10/28/2020 10:47	Michael Evans	<p>Amy, I'm writing because I'm fully disgusted with the level of police service in our district. First, I am a life long supporter of law enforcement; I have first hand knowledge of the career, the lack of support and resources they endure, and the uphill battle trying to get those resources from governments that would rather not support law enforcement (thus their constituents) However, as a tax payer, I am disgusted with the lack of service we receive in this district. I've lived here for two years and never seen a police car in my neighborhood, literally, not once. My vehicles have been broken into, items stolen from my yard, and we've experienced other forms of property crime as well. My neighbors have all experienced similar crimes. We understand that some crimes are less serious than others, but the lack of enforcement in these areas leads to more crime. When the lesser crimes are allowed to go unchecked, criminals see the area as easy prey with no consequence for operating in the area. This has occurred in our district, at least in my area (2100 S near 2300 E). This is not new theory, the Broken Windows theory has long been relevant and holds especially true in this instance. There are people in the area who have had their homes broken into, been robbed in their driveway, cars broken into, graffiti damage, etc. It's simply unacceptable. As our council representative, we look to you to address this. The danger at this point, in addition to rising crime and crimes becoming more serious, is the lack of confidence that we, taxpayers, have in our elected officials. We see this on a grand scale at the national level, now we are seeing it at the local level, where we once had great confidence in our elected officials. I'm hoping you entered into this field for the right reasons, and still have a strong moral and ethical compass. I'm hoping you will address this issue vigorously and without yield. As it stands right now, I regret moving into Salt Lake City and regularly discourage others from doing so. *Continued 1/3*</p>

	Michael Evans	<p>I'm afraid to leave my wife alone when I have to travel. As a city government, there should be some level of corporate shame that induces our elected officials to act decisively, but all we keep hearing is excuses for the crime and lack of police service. Just two nights ago my neighbor called the police to 2100 S at Wyoming Street to ask for police service due to a wreck near the intersection. She was told that since there was no injuries, and not road blockage, they would not respond and we could file a report online (a vehicle struck her parked vehicle on the road). This left me and my neighbor in the middle of the street sweeping up debris, while others tried to assess damage and move the offending vehicle. Meanwhile, my neighbors wife had to deal with the driver who had no insurance. This is what the police are supposed to do. After two vehicles nearly struck my neighbor and I as we cleaned the street, I called 911 and requested an officer because the situation was dangerous, the driver couldn't produce insurance, another vehicle nearly crashed into the offending vehicle, and there was well over \$500 damage. This is what police do, they respond to public safety situations and enforce laws; we don't leave it up to citizens to address, that's what we pay taxes for. Trust me, people will get to a point where they feel they have to defend and protect themselves, and that can get very dangerous. In fact, there has been talk in this neighborhood of forming an armed neighborhood watch, I'm sure you see where I'm going here?..especially in the current climate. I'm usually the guy who defends police and local officials, but that night, I sat and listened to all my neighbors disparage both because of a lack in service, and unfortunately, I couldn't offer any defense. We are starting to see that we made a mistake moving into the city, but we are not able to sell or move right now. We pay steep housing prices to live in this area, and we pay a hefty tax bill too. We deserve better. *Continued 2/3*</p>

	Michael Evans	<p>*Continued 3/3* My wife and I applaud your work on social issues, but you should know, many people in your district feel underrepresented. At several local social functions, I have heard people comment that you only care to represent those in the LGBT community or those accused of/guilty of/convicted of crime. We are good people that try to be good members of the community and good neighbors to all. We deserve to be represented as well. I'm hoping that you will put your talents to work on this issue as you have with other issues. I'm hoping you will prove the naysayers wrong. We are looking to you for leadership on this issue; funding for OT shifts for patrolman, working out an arrangement with Unified PD, or any other creative solution. This can't stand, it is unacceptable. It needs to be addressed. It's creating a person in me, that is typically a strong supporter of local government, and making me see why people disparage local politicians as do nothing bureaucrats; it's hard to defend when you pay taxes, but you are grossly neglected. Government, at any level, has as its primary duty, a responsibility to protect the citizenry, it goes to the very core of government function??in other words they had one job, and I'm really not seeing that being tended to in this city. Mike Evans 906-241-9048 Sent from Mail <https://go.microsoft.com/fwlink/?LinkId=550986> for Windows 10</p>
10/30/2020 10:41	Jeffrey Lingen	<p>Subject: (EXTERNAL) Love the new SLC flag Ms. Fowler, My name is Jeffrey Lingen, I'm a member of your district and I'm writing to express my support for the new flag designed for SLC. I hope I'm not too late, as I hear the meeting about it is this evening! I've been following the development of this design, voting on the preliminary designs presented earlier this year, and I was delighted to see the final flag that the committee came up with! I love the way the flag combines intentional symbolI'm with a simple design that manages to capture some of the natural beauty of the area. The Segoe Lily gives the flag beauty and acknowledges that the valley has a history before and beyond european settlers. White and blue stripes, beyond complementing the coloration of the flower, also call to mind snow, sky, and our lake's salty water. The current flag, with its complicated skyline, strange shapes, and empty symbolI'm is completely outclassed by this new design. No resident of our city would fly the old flag, but I find myself excited to fly this new one with an eye towards the future of Salt Lake City. Thank you for your time, Jeffrey Lingen</p>

