

**Audits of Body Worn Camera Footage  
Pursuant to City Code 2.10.200  
January 2023**

---

**SUMMARY**

This memorandum constitutes a random audit, pursuant to City Code 2.10.200.E, of body worn camera recordings for the month of January 2023. The ordinance requires that any findings of material non-compliance with state law, City Code and Police Department policy to be referred to the Chief of Police, the Mayor, the Council Chair, the Mayor's Chief of Staff, and the City Attorney.

The system used by the Department, at the time this audit was conducted, cannot randomly generate a body worn camera recording based on a particular timeframe. Because of that limitation, a random number generator was used to identify 5 case numbers (out of 5,082 case numbers) from the month. If a case number had multiple recordings for that case number, a recording was randomly selected for review.

Of the five matters that were reviewed, the audit found that officers appeared to materially comply with City Code, State law, and Department policies.
