## UTA 5-year Service Plan Comment Period

The Utah Transit Authority (UTA) is developing a Five-Year Service Plan. Our region is growing rapidly. Where and how we grow has impacts on the entire transportation network. This vision for the path ahead works to address these impacts through improvements to the transit system. The Five-Year Service Plan reflects UTA's intended service based on the best information available.

## Volunteers Needed for 2023 Homeless Point in Time Count

The [Salt Lake Valley Coalition to End Homelessness](#) is looking for volunteers for the January 2023 **Homeless Point-in-Time (PIT) Count in Salt Lake County**, an annual count of people experiencing homelessness. Volunteers go out into the community for three days in a row **January 26-28 from 4 to 6 a.m.** and interview all individuals experiencing homelessness they encounter. PIT counts and the surveys collected provide important information about the state of homelessness in the Salt Lake Valley and are essential for federal funding and policy.

Virtual training sessions will be provided for volunteers and there will be a mandatory training the week of the PIT that will give an overview of PIT Count best practices for approaching and interacting with individuals experiencing homelessness as well as effective techniques to conduct the survey. **Click the link below to learn more and sign up!**
