3. **Standards for Attached Structures, Garages, Entrance Landings, and Building Foundations Text Amendment** - The Salt Lake City Planning Division is proposing a text amendment to update the standards related to attached structures, which includes garages, entrance landings, and building foundations. In 2021, Utah State code was amended, changing standards required of these structures. The changes to the state code impose limitations on what municipalities can require in terms of design elements. As a result, City code needs to be updated to match these regulations. The amendment would focus on aligning the standards with city goals and addressing state law. The text amendments apply citywide. (Staff contact: Grant Amann at 801-535-6171 or grant.amann@slcgov.com) **Case Number: PLNPCM2023-00952**
