

Especially For You

"Especially For You is taking responsibility for our community's sustainability goals through our own recycling, reuse and water conservation actions. Best practices like these are all-important to our City's environment, and our world's wellbeing. Anytime we can do a few small things, they add up to big, meaningful impacts."

— MARCI RASMUSSEN

ONGOING EFFORTS & FUTURE GOALS

LED lighting retrofit
for entire shop

Sending green waste
to compost facility

Recycling all cardboard
and scrap metal waste
from associated shop

RECENT ACCOMPLISHMENTS

New LED lighting
upgrades resulting in \$75
per month cost savings

Installed new ENERGY
STAR-certified furnace
