7/23/2020 14:47	Kayelyn Robinson	<p>Dear Mayor Mendenhall, Many of us who are residents of Salt Lake City and the surrounding cities are concerned by your recent action and inaction regarding the safety of our community. You have a duty to protect Salt Lake City from violence, civil unrest and destruction and devaluation of property. If you collect tax revenue for stated purposes and then fail to support the objectives of those sources, you are in breach of duty and you subject the city to civil liability. You are creating an environment of lawlessness with your support of criminals who have consequences due to THEIR actions and criticize the very officers sworn to keep the public safe. Your actions send a message that you are allowing the civil unrest and anarchy to occur. Apologizing to the Carbajal family when you did was irresponsible, and was disloyal to your police department. While all of our hearts go out to the Carbajal family, those of us who are familiar with precedent case law in this specific area expected Sim Gill's conclusion, which was legally correct in every way. Apologizing for the correct actions of the police officers involved weakened your integrity as one that should put support of a good law enforcement agency as a top priority. You are apologized to a family whose son was engaged in criminal activity and who did not follow the directions of law enforcement officers. He would be alive today, had he made that choice. Where is your apology to his victims? He caused them trauma. Put yourself in their shoes and think how it would feel to have a gun held to your head. Would you feel that apologizing to the perpetrator of that crime is appropriate? I work with trauma victims and I am here to tell you that you let them down. You minimized their pain. You minimize the value of our law enforcement. Are you willing to give up your security provided by them? If not you need to be backing them and supporting them with your whole heart. I can't imagine how it feels to protect someone who doesn't support you. My hat is off to the officers who do that for you. You either had or should have had reasonable advance knowledge of the recent protests that affected Salt Lake City, particularly the first one where a police car was destroyed and other property was damaged. What did you do to protect your city, your citizens and your police department? All reports point to your tying the hands of the police department and facilitating a liberal agenda, which would include inciting unrest, similar to the actions of other Democrat politicians around the nation, in an effort to affect November elections in a rather counterfeit fashion. On the night of July 18th, protesters were allowed to gather in front of the governor's mansion where they illegally used their own cars to block traffic. City streets and access to businesses were shut down, allowing protesters to march from the governor's mansion to the State Capitol. Last week, you allowed protesters to unlawfully assemble, block traffic and cause hundreds of thousands of dollars of damage to the new D.A.'s office. *Continued 1/2*</p>

	Kayelyn Robinson	<p>*Continued 2/2* Hear this loud and clear: Utah residents were and are disgusted with your lack of courage and leadership and for your inaction in allowing these things to happen and we will not stand for it! Salt Lake City is not Seattle. It is not Los Angeles. We are better than that, and need to behave better than what we have seen from other cities, where the leadership is determined to destroy whom and what they have stewardship over, in an effort to push a political agenda. You have been granted a sacred duty to serve and protect the citizens, not a political party, an agenda, or a personal vision. Your actions are putting children and others at risk. You are focusing on the distraction and are not paying attention to what is a disgrace to humanity and is occurring right under our noses. Please further educate yourself. Some of the decisions you have made and pushed have caused a rise in child abuse and domestic violence. The mask mandate allows human trafficking to go on unnoticed as the masks (like in the Elizabeth Smart case) cover up their way of asking for help. Please read this. https://thefederalist.com/2020/07/17/lockdowns-protests-causing-big-spike-in-child-trafficking/ Please believe that THIS is happening and the other agendas in the media are covering this up. The police are NOT the problem. The criminal activity is. The way welfare programs are managed is causing the oppression of the people and they are reacting in detrimental ways. This is not the fault of the officers. Take the color out of it to see the clear picture. Take the color out of it to stop racism. Please look at all sides and not just one. Don't make heroes out of criminals. That is not what we want to aspire to. We can be compassionate and also expect accountability. You can't hold police accountable and not hold those engaged in criminal actions accountable. It has to go both ways Your legacy as a Mayor's for you to shape. You can be remembered and revered as an effective leader of a great community, or you can be remembered as a disgrace, where years of disaster cleanup followed your administration. Please put the great people of Salt Lake City and the surrounding communities first. Politics are insignificant compared to the personal and financial security of our residents. Please show the people of our community that your priorities are in the right place. Truly responsible leadership, that which is driven by a love for the people and not loyalty to just one ?cause,? is always rewarded at re-election time. If you wish to continue to serve, please help our community by doing the right things as mayor. Sincerely, Kayelyn Robinson</p>

