4. **Design Review Modifications at approximately 255 South State Street** - 255 S State Street is a mixed-use project that consists of two buildings, a north tower and a south tower, with a midblock pedestrian walkway that runs through the center of the towers providing pedestrian connections from State Street to Floral Street as well as to the Cramer House, a Salt Lake City Local Historic Landmark Site that will be restored and incorporated into the overall project. Buildings located between corner properties can have a permitted height of 100 feet in the D-1 zone. Buildings taller than 100 feet may be authorized through the Design Review process. The proposal received Design Review approval from the Planning Commission for an additional 60 feet of building height on January 22, 2020. The proposed height of the north tower is 160 feet. Since that time, the applicant has been working through the process to receive their building permits and some changes have been made to the building in terms of materials and the design of the south building facade. In accordance with section 21A.59.080, these types of modifications to the approved Design Review plans require approval from the Planning Commission. The property is zoned D-1 (Downtown Central Business District) and is located within Council District 4, represented by Ana Valdemoros. (Staff contact: Amy Thompson at (801) 535-7281 or amy.thompson@slcgov.com) **Case number PLNPCM2019-00926**

5. **Book Cliffs Lodge Condition(s) Modification to Design Review Approval at approximately 1149 S. West Temple** - The Book Cliffs Lodge is a proposed 54-unit mixed income apartment building approximately 45-feet in height located in the CC – Corridor Commercial Zoning District at 1149 S. West Temple. Buildings in the CC district are limited to 30-feet in height, but an additional 15-feet of height could be approved through the Conditional Building and Site Design Review (CBSDR) process. The proposal received CBSDR approval from the Salt Lake City Planning Commission on December 6, 2017 with conditions. Since that time, the applicant has been working through the process to receive their building permits and modifications have been made to the building in terms of materials and design of the west building facade. The proposed changes include changes to the design of each façade of the building, different building materials than what were approved by the Planning Commission, and other minor changes to design elements. The Design Review process limits the ability of the Planning Director to approve modifications and the proposed changes are outside of the authority granted in Chapter 21A.59 of the zoning ordinance. The original approval included a condition that the west façade be updated to be more similar to the east façade of the building. This review will also consider if the proposed changes satisfy that condition of approval. The

subject property is located within Council District 5, represented by Darin Mano (Staff contact: David J. Gellner at (385) 226-3860 or david.gellner@slcgov.com) **Case number PLNPCM2017-00708**

**Decision: Approved**