11/5/2020 11:12	Jon Hager	<p>To Ana Valdemoros, I'm writing to you today as your constituent and a human rights supporter to demand that you do everything in your power to protect the right to peacefully protest -- and that you take special measures to keep your constituents and communities safe from violence and armed intimidation, including around the elections. Everyone has the right to peacefully dissent. Free speech, peaceful assembly, and an independent press are vital freedoms. They are rights -- not privileges. But these rights are under attack. And as our elected leaders, you must pull out all the stops to defend them. I call on my mayor and governor to respect, protect, and fulfill these human rights by doing the following: 1. Protect and facilitate the right to peacefully protest: - Instruct your police departments to follow Amnesty International's best practices on the policing of demonstrations, and I'mmediately send them (and city council members) this guidance: www.amnestyusa.org/good-practice-for-law-enforcement-officials-policing-demonstrations - Demilitarize your police departments. Do not equip them in a manner more appropriate for a battlefield. - Do not use excessive force military-grade weapons. Chemical agents like tear gas can result in serious injury or even death. They should only be used as a last resort, with advanced oral warning, sufficient time to disperse, and all precautions taken to protect those at high risk and avoid harm. - Do not deploy the National Guard for the policing of protests, unless trained on these protocols. 2. Denounce racism, discrimination, and hate -- and take special measures to protect individuals and communities from armed groups: *Continued 1/2*</p>

	Jon Hager	<p>*Continued 2/2* Publicly denounce racist, xenophobic rhetoric and incitement to violence, and condemn armed private groups using hateful rhetoric and threatening intimidation and harm. Make it clear that such armed private groups are NOT authorized to protect the public, and that they pose a risk to the human rights and public safety of others. - If you haven't already, institute an immediate ban on firearms at and around polling locations, to ensure the safety of voters and poll workers and ensure no voter intimidation occurs. - Temporarily prohibit the open and concealed carry of firearms in public, including parks, recreational areas, and other gathering spaces. I urge you to hold your police departments accountable especially in the coming days and weeks -- excessive force must NOT be used, and police MUST allow protests to proceed peacefully as required by both U.S. and international law. I, along with thousands of other concerned people, am calling on you to step up and ensure that individuals are safe in their communities ALL of the time. Your constituents are watching. The world is watching. Thank you. Sincerely, Jon Hager</p>

11/5/2020 11:05	Steven Swenson	<p>Hello, My name is Steven Swenson and I have lived in Sugarhouse for over four years now. I love living in the city, especially Sugarhouse, and my heart swells with pride every time I tell someone I live in THE city. However, this pride and joy I used to feel has decreased dramatically during 2020 as I have seen our finest, the Salt Lake City Police Department, crumble into shambles. The final straw for me was learning today how response times have ballooned out of control and the department is losing a lot of its members. This information came from a KSL article and public comments from one of the Deputy Chiefs: https://www.ksl.com/article/50035092/records-show-salt-lake-police-average-response-times-doubled-in-past-year Without delving into the hypothetical reasons of why this is happening, I would like to instead focus on the facts presented in the article that response times have blossomed and the department is having a large number of employees leave. These two facts are unacceptable for Utah's capital city, and for a department which should be the model for every other police department in the state. These facts are unacceptable for the safety, health, and welfare of our citizens. The city is becoming more dangerous because our police department is starting to fail at their basic job of protecting us. I am writing this email to urge the Mayor and City Council to swiftly act to correct these problems: -Lift the hiring freeze currently placed on the department -Increase the pay for the officers so the department can attract more and better qualified applicants -Issue a public statement stating your support for the police department and letting the officers know you appreciate their work -While conducting the upcoming zero budget exercise for the department, increase their funding to provide for more officers. The above mentioned article states SLCPD should have almost 300 officers on patrol and they only have 179 I appreciate you taking the time to read my email. Should you wish to discuss this issue further or have any questions for me please email me back. Thank you. Sincerely, Steven Swenson Sent from Mail</p> <p><https://go.microsoft.com/fwlink/?LinkId=550986> for Windows 10</p>

