I. Restrictions On Parking Lots and Structures: An excessive amount of at or above ground parking lots and structures can negatively impact the urban design objectives of the General Commercial (CG) District. To control such impacts, the following regulations shall apply parking facilities that are at or above ground:

1. Parking shall be located behind principal buildings or incorporated into the principal building provided the parking is wrapped on street facing facades with a use allowed in the zone other than parking.
2. A parking lot shall not consist of more than two double-loaded parking aisles (bays) adjacent to each other. The length of a parking lot shall not exceed ten (10) stalls.
