

# Accessing the Online Census

1. The online 2020 Census can be accessed at [my2020census.gov](https://my2020census.gov)
2. Along the top and bottom of the screen you can select a language
3. Use your Unique ID Number (which the Census Bureau will mail you) or a Non-ID Response (which is based on your address)
4. Person I will then answers 9 questions
  - Should take less than 10 minutes!
5. Repeat step four for every person in the household

## Note:

- The entire survey must be completed in one session. You can't start it, save your work, and come back later.

# Accessing Language Guides

If you need a language that isn't available on the online census, there are video and printed guides offered in 59 other languages.

To access those:

1. Go to [census.gov](https://census.gov)
2. Hover over the "Survey/Programs" tab and click "2020 Census Operational Information"
3. Scroll down until you see a link called "Language Resources"
  - There you will find both video and print guides for 59 languages.
