

PLANNING PROCESS // HOUSING LOSS MITIGATION

ABOUT THE APPLICATION

Thank you for your interest in submitting a Housing Loss Mitigation application. The following packet will provide general information to get started on your project and guide you through the application process from start to finish. The package is broken down into three sections: Information about the application, a visual diagram of the application process, and the application form.

We highly encourage you to work with our Planning staff prior to submitting an application. For questions regarding any of the information listed in this packet or to set up a pre-submittal meeting please contact us at zoning@slcgov.com or give us a call at 801.535.7757. Pre-submittal meetings are held on Thursdays in 30 minute slots between 1:30 and 3:30 pm.

REQUIRED HOUSING MITIGATION PLAN

A Housing Mitigation Plan is required when filling:

- Any application for a demolition permit which, if issued, will result in a loss of one or more residential units located in a residential zone;
- Any petition for a conditional use permit to authorize or expand vehicle parking in a residential or mixed use zone; and
- Any petition for a zoning change that would permit a nonresidential use of land, that includes within its boundaries residential dwelling units.

The housing mitigation plan shall be proposed and submitted to the city's planning director and the director of community and neighborhoods and shall be accompanied by a housing impact statement.

EXCEPTIONS

A Housing Mitigation Plan is NOT required for any housing that:

- Is a nonconforming use;
- Is located on a property for which an applicable master plan or the current zoning envisions exclusive nonresidential use; or
- Is proposed to be demolished for health or safety reasons as provided in section [18.64.040](#) or chapter [18.48](#), when not the result of neglect pursuant to section [18.64.045](#).

OPTIONS FOR MITIGATING RESIDENTIAL LOSS ([18.97.030](#))

Petitioners subject to the requirements of this chapter may satisfy the need for mitigation of any residential housing unit losses by any one of the following methods:

- A. Replacement Housing:** The petitioner may agree, in a legal form satisfactory to the city attorney, to construct within the same city council district, or in an adjoining council district when within a one mile radius of the demolition site, the same number of residential dwelling units. Such agreement shall include adequate security to guarantee completion within 2 years of approval.
- B. Fee Based on Difference Between Housing Value and Replacement Cost:** The petitioner may pay to the city housing trust fund the difference between the fair market value of the housing units planned to be eliminated or demolished and the replacement cost of building new units of similar square footage and meeting all existing building, fire and other applicable law, excluding land values.
- C. Fee, Where Deteriorated Housing Exists, Not Caused by Deliberate Indifference of Landowner:** The petitioner may request a Flat Fee Consideration In the event that a residential dwelling unit is targeted or proposed for demolition and is in a deteriorated state from natural causes, such as fire, earthquake or aged obsolescence. (see [18.97.030](#) in City Code for more information).
