

Samantha Finch

Samantha joined the Board in 2019 representing District 7, the Sugar House neighborhood of SLC. She has resided in the same house near Nibley Park Elementary for 13 years. Originally from the Northeast, Samantha moved to SLC for its proximity to some of Utah's amazing ski resorts and the strong job market. Currently, she works for a financial institution in Downtown Salt Lake. Previously, she has spent time in different occupations from working for a FinTech startup to being a junior attorney working on matters involving public lands for the state of Utah. Before her time with the state, Samantha worked in the financial services industry in Boston, MA. A frequent visitor to Fairmont Park, you can find her attending Friends of Fairmont Park events, Friends of Allen Park's meetings, or the Sugar House Community Council Parks, Open Space and Trails Subcommittee. Her interest in the PNUT Board stems from her educational and employment experience in land use and environmental policy issues.