7/23/2020 14:50	Amanda Woodruff	<p>Hello, Chris, We need you to do better. I'm writing this with the assumption that you are not beholden to nefarious interests that desire chaos & the destruction of our community. I still have hope we have good people in our elected offices. As a resident of a nearby city, my husband and family & I used to spend frequent evenings out in SLC, enjoying the diverse restaurants, supporting the local arts, developing our children's appreciation of our culture & doing nearly all of our family shopping in your city. Since your absolute abdication of your role in securing peace in your community, we have avoided going into your city and have spent zero dollars instead of the normally more than \$1000 we would spend in an average month. Failing absolutely in keeping your city safe for ALL community members, not just protesters, has consequences. I am disgusted by your so-called leadership and especially your handling of recent conflicts between police & protesters. Enough is enough. DO YOUR JOB. My children, husband & I deserve to be able to peacefully visit the Capitol, the downtown, and historical sit's without worrying about whether streets will be blocked, whether protesters will be allowed to harass us in our cars, or whether we will be able to protect our family should a mob form that seeks to cause disruption to the lawful members of the community. ?Protesters' were allowed to gather in front of the governor's mansion, they illegally used their own cars to block traffic. WHY DID CITY LEADERSHIP ALLOW THIS? These people are an unruly mob, laying on property that isn't theirs, disrupting travel when they have no right to do so. It's appalling. City streets and access to businesses were shut down, allowing protesters to march from the governor's mansion to the State Capitol. Last week, in a predictable debacle, protesters unlawfully assembled, blocked traffic and caused hundreds of thousands of dollars of damage to the new county D.A.'s office. This should not have been allowed to happen. When the red paint showed up, the entire event should have been shut down. Hear this: Utah residents are disgusted with your lack of courage and leadership and for your inaction in allowing these things to happen. We can no longer sit'silently by and allow our cities to set upon by a mob based on an entirely counterfactual narrative. Salt Lake City is not Seattle. It is not Los Angeles. We need better leadership than those two cities and this could be your time to shine. You have been given stewardship over the structure of our very lives.*Continued 1/2*</p>

You have been granted a sacred duty to serve and protect the citizens, not a political party, an agenda, or a personal vision. How will you be remembered? You can be remembered and revered as an effective leader of a great community, or you can be remembered as a disgrace. So far, your council is a disaster. Politics are insignificant compared to the personal and financial security of our lawful residents. Please show the good people of our community that your priorities are in the right place. Truly responsible leadership, that which is driven by a love for the people and not loyalty to a ?cause,? is always rewarded at re-election time. It's time that you stand up to whoever is controlling this narrative and stand for what's right. Be on the right side and help make Utah an example of what this nation was built upon. Stop with this agenda and stand up for what's right, for the sake of YOUR children, and your future generation. Something is coming and Utah needs to be a place of peace and righteousness, protection and shelter for many to come to to find peace. Whoever is telling you to follow this narrative, they will turn their back on you the second they get the chance. Stand up for what is right regardless of what it costs you, because doing the wrong thing, will always cost you so much more in the long run. 7/23/2020 16:39	Brittney Morgan	<p>Dear Mayor Mendenhall, Many of us who are residents of Salt Lake City and the surrounding cities are concerned by your recent action and inaction regarding the safety of our community. You have a duty to protect Salt Lake City from violence, civil unrest and destruction and devaluation of property. If you collect tax revenue for stated purposes and then fail to support the objectives of those sources, you are in breach of duty and you subject the city to civil liability. Apologizing to the Carbajal family when you did was irresponsible, and was disloyal to your police department. While all of our hearts go out to the Carbajal family, those of us who are familiar with precedent case law in this specific area expected Sim Gill's conclusion, which was legally correct in every way. Apologizing for the correct actions of the police officers involved weakened your integrity as one that should put support of a good law enforcement agency as a top priority. You either had or should have had