 - 2) If an employee has available unused sick leave, sick leave may be used as dependent leave.
 - 3) An employee is required to give notice of the need to take dependent leave, including the expected duration of leave, to to his or her supervisor as soon as possible.
 - 4) Upon request of a supervisor, an employee will be required to provide a copy of a birth certificate or evidence of child placement for adoption, or a letter from the attending physician in the event of hospitalization, injury or illness of a child, spouse, spouse's child, adult designee, adult designee's child, or parent within five calendar days following a return from leave.

5) An employee's sick leave shall be reduced by the number of hours taken by an employee as dependent leave.

4. Career Incentive Leave, Plan "A."

Full-Time employees, who have been in continuous Full-Time employment with the City for more than 20 years, and who have accumulated to their credit 1500 or more sick leave hours, may make a one-time election to convert up to 160 hours of sick leave into 80 hours of paid Career Incentive Leave. Career Incentive Leave must be taken prior to retirement. Sick leave hours converted to Career Incentive Leave will not be eligible for a cash payout upon termination or retirement even though the employee has unused Career Incentive Leave hours available. This leave can be used for any reason. Requests for Career Incentive Leave must be submitted in writing to the Department Director and be approved subject to the department's business needs (e.g., work schedules and workloads).

5. Retirement Benefit, Plan "A."

- a. Persons who retire under the eligibility requirements of the Utah State Retirement System will be paid at their base hourly rate for 25% of their accumulated sick leave hours balance.
- b. In lieu of the above, Full-Time employees may elect to convert 50% of the sick leave hours provided under Plan A to pay for health insurance premiums. Any sick leave hours converted to a dollar allowance are subject to state, federal and social security income tax withholding required by law. Upon an issuance of payment to an employee, the employee shall endorse the payment to the City, which is to be held in a non-interest bearing account from which the City will pay the insurance carrier until the account balance is exhausted. This provision shall not act to reinstate an employee with sick leave benefits which were in any respect lost, used, or forfeited prior to the effective date of this plan.

B. Plan "B"

- 1. The benefit Plan Year of Plan "B" begins in each calendar year on the first day of the pay-period that includes November 15. Under this Plan "B," paid personal leave shall be provided for employees as insurance against loss of income when an employee needs to be absent from work because of illness or injury, to care for a dependent, or for any other emergency or personal reason. Where the leave is not related to the employee's own illness or disability—or an event that qualifies under the FMLA—a personal leave request is subject to supervisory approval based on the operational requirements of the City and any policies regarding the use of such leave adopted by the department in which the employee works.
- 2. Each Full-Time employee under this Plan "B" shall be awarded personal leave hours based on the following schedule:

Months of Consecutive <u>City Service</u>	Hours of Personal Leave
Less than 6	40
Less than 24	60
24 or more	80

Employees hired during the plan year will be provided paid personal leave on a pro-rated basis.

- 3. Not later than October 31st in each calendar year, employees covered by Plan "B" may elect, by notifying their Personnel/Payroll Administrator in writing, to:
 - a. Convert any unused personal leave hours available at the end of the first pay period of November to a lump sum payment equal to the following: For each converted hour, the employee shall be paid 50 percent of the employee's hourly base wage rate in effect on date of conversion. In no event shall total pay hereunder exceed 40 hours of pay (80 hours at 50%); or,
 - b. Carryover to the next calendar year up to 80 unused personal leave hours; or,
 - c. Convert a portion of unused personal leave hours, to a lump sum payment as provided in subparagraph (a), above, and carry over a portion as provided in subparagraph (b), above.
- 4. <u>Maximum Accrual.</u> A maximum of 80 hours of personal leave may be carried over to the next plan year. Any personal leave hours unused at the end of the plan year in excess of 80 shall be converted to a lump sum payment as provided in subparagraph 3(a) above.
- 5. Termination Benefits. At termination of employment for any reason, accumulated unused personal leave hours, minus any adjustment necessary after calculating the "prorated amount," shall be paid to the employee at 50 percent of the hourly base wage rate on date of termination for each unused hour. For purposes of this paragraph, "prorated amount" shall mean the amount of personal leave credited at the beginning of the plan year, multiplied by the ratio of the number of pay periods worked in the plan year (rounded to the end of the pay period which includes the separation date) to 26 pay periods. If the employee, at the time of separation, has used personal leave in excess of the prorated amount, the value of the excess amount shall be reimbursed to the City and may be deducted from the employee's paycheck.
- 6. Conditions on Use of Personal Leave include:
 - a. Minimum use of personal leave, with supervisory approval, must be in no less than quarter-hour increments.
 - b. Except in unforseen circumstances, such as emergencies or the employees' inability to work due to their illness or accident, or an unforseen FMLA-

