**Inspection** Questions

**Scheduling an Inspection**

**Online**

[slc.gov/buildingservices]

- From the website, click on Building Inspections
- click on Schedule Inspections
- Click on the blue [here] (after Citizens Access Portal)
- Enter Permit number or Street Address, click Search
- Click on Record Info then Inspections
- You can now schedule your inspection
- To review the results of an inspection instead of the last step look under COMPLETED you will see all of your Inspections. Click on View Details and then on View Result Comments.

**Phone**

801-535-6000

After dialing the main number, please follow the prompts.
Your permit number, 3 digit inspection code, and point-of-contact (on-site phone number) will be needed to complete the scheduling. The inspection is not scheduled until a confirmation number is provided, please follow all of the steps.