reasonable advance knowledge of the recent protests that affected Salt Lake City, particularly the first one where a police car was destroyed and other property was damaged. What did you do to protect your city, your citizens and your police department? All reports point to your tying the hands of the police department and facilitating a liberal agenda, which would include inciting unrest, similar to the actions of other Democrat politicians around the nation, in an effort to affect November elections in a rather counterfeit fashion. On July 18th, protesters were allowed to gather in front of the governor's mansion, they illegally used their own cars to block traffic. City streets and access to businesses were shut down, allowing protesters to march from the governor's mansion to the State Capitol. Last week, you allowed protesters to unlawfully assemble, block traffic and cause hundreds of thousands of dollars of damage to the new D.A.'s office*Continued 1/2*</p>

7/23/2020 16:44	Hayley LaRiviere	<p>I am a resident of Salt Lake City. I am writing to demand that the City Council adopt a budget for the people, that prioritizes community wellbeing and redirects funding away from the police. We are in the midst of widespread upheaval over the systemic violence of policing, embodied by the SLCPD's well documented history of lethal force against residents of color. Empty gestures and suggestions of "reform" are unacceptable. I am demanding the voices of this movement be heard, and that real change be made to the way this city allocates its resources. Support for marginalized communities is necessary now, more than ever. But instead, the Mayor has proposed an increase in funding to the SLCPD, while social services and education--proven to better promote community safety than policing--stagnate. The SLCPD has seen a rise in overtime pay which, when too often paid out to officers responsible for harassing unhoused, Black, Indigenous, and Latinx residents, is deeply insulting. I am demanding that the City Council defund the SLCPD. I demand a budget that adequately and effectively meets the needs of impacted Utahans during this trying and uncertain time, when livelihoods are on the line. I demand a budget that supports community wellbeing, rather than empowering the police forces that tear us apart. Although City Council has thus far avoided voting or revising Mayor Mendenhall's budget proposal, the document is back in your hands. It is your duty to represent your constituents. I am urging you to completely revise the SLC budget for 2020-2021 fiscal year, and to fund care, not criminalization and incarceration. You must adopt a budget for the people. Public opinion is with me. Thank you for your time.</p>

7/23/2020 16:45	Heather Anderson	<p>Please read my letter into record at the next city council meeting. Thank you. Mayor Mendenhall & SLC city council, Wow! It's been a rough few months! We thought things were bad with covid, but these protests and riots have gotten out of hand. My entire family watched the first riot on TV absolutely terrified, and confused that it was allowed to happen. This has NEVER been allowed to happened in Salt Lake. The continued protests have kept us completely away from the down town area for fear of what our skin color may provoke. That is WRONG! Our children do not feel safe. WE do not feel safe! We hoped things had calmed, but the riot began again at the DA's office. Thankfully, this time the rioters were stopped?? I was very impressed with Sim Gill's explanation of findings on TV, and wish those rioters had listened to his explanation. However, it made me very upset that you and the city council made your own biased comments to the public, and the family of the deceased BEFORE due process. That only fueled the rage. It was unprofessional and unconstitutional! You all owe the citizens, the family of Bernardo, and ALL police officers a PUBLIC apology. I also understand you have commissioned a BLM mural with TAX PAYERS dollars, and are allowing them to paint their politically driven, anti American statement of "black lives matter" on OUR public streets. ALL LIVES MATTER, or are you suggesting Dr King was wrong? This hatred and division has NO place in our community! Our tax dollars will be spent to pay hundreds of thousands of dollars in damage and overtime hours for our officers who've had to "stand guard" while being yelled at and assaulted by so called "peaceful" protesters. This is so wrong!!! You ALL owe our citizens an explanation of why you ordered our officers CONTINUALLY to stand down. This was YOUR choice to let our city be ruined, not our officers. The professionalism of our officers is exceptional, and we are so grateful for them! I call on the Mayor and the city council to reconsider the choices that have been made, recognize PUBLICLY they don't work, stop pandering to criminals, give them a juice box, and send them all home for a nap so we can come back into our city safely. Enough is enough! Do your jobs!!! Sincerely Heather Anderson Sent from Yahoo Mail for iPhone</p> <p><https://overview.mail.yahoo.com/?src=iOS></p>

