

The standards of review for a special exception are set forth in Section 21A.52.060 of the Salt Lake City Zoning Ordinance. The standards are as follows:

A. Compliance with Zoning Ordinance and District Purposes: The proposed use and development will be in harmony with the general and specific purposes for which this title was enacted and for which the regulations of the district were established.

Analysis: The property is located in the R-1-5000 zoning district, which is intended to provide for conventional single-family residential neighborhoods on lots not less than five thousand (5,000) square feet in size. Uses are intended to be compatible with the existing scale and intensity of the neighborhood. Under the current zoning regulations, two-family dwellings are not permitted in the R-1-5000 district. In 1979, when the two-family use began on site, the property was zoned R-2, which allowed for two-family dwellings on lots with a minimum lot size of 8000 square feet. This means that were the property legalized at the time, it would now be a legal non-conforming use.

There are four onsite parking spaces two in the garage and two in the rear of the property. The ordinance required number for a two-family structure is four. The home meets all other ordinance requirements as it relates to height, building coverage and setbacks.

Finding: Staff finds that because the use began at a time when two-family dwellings were an allowed use in the zone, and because the building meets all of the site and parking requirements of the zoning ordinance the proposed unit legalization substantially complies with the general and specific purposes for which the zoning ordinance was enacted.

B. No Substantial Impairment of Property Value: The proposed use and development will not substantially diminish or impair the value of the property within the neighborhood in which it is located.

Analysis: No definitive evidence was provided to staff demonstrating non-impairment of property value in the neighborhood. The use has been in operation on site for approximately 34 years, and no indication has been given that property values have been impaired because of it.

Finding: Staff finds no evidence that neighborhood property values will be impaired due to the proposed unit legalization.

C. No Undue Adverse Impact: The proposed use and development will not have a material adverse effect upon the character of the area or the public health, safety and general welfare; and

Analysis: The character of the area is primarily single-family and two-family dwellings. Although two-family dwellings are no longer permitted in the R-1-5000 zoning district, County tax records indicate that there are 4 other two-family dwellings within 300 feet of this petition including the building directly adjacent. The proposal meets the minimum site and parking requirements for a two-family dwelling, and has operated as a two-family dwelling for approximately 34 years. Information from the Police Department states that no complaints have been filed at that address.

Finding: Staff finds that the petition will have no undue adverse impact on the character of the immediate neighborhood.

D. Compatible with Surrounding Development: The proposed special exception will be constructed, arranged and operated so as to be compatible with the use and development of neighboring property in accordance with the applicable district regulations.

Analysis: The petition pertains to an existing residential structure, no new construction is proposed. The legalization of the second dwelling unit within the existing residential building is compatible with the use and development of neighboring properties because the property meets all site and parking requirements of the zoning ordinance. Further, there are at least 4 duplex buildings within 300 feet of the proposed legalization.

Finding: Staff finds that the petition complies with this standard.

E. No Destruction of Significant Features: The proposed use and development will not result in the destruction, loss or damage of natural, scenic or historic features of significant importance.

Analysis: No natural, scenic or historic features of significant importance are known to be on or adjacent to this property.

Finding: Legalization of the second unit will not result in the destruction of significant features and thus complies with this standard.

F. No Material Pollution of Environment: The proposed use and development will not cause material air, water, soil or noise pollution or other types of pollution.

Analysis: The requested legalization will not result in any air, water, soil or noise pollution.

Finding: Legalization of the second unit will not impact air, water, soil or noise quality in the neighborhood and thus complies with this standard.

G. Compliance with Standards: The proposed use and development complies with all additional standards imposed on it pursuant to this chapter.

Certain Special Exceptions have specific standards and conditions that apply. Ordinance **21A.52.030.A.22.b** applies to all unit legalizations. Those standards and conditions are as follows:

- 1. The dwelling unit existed prior to April 12, 1995. In order to determine whether a dwelling unit was in existence prior to April 12, 1995, the unit owner shall provide documentation thereof which may include any of the following:
 - (A) Copies of lease or rental agreements, lease or rent payments, or other similar documentation showing a transaction between the unit owner and tenants;
 - (B) Evidence indicating that prior to April 12, 1995, the city issued a building permit, business license, zoning certificate, or other permit relating to the dwelling unit in question;
 - (C) Utility records indicating existence of a dwelling unit;
 - (D) Historic surveys recognized by the planning director as being performed by a trained professional in historic preservation;
 - (E) Notarized affidavits from a past tenant, neighbor, previous owner, or other individual who has knowledge about the dwelling unit;
 - (F) Polk, Cole, or phone directories that indicate existence of the dwelling unit (but not necessarily that the unit was occupied); and
 - (G) Any other documentation that indicates the existence of the dwelling unit that the owner is willing to place into a public record.

Analysis: The original building permit issued in 1959 was for a single family dwelling. The application materials provided by the applicant included Polk and Cole directories information (F above) and recognition by the County Assessor indicating the property is a duplex (two-family home). The information from the Polk directory indicates the unit has been occupied as a two-family dwelling since at least 1979, well before the 1995 date.

