| 7/30/2021 17:29 | Rene Smink | hi more and more homeless tents popping up on 400 east with 700 s at the rec center and now also 500 south with 400 east at the fenced building. I do not feel safe walkikng my dog int he evening since they seem to be under influence of i do not know what , Can this be taken care of and move them to a shelter or otherwise under the bridge with all other homeleses tents at 600 west 500 south. It seems there they are not causing an issue for any citizens and their homes. Thanks | Homelessness |