7/23/2020 17:02	Britney Quarnberg	<p>Dear Mayor Mendenhall, Many of us who are residents of Salt Lake City and the surrounding cities are concerned by your recent action and inaction regarding the safety of our community. You have a duty to protect Salt Lake City from violence, civil unrest and destruction and devaluation of property. If you collect tax revenue for stated purposes and then fail to support the objectives of those sources, you are in breach of duty and you subject the city to civil liability. Apologizing to the Carbajal family when you did was irresponsible, and was disloyal to your police department. While all of our hearts go out to the Carbajal family, those of us who are familiar with precedent case law in this specific area expected Sim Gill's conclusion, which was legally correct in every way. Apologizing for the correct actions of the police officers involved weakened your integrity as one that should put support of a good law enforcement agency as a top priority. You either had or should have had reasonable advance knowledge of the recent protests that affected Salt Lake City, particularly the first one where a police car was destroyed and other property was damaged. What did you do to protect your city, your citizens and your police department? All reports point to your tying the hands of the police department and facilitating a liberal agenda, which would include inciting unrest, similar to the actions of other Democrat politicians around the nation, in an effort to affect November elections in a rather counterfeit fashion. On July 18th, protesters were allowed to gather in front of the governor's mansion, they illegally used their own cars to block traffic. City streets and access to businesses were shut down, allowing protesters to march from the governor's mansion to the State Capitol. Last week, you allowed protesters to unlawfully assemble, block traffic and cause hundreds of thousands of dollars of damage to the new D.A.'s office. *Continued 1/2*</p>
	Britney Quarnberg	<p>*Continued 2/2* Hear this loud and clear: Utah residents were and are disgusted with your lack of courage and leadership and for your inaction in allowing these things to happen and we will not stand for it. Salt Lake City is not Seattle. It is not Los Angeles. We are better than that, and need to behave better than what we have seen from other cities, where the leadership is determined to destroy whom and what they have stewardship over, in an effort to push a political agenda. You have been granted a sacred duty to serve and protect the citizens, not a political party, an agenda, or a personal vision. Your legacy as a Mayor's for you to shape. You can be remembered and revered as an effective leader of a great community, or you can be remembered as a disgrace, where years of disaster cleanup followed your administration. Please put the great people of Salt Lake City and the surrounding communities first. Politics are insignificant compared to the personal and financial security of our residents. Please show the people of our community that your priorities are in the right place. 7/23/2020 17:09	Hayley LaRiviere	<p>I am a resident of Salt Lake City. I am writing to demand that the City Council adopt a budget for the people, that prioritizes community wellbeing and redirects funding away from the police. We are in the midst of widespread upheaval over the systemic violence of policing, embodied by the SLCPD's well documented history of lethal force against residents of color. Empty gestures and suggestions of "reform" are unacceptable. I am demanding the voices of this movement be heard, and that real change be made to the way this city allocates its resources. Support for marginalized communities is necessary now, more than ever. But instead, the Mayor has proposed an increase in funding to the SLCPD, while social services and education--proven to better promote community safety than policing--stagnate. The SLCPD has seen a rise in overtime pay which, when too often paid out to officers responsible for harassing unhoused, Black, Indigenous, and Latinx residents, is deeply insulting. I am demanding that the City Council defund the SLCPD. I demand a budget that adequately and effectively meets the needs of impacted Utahans during this trying and uncertain time, when livelihoods are on the line. I demand a budget that supports community wellbeing, rather than empowering the police forces that tear us apart. Although City Council has thus far avoided voting or revising Mayor Mendenhall's budget proposal, the document is back in your hands. It is your duty to represent your constituents. I am urging you to completely revise the SLC budget for 2020-2021 fiscal year, and to fund care, not criminalization and incarceration. You must adopt a budget for the people. Public opinion is with me. Thank you for your time.</p>