- qualifying event, the employees must provide their supervisors with prior notice to allow time for the supervisors to make arrangements necessary to cover the employees' work.
- c. For leave due to unforseen circumstances, the employees must give their supervisors as much prior notice as possible.
- 7. Career Enhancement Leave, Plan "B." A Full-Time employee covered under this Plan "B" is eligible, after 15 years of full time service with the City, to be selected to receive up to two weeks of career enhancement leave. This one-time leave benefit could be used for formal training, informal course of study, jobrelated travel, internship, mentoring or other activity that could be of benefit to the City and the employee's career development. Selected employees shall receive their full regular salary during the leave. Request for this leave must be submitted in writing to the appropriate department head, stating the purpose of the request and how the leave is intended to benefit the City. The request must be approved by the department head and by the Human Resources Director (who will review the request for compliance with the guidelines outlined here).

8. Retirement/Layoff (RL) Benefit, Plan "B"

- a. Full-Time employees currently covered under Plan "B" who were hired before November 16, 1997, and who elected to be covered under Plan "B," shall have a retirement/layoff (RL) account equal to sixty percent of their accumulated unused sick leave hours available on November 16, 1997, minus any hours withdrawn from that account since it was established.
- b. Full-Time employees who were hired before November 16, 1997 and who elected in 1998 to be covered under Plan "B," shall have a retirement/layoff (RL) account equal to fifty percent of their accumulated unused sick leave hours available on November 14, 1998, minus any hours withdrawn after the account is established.
- d. Full-Time employees who were hired before November 16, 1997 and who elected in 2007 or later during any period designated by the City to be covered under Plan "B," shall have a retirement /layoff (RL) account equal to forty percent of their accumulated unused sick leave hours available on the date that Plan B participation began, minus any hours withdrawn after the account is established.

d. Payment of the RL Account.

- 1) All of the hours in the RL account shall be payable to an employee only upon retirement or as a result of layoff. Hours shall be paid according to the employee's base hourly rate of pay on date of retirement or layoff.
- 2) In the case of retirement only, in lieu of the above, Full-Time employees may elect to convert the RL account payment as provided herein to pay for health insurance premiums. Such payment shall be subject to any state and federal income and social security tax withholding required by law. An employee's available RL account balance, computed by the hours therein times the base salary rate at the effective date of employment separation, determines the number

of months of medical and surgical coverage that may be purchased. The purchase is made on a monthly basis, which shall be computed on a monthly basis of charges against the account balance. If insurance costs increase, the number of months of coverage will decrease.

- e. Hours may be withdrawn from the RL account for emergencies or to supplement Workers' Compensation benefits after personal leave hours are exhausted. RL account hours, when added to the employee's Workers' Compensation benefit, may not exceed the employee's regular net salary.
- 9. Short-Term Disability Insurance, Plan "B." Protection against loss of income when an employee is absent from work due to short-term disability shall be provided to Full-Time employees covered under Plan "B" through short-term disability insurance (SDI). There shall be no cost to the employee for SDI. SDI shall be administered in accordance with the terms determined by the City. As one of the conditions for receiving SDI, the employee may be required to submit to a medical examination by a medical provider of the City's choosing.

4. Career Incentive Leave, Plan "A."

more sick leave hours, may make a one-time election to convert up to 160 hours of sick leave into 80 hours of paid Career Incentive Leave. Career Incentive Leave must be taken prior to retirement. Sick leave hours converted to Career Incentive Leave will not be eligible for a cash payout upon termination or retirement even though the employee has unused Career Incentive Leave hours available. This leave can be used for any reason. Requests for Career Incentive Leave must be submitted in writing to the Department Director and be approved subject to the department's business needs (e.g., work schedules and workloads).

5. Retirement Benefit, Plan "A."

- b. In lieu of the above, Full-Time employees may elect to convert 50% of the sick leave hours provided under Plan A to pay for health insurance premiums. Any sick leave hours converted to a dollar allowance are subject to state, federal and social security income tax withholding required by law. Upon an issuance of payment to an employee, the employee shall endorse the payment to the City, which is to be held in a non-interest bearing account from which the City will pay the insurance carrier until the account balance is exhausted. This provision shall not act to reinstate an employee with sick leave benefits which were in any respect lost, used, or forfeited prior to the effective date of this plan.

