Mission Statement:

A. LOCAL GOALS & PRIORITIES

Salt Lake City's 2015-2020 Consolidated Plan is a strategic plan focused on building **Neighborhoods of Opportunity** to promote capacity in neighborhoods with concentrated poverty and to support the City's most vulnerable populations. The five-year plan provides a strategy for maximizing and leveraging the City's block grant allocations to build healthy and sustainable communities that connect and expand opportunities for housing, education, transportation, services and economic development.

Projects funded through Salt Lake City's CDBG program must align with the goals and priorities outlined in the 2015-2020 Consolidated Plan.

Select the Consolidated Plan Priorities and Goals that apply to your program/project. Check all that apply.

Community Needs:

Based on the *Priorities* and *Goals* selected on the previous page, describe the need or problem to be addressed. Include quantifiable data to demonstrate need.

Activities to Address Needs:

Based on the *Priorities* and *Goals* selected on the previous page, how will the proposed project address the identified problem/needs. Include a discussion on the services or activities used to carry out the project.

Anticipated Outputs:

Briefly describe measurements of the anticipated outputs. Examples would include the number of low/moderate income clients served, the number of households served, or number of units constructed.

B. GEOGRAPHIC FOCUS AREA

In order to implement a comprehensive approach to neighborhood revitalization, Salt Lake City is focusing neighborhood improvements to concentrated areas of poverty. Please refer to Appendix A for a map of the target area.

Is the proposed project located in the neighborhood revitalization target area? See map below.

- Yes No

C. NATIONAL OBJECTIVES

Benefit Categories:

To be eligible for CDBG funding, a project/program must provide a benefit to low and moderate income (LMI) persons in **one** of the following categories. Select the category that best applies to your project/program.

- 1. Area:** At least 51% of residents within the targeted **service area** are LMI.
 - Define the service area for people using the project/program:

- List the census tract(s) of project/program location(s):

PART III: PROGRAM/PROJECT INFORMATION

A. PROJECT DESCRIPTION

Provide a concise description of the proposed project:

Describe how you would use the CDBG funds from Salt Lake City, if awarded:

List an address for each project location:

1)
2)
3)
4)
5)
6)
7)
8)

Is this an ongoing project?

Yes No

- If ongoing, what is the timeframe?:

- If ongoing, do you anticipate any changes to the project during the 2015-16 program year?

Yes No

If Yes, describe the anticipated changes:

- If this is a new project:

Project start date:

Anticipated end date:

B. PERFORMANCE MEASUREMENTS

Objectives:

Select **one** of the following three possible objectives for your program/project:

- Create Suitable Living Environments:** Activities designed to benefit communities, families or individuals by addressing issues in their living environment.
- Provide Decent Housing:** Covers a wide range of housing activities whose purpose meets individual or family needs.
- Create Economic Opportunities:** Activities in economic development, commercial revitalization or job creation.

Outcomes:

Outcomes are benefits that result from the activity or program for individuals or community. There are only three possible outcomes; please select **one** below that best fits your program/project:

- Availability/Accessibility:** Activities that make services, infrastructure, public facilities, housing or shelter available or accessible to LMI persons. In this category, accessibility does not refer only to physical barriers, but also to making the basics of daily living available and accessible to low- and moderate-income persons where they live.
- Affordability:** Activities that provide affordability in a variety of ways in the lives of LMI persons. It can include the creation or maintenance of affordable housing, basic infrastructure hook-ups, or services such as transportation or day care. Affordability is an appropriate outcome whenever an activity is lowering the cost, improving the quality or increasing the affordability of a product or service to benefit a LMI household.
- Sustainability:** Activities that are aimed at improving communities or neighborhoods, helping to make them livable or viable by providing benefit to low and moderate-income persons. This outcome is designed to promote livable or viable communities and neighborhoods and not for assistance to individual households.