If you collect tax revenue for stated purposes and then fail to support the objectives of those sources, you are in breach of duty and you subject the city to civil liability. You are creating an environment of lawlessness with your support of criminals who have consequences due to THEIR actions and criticize the very officers sworn to keep the public safe. Your actions send a message that you are allowing the civil unrest and anarchy to occur. Apologizing to the Carbajal family when you did was irresponsible, and was disloyal to your police department. While all of our hearts go out to the Carbajal family, those of us who are familiar with precedent case law in this specific area expected Sim Gill's conclusion, which was legally correct in every way. Apologizing for the correct actions of the police officers involved weakened your integrity as one that should put support of a good law enforcement agency as a top priority. You are apologized to a family whose son was engaged in criminal activity and who did not follow the directions of law enforcement officers. He would be alive today, had he made that choice. Where is your apology to his victims? He caused them trauma. Put yourself in their shoes and think how it would feel to have a gun held to your head. Would you feel that apologizing to the perpetrator of that crime is appropriate? I work with trauma victims and I am here to tell you that you let them down. You minimized their pain. You minimize the value of our law enforcement. Are you willing to give up your security provided by them? If not you need to be backing them and supporting them with your whole heart. I can't imagine how it feels to protect someone who doesn't support you. My hat is off to the officers who do that for you. You are focusing on the distraction and are not paying attention to what is a disgrace to humanity and is occurring right under our noses. Please further educate yourself. Some of the decisions you have made and pushed have caused a rise in child abuse and domestic violence. The mask mandate allows human trafficking to go on unnoticed as the masks (like in the Elizabeth Smart case) cover up their way of asking for help. Please read this. https://thefederalist.com/2020/07/17/lockdowns-protests-causing-big-spike-in-child-trafficking/ Please believe that THIS is happening and the other agendas in the media are covering this up. The police are NOT the problem. The criminal activity is. The way welfare programs are managed is causing the oppression of the people and they are reacting in detrimental ways. This is not the fault of the officers. Take the color out of it to see the clear picture. Take the color out of it to stop racism. Please look at all sides and not just one. Don't make heroes out of criminals. That is not what we want to aspire to. We can be compassionate and also expect accountability. You can't hold police accountable and not hold those engaged in criminal actions accountable. It has to go both ways Your legacy as a Mayor's for you to shape. Salt Lake City is not Seattle. It is not Los Angeles. We are better than that, and need to behave better than what we have seen from other cities, where the leadership is determined to destroy whom and what they have stewardship over, in an effort to push a political agenda. You have been granted a sacred duty to serve and protect the citizens, not a political party, an agenda, or a personal vision. Your legacy as a Mayor's for you to shape. You can be remembered and revered as an effective leader of a great community, or you can be remembered as a disgrace, where years of disaster cleanup followed your administration. Please put the great people of Salt Lake City and the surrounding communities first. Politics are insignificant compared to the personal and financial security of our residents. Please show the people of our community that your priorities are in the right place. Truly responsible leadership, that which is driven by a love for the people and not loyalty to a ?cause,? is always rewarded at re-election time. If you wish to continue to serve, please help our community by doing the right things as mayor. 	Andrea Hunter	<p>Dear Mayor Mendenhall, Many of us who are residents of Salt Lake City and the surrounding cities are concerned by your recent action and inaction regarding the safety of our community. You have a duty to protect Salt Lake City from violence, civil unrest and destruction and devaluation of property. If you collect tax revenue for stated purposes and then fail to support the objectives of those sources, you are in breach of duty and you subject the city to civil liability. Apologizing to the Carbajal family when you did was irresponsible, and was disloyal to your police department. While all of our hearts go out to the Carbajal family, those of us who are familiar with precedent case law in this specific area expected Sim Gill's conclusion, which was legally correct in every way. Apologizing for the correct actions of the police officers involved weakened your integrity as one that should put support of a good law enforcement agency as a top priority. You either had or should have had reasonable advance knowledge of the recent protests that affected Salt Lake City, particularly the first one where a police car was destroyed and other property was damaged. What did you do to protect your city, your citizens and your police department? All reports point to your tying the hands of the police department and facilitating a liberal agenda, which would include inciting unrest, similar to the actions of other Democrat politicians around the nation, in an effort to affect November elections in a rather counterfeit fashion. On July 18th, protesters were allowed to gather in front of the governor's mansion, they illegally used their own cars to block traffic. City streets and access to businesses were shut down, allowing protesters to march from the governor's mansion to the State Capitol. Last week, you allowed protesters to unlawfully assemble, block traffic and cause hundreds of thousands of dollars of damage to the new D.A.'s office. *Continued 1/2*</p>