B. Plan "B"

- 1. The benefit Plan Year of Plan "B" begins in each calendar year on the first day of the pay-period that includes November 15. Under this Plan "B," paid personal leave shall be provided for employees as insurance against loss of income when an employee needs to be absent from work because of illness or injury, to care for a dependent, or for any other emergency or personal reason. Where the leave is not related to the employee's own illness or disability—or an event that qualifies under the FMLA—a personal leave request is subject to supervisory approval based on the operational requirements of the City and any policies regarding the use of such leave adopted by the department in which the employee works.
- 2. Each Full-Time employee under this Plan "B" shall be awarded personal leave hours based on the following schedule:

Months of Consecutive City Service	Hours of Personal Leave
Less than 6	40
Less than 24	60
24 or more	80

Employees hired during the plan year will be provided paid personal leave on a pro-rated basis.

- 3. Not later than October 31st in each calendar year, employees covered by Plan "B" may elect, by notifying their Personnel/Payroll Administrator in writing, to:
 - a. Convert any unused personal leave hours available at the end of the first pay period of November to a lump sum payment equal to the following: For each converted hour, the employee shall be paid 50 percent of the employee's hourly base wage rate in effect on date of conversion. In no event shall total pay hereunder exceed 40 hours of pay (80 hours at 50%); or
 - Carryover to the next calendar year up to 80 unused personal leave hours; or.
 - c. Convert a portion of unused personal leave hours, to a lump sum payment as provided in subparagraph (a), above, and carry over a portion as provided in subparagraph (b), above.
- 4. <u>Maximum Accrual.</u> A maximum of 80 hours of personal leave may be carried over to the next plan year. Any personal leave hours unused at the end of the plan year in excess of 80 shall be converted to a lump sum payment as provided in subparagraph 3(a) above.
- 5. Termination Benefits. At termination of employment for any reason, accumulated unused personal leave hours, minus any adjustment necessary after calculating the "prorated amount," shall be paid to the employee at 50 percent of the hourly base wage rate on date of termination for each unused hour. For purposes of this paragraph, "prorated amount" shall mean the amount of personal leave credited at the beginning of the plan year, multiplied by the ratio of the number of pay periods worked in the plan year (rounded to the end of the pay period which includes the separation date) to 26 pay periods. If the employee, at the time of separation, has used personal leave in excess of the prorated amount, the value of the excess amount shall be reimbursed to the City and may be deducted from the employee's paycheck.
- 6. Conditions on Use of Personal Leave include:
 - a. Minimum use of personal leave, with supervisory approval, must be in no less than quarter-hour increments.
 - b. Except in unforseen circumstances, such as emergencies or the employees' inability to work due to their illness or accident, or an unforseen FMLA-qualifying event, the employees must provide their supervisors with prior notice to allow time for the supervisors to make arrangements necessary to cover the employees' work.
 - For leave due to unforseen circumstances, the employees must give their supervisors as much prior notice as possible.
- 7. Career Enhancement Leave, Plan "B." A Full-Time employee covered under this Plan "B" is eligible, after 15 years of full time service with the City, to be selected to receive up to two weeks of career enhancement leave. This one-time leave benefit could be used for formal training, informal course of study, job-

related travel, internship, mentoring or other activity that could be of benefit to the City and the employee's career development. Selected employees shall receive their full regular salary during the leave. Request for this leave must be submitted in writing to the appropriate department head, stating the purpose of the request and how the leave is intended to benefit the City. The request must be approved by the department head and by the Human Resources Director (who will review the request for compliance with the guidelines outlined here).

8. Retirement/Layoff (RL) Benefit, Plan "B"

- a. Full-Time employees currently covered under Plan "B" who were hired before November 16, 1997, and who elected to be covered under Plan "B," shall have a retirement/layoff (RL) account equal to sixty percent of their accumulated unused sick leave hours available on November 16, 1997, minus any hours withdrawn from that account since it was established.
- b. Full-Time employees who were hired before November 16, 1997 and who elected in 1998 to be covered under Plan "B," shall have a retirement/layoff (RL) account equal to fifty percent of their accumulated unused sick leave hours available on November 14, 1998, minus any hours withdrawn after the account is established.
- d. Full-Time employees who were hired before November 16, 1997 and who elected in 2007 or later during any period designated by the City to be covered under Plan "B," shall have a retirement /layoff (RL) account equal to forty percent of their accumulated unused sick leave hours available on the date that Plan B participation began, minus any hours withdrawn after the account is established.

d. Payment of the RL Account.

