HAZARDOUS WASTE DISCHARGE REPORTING NOTIFICATION

This notification is intended to inform your business of their obligations under Section R317-8-8-11(14)d. of the State of Utah Water Quality Regulations. These requirements are for the reporting discharges of hazardous waste to the sanitary sewer.

The User shall notify the City, the EPA Regional Waste Management Division Director, and State hazardous waste authorities in writing of any discharge into the sanitary sewer system of a substance, which, if otherwise disposed of, would be a hazardous waste under 40 CFR Part 261. Such notification must include the name of the hazardous waste as set forth in 40 CFR Part 261, the EPA hazardous waste number, and the type of discharge (continuous, batch, or other). The City is requiring this notification for a discharge of hazardous waste to the sanitary sewer system and the report shall be made immediately or immediately of learning of the discharge.

The Authorized Representative for the Business shall sign this survey and return to:
