Administrative Matters

1. **McClelland Enclave at approximately 546 S. McClelland Drive** – A request by Jacob Ballstaedt, Garbett Homes, for approval to develop a new six lot subdivision at the above listed address. Currently the land is used for residential purposes and is zoned SR-3 (Special Development Pattern Residential District). This type of project requires Subdivision and Planned Development review. The subject property is within Council District 4, represented by Derek Kitchen. (Staff contact: Maryann Pickering at (801)535-7660 or maryann.pickering@slcgov.com)
 - a. **Preliminary Subdivision**-In order to build the project noted above, a preliminary subdivision is required to create six lots and a private street as part of the development. Case number **PLNSUB-2015-00358**.
 - b. **Planned Development** -In order to build the project noted above, a Planned Development is required for the subdivision to have a private street and to reduce the setbacks for some of the proposed lots in the subdivision. Case number **PLNSUB2015-00567**.

2. **Merrill Residence Planned Development & Height Special Exception at approximately 214 East 10th Ave** – A request by David and Colleen Merrill for approval to reduce the front yard setback and increase the allowed height of a new single family residence at the above listed address. Currently the land is occupied by one single family dwelling, which would be demolished. This type of project must be reviewed as a Planned Development and Special Exception. The subject property is within Council District 3 represented by Stan Penfold. (Staff contact: Casey Stewart at (801)535-6260 or casey.stewart@slcgov.com.) Case numbers PLNSUB2015-00965 and PLNPCM2016-00004

3. **Appeal of Special Exception Decision at approximately 1724 E 2700 S** –Amir Cornell, property owner, has filed an Appeal of the Findings and Order issued for Special Exception PLNPCM2015-01034. The Special Exception was meant to resolve height, use, and design issues associated with an existing garage that was not built to the approved plans. It was determined that the garage could remain if a permit for certain alterations are made. City ordinance allows up to 720 square feet of additional structure on a property. The footprint of the shed and the garage exceeds 720 Square feet. The approved special exception required the removal of the smaller shed so that the total square footage of all accessory buildings on the property is 720 square feet or less. The appellant contends that he received approval from a City employee for both buildings although no records or approved plans support his claim. (Staff contact: Chris Lee at (801)53-7706 or chris.lee@slcgov.com.) Case Number PLNPCM2015-01034

The applicant proposes to rezone the subject properties from RMF-35 (Moderate Density Multi-family Residential) to R-MU-45 (Residential/Mixed Use) to allow for structures up to 45' tall and allow more apartments.
