## **Cumulative Statistics**

Ninety-seven case investigations have been completed since July 1, 2003. Thirty-nine of those cases contained multiple complaints against one or more officers. Attachment 1 is a list of all officers investigated showing the ethnicity/race and gender of the officers and the complainants. Attachment 2 contains the analysis of the complaints based on the race/ethnicity and gender of complainants and officers.

Since July 1, 2003, One hundred and eighty-four cases have been referred from Internal Affairs. The Police Civilian Review Board has investigated ninety-seven (53%) of the cases and has not investigated eighty-seven (47%) of the cases. Among the ninety-seven cases, there were one hundred and fifty-seven complaints made and each one was investigated.

### Analysis of Complainants

The overall sustain rate for all allegations is 46%. Of the 157 allegations investigated, 48 complainants have been people of color. Of the complaints filed by people of color, panels have recommended that seventeen (35%) be sustained, three (6%) no determination is possible, twenty-four (50%) the officer should be exonerated, and four (8%) unfounded. One hundred and nine complainants were Caucasian. Of those, panels recommended that fifty-six (51%) be sustained, eight (7%) no determination is possible, twenty-seven (25%) officer should be exonerated, and eighteen (17%) unfounded.

Forty-eight complaints were filed by females. Of those, panels recommended that eighteen (38%) be sustained, four (8%) no determination is possible, sixteen (33%) officer should be exonerated, and ten (21%) unfounded. One hundred and nine complaints were filed by males. Of those panels recommended that fifty-five (50%) be sustained, seven (6%) no determination is possible, thirty-five (32%) the officer should be exonerated, and twelve (11%) unfounded.

### Analysis of Civilian or Police Status of Complainant

One hundred and four complaints were filed by civilians. Of those, panels recommended that thirty-five (34%) be sustained, six (6%) no determination is possible, forty-three (41%) officer should be exonerated, and twenty (19%) unfounded. Fifty-three complaints were filed by other police officers. Of those panels recommended that thirty-eight (72%) be sustained, five (9%) no determination is possible, seven (13%) be exonerated, and three (6%) unfounded.

### Analysis of Officers

Twenty-four complaints have been filed against officers of color. Of those, panels recommended that twelve (50%) be sustained, three (13%) no determination is possible, five (21%) officer should be exonerated, and four (17%) unfounded. One hundred and thirty-three complaints were filed against white officers. Of those panels recommended that sixty-one (46%) be sustained, eight (6%) no determination is possible, forty-six (35%) officer should be exonerated, and eighteen (14%) unfounded.

Fourteen complaints have been filed against female officers. Of those, panels have recommended that ten (71%) be sustained, one (7%) no determination is possible, two (14%) officer should be exonerated, and one (7%) unfounded. One hundred and forty-three complaints have been filed against male officers. Of those, panels have recommended that sixty-three (44%) be sustained, ten (7%) no determination is possible, forty-nine (34%) officer should be exonerated, and twenty-one (15%) unfounded.

### Analysis of Use of Force

Fifty-four complaints alleged excessive use of force. Of those, panels recommended that three (6%) be sustained, four (7%) no determination is possible, thirty-seven (69%) officer should be exonerated, and ten (19%) unfounded.
