	Chinghi Lin	<p>Translation for Chinghi Lin's comment: May I please persuade everyone: "The legislators and government officials in Taiwan must end this farce caused by the murderous case at the Liu House mansion as soon as possible, please.</p> <p>Hello: Since the bloody case in Liu's mansion has been noisy for a long time, I have already called the local Taoyuan District Public Prosecutor's Office and filed a petition with the Taoyuan District Public Prosecutor's Office. Are they still interfering? Could you please persuade the legislators and government officials of Taiwan to end this farce as soon as possible, please.</p> <p>Litigation Title: [Judicial Letter 2020.9.1]:Please the legislator to discourage those involved in criminal cases from using satellite weapons to interfere with the normal life of the people</p> <p>Please our government can prevent those involved in criminal cases from using satellite weapons to interfere with people's normal lives for a long time.</p> <p>(Already declared)P.S.: All in all, I didn't go to the celebration banquet or interact with my classmates. It is absolutely impossible to involve the bloody case and the murders in Liu's mansion. I'm just an ordinary person. I have never been to the United States, and it is absolutely impossible to use the US government's satellite weapons to cause the 911 incident, the 311 incident, the Malaysian air crash, and those countries.</p>
9/23/2020 13:37	Matt Groen	<p>I just wanted to express my appreciation for the Police and all the work they have done to help out my neighborhood. I appreciate the additional patrols and would like more if possible. There is a alot of work to keep the neighborhood going in a good direction and I am glad our area is getting some much needed attention.</p>

9/27/2020 12:18	Erin Helms	<p>Many of my neighbors and my own family in Liberty Wells have been the victims of break-ins and bike theft in the last 3 months, in a loss as devastating to some as auto theft. There are no success stories. Many of these thefts are first and second degree felonies that are completely without recourse, and those responsible continue unhindered. The bike chop operation at Taufer park makes a market for these stolen bikes. Frames are partially hidden under tarps while wheels and parts are brazenly displayed. A serial number entered into the Bike Index database could get these bikes back to their owners and disincentive bike thefts and home break-ins. To find stolen vehicles, our police department routinely runs license plate numbers. Why not run serial numbers on bikes in a public park? We need to show that our city will prosecute these crimes, but this is not happening and bikes are disappearing from my neighborhood nearly every night. Until there is an effort to prevent bike theft and curb these bike chop operations in public parks and in turn decrease break-ins, Salt Lake can't be the safe and bike-friendly city we are striving for.</p>

9/29/2020 9:55	Preeti Turpuseema	<p>I am writing to demand that the City Council adopt a People's Budget that prioritizes community wellbeing and redirects funding away from the police. We are in the midst of widespread upheaval over the systemic violence of policing, embodied by the LAPD's well documented history of murdering Black people. We will no longer accept empty gestures and suggestions of reform. We are demanding that our voices be heard now, and that real change be made to the way this city allocates its resources. Support for communities in need is necessary now, more than ever. But instead, the Mayor has proposed an increase in funding to the SLPD, despite the fact that crime has fallen considerably during the past few months. The SLPD has seen a rise in overtime pay which, more often than not, is paid out to officers responsible for harassing the unhoused, and Black, Indigenous, people of color. We demand that the City Council defund the SLPD. We join the calls of those across the country to #DefundThePolice. We demand a budget that adequately and effectively meets the needs of at-risk Utahans during this trying and uncertain time, when livelihoods are on the line. We demand a budget that supports community wellbeing, rather than empowers the police forces that tear them apart. Although City Council has avoided voting or revising Mayor Mendenhall's draconian budget proposal, the document is back in your hands. It is your duty to represent your constituents. I am urging you to completely revise the SLC budget for 2020-2021 fiscal year, and to fund #CareNotCops. You need to adopt a People's Budget. Public opinion is with me.</p>

9/29/2020	Brenda D Smith-Patten	<p>Dear Mayor, City Council, and the Police Chief of Salt Lake, The shooting of Golda Barton’s 13 year old autistic son is a prime example of police escalation and a supreme argument for re-allocation of public safety funds. Police departments all across the country say they are overburdened with mental health cases and claim that they understand the intricacies of the problem, and yet, their reaction to mental health problems is to slam someone into the pavement with a knee on the back or neck or simply to shoot to kill. And, how ironic that the Salt Lake Police Department has an Autism SAFETY Registry? Step up to the problem. Fix the problem by re-allocating funds to mental health professionals and weed out officers with a “licensed to kill” mentality. Respectfully, Brenda Smith, Norman, Oklahoma</p>
9/29/2020	Anonymous	<p>Dear Salt Lake City Council: I was sad to hear along with your mayor the decision to take money away from the SLC PD. I feel you made a "knee jerk" reaction like other cities in the country to "defund the police" when you should actually be doing the opposite. Funding the police so they could be better equipped, have more training, and more officers to patrol the streets would seem more logical to me. I don't understand your rationale for doing something like this. Taking away officers off the street because they now don't have the funding they used to? How will this protect the public more? I just saw the news where there have been problems around the ball park area in SLC. How did taking away money from the police dept resolve this concern? Apparently you don't have any idea what is like to be in the officers shoes and handle more calls with less officers. I hope you make better decisions down the road instead of caving to others demands or make knee jerk reactions like other cities have. Good luck trying to explain when crime statistics go up how taking away money from the police dept has helped your citizens. Sincerely A concerned citizen</p>
