Report Year:

Please List the current and ongoing sustainability initiatives of your business. They can include, but are not limited to energy, water, waste, transportation, hazardous substances, purchasing & community-building efforts:

Please share, in much detail as needed, any and all of the successes or milestones achieved this previous year by any of the initiatives or efforts you have listed previously. This is your opportunity to tell the sustainability stories about your business that is important to you. Please include the metrics or evidence by which you measured this success:

What new or ongoing initiatives do you have planned for the upcoming year? What assistance can the e2 program provide to you in order to accomplish this task?
