1. **Northpoint Small Area Plan** - A request by the City Council to revise and complete an update to the Northpoint Small Area Plan. The Northpoint Small Area Plan is a land use plan for the land that is generally located between the Salt Lake City International Airport and the northern boundary of the city along the 2200 West corridor. The Northpoint Small Area Plan was adopted in April 2000. The updated plan will provide guidance on existing and anticipated development in the area, as well as annexation-related issues. As part of the plan update, the Salt Lake City Major Streets Plan will be amended to reflect recommended roadway alignments. The subject area is located within Council District 1, represented by Victoria Petro-Eschler. 2. **West Quarter Block C Design Review at approximately 260 W 200 S.** - The applicant, Ashvini Dinoy, with Dwell Design Studio, representing the property owner, is requesting Design Review approval to develop the property at approximately 260 W 200 S. The project site is in the D-4, Downtown Secondary Central Business District and is approximately 2.34 acres (63,723 sq ft). The proposal is to construct a 16 story, multifamily residential, mixed-use building with 323 residential dwelling units as well as ground-floor retail space. The applicant is also proposing to extend the existing Quarter Row mid-block private street along the eastern lot line of the subject site and record an associated public access easement. Through the Design Review Process the applicant is requesting to exceed the building height allowance of the D-4 Zoning District by approximately 110 feet, 7 inches. The zone permits a building height of 75 feet and the applicant is proposing a height of approximately 185 feet 7 inches. The regulations of the D-4 zone allow developments constructing privately owned mid-block streets with a public easement to increase the height of the building on the remaining abutting parcel through the Design Review process. The project is located within Council District 4, represented by Ana Valdemoros.