11/5/2020 11:15	Alexandra Will'mson	<p>To Ana Valdemoros, I'm writing to you today as your constituent and a human rights supporter to demand that you do everything in your power to protect the right to peacefully protest -- and that you take special measures to keep your constituents and communities safe from violence and armed intimidation, including around the elections. Everyone has the right to peacefully dissent. Free speech, peaceful assembly, and an independent press are vital freedoms. They are rights -- not privileges. But these rights are under attack. And as our elected leaders, you must pull out all the stops to defend them. I call on my mayor and governor to respect, protect, and fulfill these human rights by doing the following: 1. Protect and facilitate the right to peacefully protest: - Instruct your police departments to follow Amnesty International's best practices on the policing of demonstrations, and I'mmediately send them (and city council members) this guidance: www.amnestyusa.org/good-practice-for-law-enforcement-officials-policing-demonstrations - Demilitarize your police departments. Do not equip them in a manner more appropriate for a battlefield. - Do not use excessive force military-grade weapons. Chemical agents like tear gas can result in serious injury or even death. They should only be used as a last resort, with advanced oral warning, sufficient time to disperse, and all precautions taken to protect those at high risk and avoid harm. - Do not deploy the National Guard for the policing of protests, unless trained on these protocols. 2. Denounce racism, discrimination, and hate -- and take special measures to protect individuals and communities from armed groups: *Continued 1/2*</p>

Date/Time Opened	Contact Name	Comment
	Alexandra Willimson	<p>*Continued 2/2* Publicly denounce racist, xenophobic rhetoric and incitement to violence, and condemn armed private groups using hateful rhetoric and threatening intimidation and harm. Make it clear that such armed private groups are NOT authorized to protect the public, and that they pose a risk to the human rights and public safety of others. - If you haven't already, institute an immediate ban on firearms at and around polling locations, to ensure the safety of voters and poll workers and ensure no voter intimidation occurs. - Temporarily prohibit the open and concealed carry of firearms in public, including parks, recreational areas, and other gathering spaces. I urge you to hold your police departments accountable especially in the coming days and weeks -- excessive force must NOT be used, and police MUST allow protests to proceed peacefully as required by both U.S. and international law. I, along with thousands of other concerned people, am calling on you to step up and ensure that individuals are safe in their communities ALL of the time. Your constituents are watching. The world is watching.</p> <p>Thank you. Sincerely, Alexandra Willimson</p>

11/5/2020 11:18	Nancy Lee	<p>Dear Council Member Dugan, The Utah Judicial Council recently implemented new "soft on crime" bail guidelines that create a mandatory statewide bail schedule and continues the use of widely-discredited risk assessment tools in determining release decisions. These changes will make Utah less safe and must be stopped! The policy-making body of the court system voted in August to revamp the bail schedule statewide by dictating that ALL felony bonds will now be capped at \$5,000 for ANY offense. No matter how serious the charge, the bail is based solely on income level with a MAXIMUM bond of \$5,000. This new policy is dangerous and eliminates judicial discretion. In making this policy change, the Utah Judicial Council falsely promised that their new rules would deny bail to the most dangerous of offenders, but that's not happening. In fact, already those charged with very serious offenses, such as sexual assault of a minor and luring of a minor, have been released on their own recognizance with no accountability at all. In addition, the new guidelines mandate the use of pretrial risk assessment tools to determine who gets released and who doesn't, which have been proven to be biased against protected classes by many academic scholars. I stand with U.S. Attorney John Huber against these soft on crime policies and I would urge that you take up this important issue and demand that the Judicial Council rescind these new guidelines and stop legislating from the bench. I bell've that these kinds of important decisions are better left to be decided in the legislature and not from the court bench. Sincerely, Nancy Lee Salt Lake City, UT</p> <p><">http://link.grassrootsmessages.com/q/pYi_bT-X8ft4PgxqgMk5HQ~/AACYXwA~/RgRhgBZCPlcDc3BjQgoAKUKRnV9aIssNUhRkYW4uZHVnYW5Ac2xjZ292LmNvbVgEAAAAAA~></p>