- All of the hours in the RL account shall be payable to an employee only upon retirement or as a result of layoff. Hours shall be paid according to the employee's base hourly rate of pay on date of retirement or layoff.
- 2) In the case of retirement only, in lieu of the above, Full-Time employees may elect to convert the RL account payment as provided herein to pay for health insurance premiums. Such payment shall be subject to any state and federal income and social security tax withholding required by law. An employee's available RL account balance, computed by the hours therein times the base salary rate at the effective date of employment separation, determines the number of months of medical and surgical coverage that may be purchased. The purchase is made on a monthly basis, which shall be computed on a monthly basis of charges against the account balance. If insurance costs increase, the number of months of coverage will decrease.
- e. Hours may be withdrawn from the RL account for emergencies or to supplement Workers' Compensation benefits after personal leave hours are exhausted. RL account hours, when added to the employee's Workers' Compensation benefit, may not exceed the employee's regular net salary.

9. Short-Term Disability Insurance, Plan "B." Protection against loss of income when an employee is absent from work due to short-term disability shall be provided to Full-Time employees covered under Plan "B" through short-term disability insurance (SDI). There shall be no cost to the employee for SDI. SDI shall be administered in accordance with the terms determined by the City. As one of the conditions for receiving SDI, the employee may be required to submit to a medical examination by a medical provider of the City's choosing.

 - In the event of death of a first-line extended relative to the employee, employee's spouse or adult designee's relative as if the adult designee were the employee's spouse, not covered in paragraph A above (such as an uncle, aunt or cousin), the City will pay an employee for time off for one work shift to attend memorial services.

Note:

"AWC" means average winter consumption, and is calculated as the average amount of water used by customer during the months of November through March, inclusive (a "winter period"), taking into account the highest number of complete winter periods available for that customer, up to a maximum of 3 winter periods. Any customer that at the time of calculation has not established an AWC will be assigned a class average AWC by meter size for such customer's classification. Customers with defective plumbing or unexplained deceases in usage of more than 25 percent may be adjusted back to a prior AWC, or be assigned the class average by meter size. In cases where class average is not available or is not reasonable, the Director may use other consumption information specific to such

Note:

"Irrigation account" means an account established for applying water for irrigation and landscaping only, as determined by the Public Utilities Director or his designee.

"Target budget" means the estimated amount of water consumed per acre, as established by the Public Utilities Director or his designee each year for customer based on factors including, but not limited to, evapotranspiration, and considering efficient water practices. A different target budget is established for each month of the irrigation season.

"AWC" means average winter consumption, and is calculated as the average amount of water used by customer during the months of November through March, inclusive (a "winter period"), taking into account the highest number of complete winter periods available for that customer, up to a maximum of 3 winter periods. Any customer that at the time of calculation has not established an AWC will be assigned a class average AWC by meter size for such customer's classification. Customers with defective plumbing or unexplained deceases in usage of more than 25 percent may be adjusted back to a prior AWC,, or be assigned the class average by meter size. In cases where class average is not available or is not reasonable, the Director may use other consumption

Note:						

"Irrigation account" means an account established for applying water for irrigation and landscaping only, as determined by the Public Utilities Director or his designee.

"Target budget" means the estimated amount of water consumed per acre, as established by the Public Utilities Director or his designee each year for customer based on factors including, but not limited to, evapotranspiration, and considering efficient water practices. A different target budget is established for each month of the irrigation season.

No._____of 2013

(Enacting New Section 12.56.590, relating to a Parking Exemption for Official Vehicles)

An ordinance enacting new section 12.56.590 of the Salt Lake City Code relating to a parking exemption for certain official vehicles.

WHEREAS, the City Council recognizes that certain individuals need an exemption from normal vehicle parking requirements due to their official duties and official status; and

WHEREAS, the City Council desires to enact rules and procedures with respect to such parking exemptions.

NOW, THEREFORE, be it ordained by the City Council of Salt Lake City. Utah:

SECTION 1. New section 12.56.590, Salt Lake City Code shall be, and hereby is, enacted to read as follows:

12.56.590: PARKING EXEMPTION FOR OFFICIAL VEHICLES:

A. DEFINITIONS: For purposes of this section, unless otherwise apparent from the context, certain words and phrases used in this section are defined as follows:

Marked Official Vehicle: A vehicle owned or leased by a governmental or quasigovernmental entity that a representative of the entity uses in the course of the representative's official duties and that displays obvious official identification such as door symbols or light bars. A governmental or exempt license plate alone does not satisfy the obvious official identification requirement.

