Subject: Masks in City Facilities and City Vehicles

Authority Signature: Erin Mendenhall, Mayor

Salt Lake City Corporation has over 3000 employees, many of whom come into contact with members of the public each day.

As the City continues to monitor the transmission rates of COVID-19 within Salt Lake City boundaries, the Mayor is committed to keeping City employees safe and healthy and ensuring that the members of the public who do business with the City are also safe.

For that reason, the Mayor has determined that it is in the public interest to require both City employees and members of the public to wear masks in City building and City vehicles in certain circumstances.
