Part 3. Preservation Briefs. Preservation Technical Services, National Park Service

www.nps.gov/tps/how-to-preserve/briefs.htm

Preservation Briefs help historic building owners recognize and resolve common problems prior to work.

The briefs are especially useful to Historic Preservation Tax Incentives Program applicants because they recommend methods and approaches for rehabilitating historic buildings that are consistent with their historic character.

Some of the web versions of the Preservation Briefs differ somewhat from the printed versions. Many illustrations are new and in color rather than black and white; Captions are simplified and some complex charts are omitted. To order hard copies of the Briefs, see Printed Publications.