Exempt Vehicle: A marked official vehicle or a non-marked official vehicle used by the following persons:

- 1. City department directors.
- 2. City council members.
- 3. Operators of city fleet vehicles.
- 4. Designated city employees as determined by the mayor or the mayor's designee.
- 5. Designated employees or representatives of other governmental entities as determined by the mayor or the mayor's designee.
- 6. Emergency services personnel and employees of enforcement agencies.
- 7. Employees or representatives of quasi-governmental entities as determined by the mayor or the mayor's designee.

A personal vehicle may be considered an exempt vehicle if it is used by a person described above for official governmental or quasi-governmental purposes.

Non-Marked Official Vehicle: A vehicle, owned or leased by a governmental or quasi-governmental entity, without obvious official identification such as door symbols or light bars that a representative of the entity uses in the course of the representative's official duties, or a non-marked vehicle for which the city previously issued a parking dash placard.

B. REGISTRATION:

- 1. In order for a non-marked official vehicle to become an exempt vehicle, it must be registered with the city's compliance director using the city's online registration process. Registration is not required for a marked official vehicle. A city department director may allow an individual city employee to register his or her personal vehicle as an exempt vehicle based on a documented need or requirement that will be included as part of the registration process.
- 2. As part of the online registration, the entity shall provide the following information:
 - 1. Entity's name.
 - 2. Name of entity's primary contact.
 - 3. Telephone number of entity's primary contact.
 - 4. Email address of entity's primary contact.
 - 5. Vehicle make.
 - 6. Vehicle model.
 - 7. Vehicle color.
 - 8. Vehicle license plate number.
 - 9. Vehicle identification number.
 - 10. Vehicle primary driver.
 - 11. Reason why the vehicle should be classified as an exempt vehicle.
 - 12. Days of the week when exempt status is required.
 - 13. Location(s) in Salt Lake City where exempt status is needed.
- 3. As a part of the registration process, the city's compliance program director shall review all requests and approve or deny exempt vehicle status. Upon approval or disapproval, the city shall notify the entity's primary contact of the approval or disapproval. For an approval, the city shall include information about the registered exempt vehicle in the exempt vehicle database maintained in the city's parking enforcement office. The exempt vehicle database shall contain the information necessary to enable parking enforcement personnel to identify an exempt vehicle when they enter the vehicle's license plate number in their enforcement handheld device and to confirm exempt vehicle status and any status limitations.

- 4. The city's compliance program director shall be responsible for reviewing and approving any specific limitations for exempt vehicles, which limitations may vary for each entity.
- 5. Exempt vehicles are subject to the generally applicable rules regarding restricted parking locations (such as handicap, no parking, bus lanes, and residential parking permit areas) and shall comply with non-parking related ordinances such as vehicle registration requirements. Exempt vehicles may receive citations for violations of the following ordinances unless parking was required as part of an unavoidable or emergent official duty: 12.56.150 (parking meters; installation); 12.56.180 (parking meters; restricted spaces); 12.56.190 (parking meters; overtime parking prohibited); 12.56.300 (residential parking lots owned by the city); 12.56.450 (time limited parking on certain streets); 12.56.520 (using city streets for storage prohibited). If the city's parking enforcement personnel are unable to identify the justification for an exempt vehicle being parked in a restricted parking location, a citation shall be issued and the justification for such parking may be established by a hearing officer as part of a review process. Registered city exempt vehicles and city exempt vehicles used for emergency services are exempt from all parking ordinances.

C. MAINTENANCE:

A registered exempt vehicle shall remain exempt only if it undergoes an annual review and recertification process. The process shall be completed by the entity's primary contact using the same method that was used for the initial registration and shall be completed when the entity receives notification of completion from the city's parking enforcement office. Parking enforcement's notification shall be sent by email to the entity's primary contact. Approximately 11 calendar months after the initial registration or recertification of an exempt vehicle, parking enforcement shall notify, by email, the entity's primary contact of the need to re-certify the vehicle. Vehicles that are not recertified by the thirteenth month after initial registration or recertification shall be automatically removed from the exempt vehicle database. An entity may submit to the city's compliance director requests for changes to exempt vehicle status, new requests, and changes to primary contact information, and the compliance director may make those changes.

SECTION 2. This ordinance shall become effective on the date of its first publication.
Passed by the City Council of Salt Lake City, Utah thisday of, 2013.