Finding: Staff finds that the petitioner has provided information showing the second unit was occupied prior to April 12, 1995. The petition meets this standard.

- 2. The dwelling unit has been maintained as a separate dwelling unit since April 12, 1995. In order to determine if a unit has been maintained as a separate dwelling unit, the following may be considered:
 - (A) Evidence listed in standard b(1) indicates that the unit has been occupied at least once every five (5) calendar years;
 - (B) Evidence that the unit was marketed for occupancy if the unit was unoccupied for more than five (5) consecutive years;
 - (C) If evidence of maintaining a separate dwelling unit as required by Subsections (A) and (B) cannot be established, documentation of construction upgrades may be provided in lieu thereof.
 - (D) Evidence that the unit was referenced as a separate dwelling unit at least once every five (5) years.

Analysis: The materials provided by the applicant (Polk Directory) indicate that the property was occupied with two units in 1995, 1998, 2002, 2005, 2007, 2009 and 2011. This evidence shows occupation at least once every 5 years since April 12, 1995.

Finding: The petition materials demonstrate compliance with this standard. The Polk Directory shows occupation as a two-family dwelling at least once every 5 years.

3. The property where the dwelling unit is located:

- (A) Can accommodate on-site parking as required by this title, or
- (B) Is located within one-quarter (¼) mile radius of a fixed rail transit stop or bus stop in service at the time of legalization.

Analysis: This petition was reviewed by members of the Transportation Division. Their analysis indicated that there are 4 parking stalls located in the rear of the property, two in the garage and two surface pads, and that the property fronts on the Route # 17, 1700 South bus line that runs directly in front of the home. Therefore, the site complies with the parking requirement for a two-family dwelling, and is located within one-quarter (1/4) mile of an active bus stop along 1500 East per a GIS review of current bus stops and current UTA bus schedules.

Finding: The petition complies with this standard. The property provides adequate parking for the use and is located within one-quarter (1/4) mile of an active bus stop.

4. There is no history of zoning violations occurring on the property. To determine if there is a history of zoning violations, the city shall only consider violations documented by official city records for which the current unit owner is responsible.

Analysis: Staff reviewed the City's records for zoning violations on this property and found no history of violations by the current owner.

Finding: The petition complies with this standard. Staff found no history of zoning violations by the current owner.

Commission Options

If the second unit is approved, the applicant can continue with the process for unit legalization, including compliance with a life-safety inspection, and then use the property as a two-family dwelling.

If the second unit is denied, the owner could only use the property for a single-family dwelling or other uses permitted in the R-1-5000 zone.

Potential Motions

The motion recommended by the Planning Division is located on the cover page of this staff report. The recommendation is based on the above analysis. Below is a potential motion that may be used in cases where the Planning Commission determines a special exception should be denied.

Not Consistent with Staff Recommendation: Based on the testimony, plans presented and the following findings, I move that the Planning Commission deny the special exception for a unit legalization at 1405 South 1500 East. The proposed special exception will create (list the detrimental effects) which cannot be reasonably mitigated. Therefore, the special exception is not compliant with the applicable standards:

Attachment ALetter from Applicant

April 27, 2013

Salt Lake City Planning Special Exception Application Submittal Requirement #1 **Project Description**

Parcel # 1616130015 1405 So. 1500 E. SLC, UT 84105

BD Properties 1405, LLC

We are applying to have our property legalized as a duplex in Salt Lake City. Old city records indicate that it is a single family dwelling. The attached documentation provides evidence that it is actually a duplex, existed as such prior to April 12, 1995, and has been maintained as such since April 12, 1995.

It has been licensed by Salt Lake City as a duplex, taxed in Salt Lake City as a duplex, and recorded in Salt Lake County records as a duplex.

William E. Cosgrove, owner Date Dorothy Cosgrove, owner Date

Attachment BLetter from Neighbhor

Ray,

I received the notice of application for the residential property located at the address above and have some serious concerns about having this application approved as a legal duplex. There are several issues:

- 1. There are no legal duplexes in the immediate area which are primarily owner occupied residences
- 2. Inadequate parking for tenants, tenant guests since driveway is not navigable by motor vehicle
- 3. 1500 E has parking on the East side of the road only, there is just no room for additional parking causing hazards to bikers, pedestrians and current residents
- 4. Disturbances of the peace by residents on file
- 5. Property not maintained to current standards in the neighborhood which reduce property value for owner occupied
- 6. Structure was not a legal entity prior and as such was not recognized for tax purposes or a community supported entity
- 7. Conducting a business for profit as a duplex increases safety risk to neighbors with transient rental population

The application is not accessible at https://aca.slcgov.com. Can you please scan and attach the document and send to me at this email address? If you have any questions, I'd be available to discuss with you by phone, 801-712-5644.

Thank you.

-David Mazzotta
