Trends/Issues Identified and Relayed to the Police Department

CRB notes that it has been well over a year since an OIS with injuries has occurred and commends the SLCPD for this accomplishment. The emphasis placed on de-escalation and other training programs have allowed officers to prevent the use of Deadly Force in situations that likely would have resulted in such use, in the past.

No trends have been identified within the SLCPD including trends by individual officers, units or commands. There was only a single complaint of the use of improper force, of any kind, it was from a previous quarter, and it was reviewed by CRB and the SLCPD Internal Affairs unit with both agreeing that no misconduct transpired.
