Permit NO: _____

**Salt Lake City Public Utilities, Storm Water Division
1530 S. West Temple, Salt Lake City, Utah 84115**

NOT

Notice of Termination (NOT) for Storm Water Discharges Associated with Construction Activity Under the Salt Lake City UPDES General Permit No. UTR100002.
SEE INSTRUCTIONS

Submission of this Notice of Termination constitutes notice that the operator identified in Section II of this form is no longer authorized to discharge storm water associated with construction activity under the UPDES program. ALL NECESSARY INFORMATION MUST BE PROVIDED ON THIS FORM.

SEE REVERSE FOR INSTRUCTIONS

I. PERMIT INFORMATION

Permit NO. _____

Check if you are no longer the Operator/Contractor at the facility:

Check if the Storm Water Discharge is Being Terminated (Project is Complete):

Check for Engineer of Record verification of post construction facilities:

II. FACILITY OPERATOR INFORMATION

Name: _____ Phone: _____

Address: _____

City: _____ State: _____ Zip: _____

III. FACILITY SITE / LOCATION INFORMATION

Name: _____

Address: _____ County: _____

City: _____ State: _____ Zip: _____

Latitude: _____ Longitude: _____

(Attach a site map if possible)

IV. CERTIFICATION (Operational Control Release)

I certify under penalty of law that either: a) all storm water discharges associated with construction activity from the portion of the identified facility where I was an operator have ceased or have been eliminated or b) I am no longer an operator at the construction site and a new operator has assumed operational control for those portions of the construction site where I previously had operational control. I understand that by submitting this notice of termination, I am no longer authorized to discharge storm water associated with construction activity under this general permit, and that discharging pollutants in storm water associated with construction activity to waters of the State is unlawful without this permit under the State of Utah Water Quality Act. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit or the Water Quality Act.

V. CERTIFICATION OF PROJECT COMPLETION

I certify under penalty of law that to my best knowledge all permanent post construction storm water facilities designed for this parcel were installed to meet design specifications, or if field altered to meet site restrictions, still adhere to design considerations. I understand that the submittal of this notice of termination does not release the facility from liability for any violations of this permit or the Water Quality Act, now or in the future.

Instructions for Completing *Notice of Termination (NOT)* Form

Who Should File A *Notice Of Termination (NOT)* Form

Permittees who are presently covered under the City's General Storm Water Permit for Construction Activity should submit a *Notice of Termination (NOT)* form when their facilities no longer have any storm water discharges associated with industrial activity as defined in the storm water regulations at UAC R317-8-3.9(b)(c) and (d), or Section 1b of the City Permit or when they are no longer the operator of the facilities.

For construction activities, elimination of all storm water discharges associated with industrial activity occurs when disturbed soils at the construction site have been finally stabilized and temporary erosion and sediment control measures have been removed or will be removed at an appropriate time, or when all storm water discharges associated with construction activity from the construction site that is authorized by a Salt Lake City permit have otherwise been eliminated.

Final stabilization means that all soil disturbing activities at the site have been completed, and that a uniform perennial vegetative cover with a density of 70% of the cover for unpaved areas and areas not covered by permanent structures has been established, or equivalent permanent stabilization measures (such as the use of riprap, gabions, or geotextiles) have been employed.

Where to File *NOT* Form

Send this form to the following address:

**Salt Lake City Public Utilities
1530 S. West Temple
Salt Lake City, Utah 84115
ATTN: Greg Archuleta**

Completing the Form

Type or print in black ink on the form, except in the signature block. If you have any questions about this form, call Salt Lake City Public Utilities Storm Water Division, 483-6821.

SECTION I – PERMIT INFORMATION

Enter the existing Storm Water Permit number assigned by the City to the facility or site identified in Section III. If you do not know the permit number, contact Salt Lake City Public Utilities Storm Water Division, 483-6821. Indicate your reason for submitting this *Notice of Termination (NOT)* by checking the appropriate box. If there has been a change of operator and you are no longer the operator of the facility or site identified in Section III, check the corresponding box. If all storm water discharges at the facility or site identified in Section III have been terminated, check the corresponding box.

SECTION II – FACILITY OPERATOR INFORMATION

There may be more than one operator for a construction project. This form must be filled out and submitted by each of the operators listed on the *Notice of Intent (NOI)* submitted for receiving coverage under this permit. In this section give the legal name of the person, firm, public organization, or any other entity that is filed as an operator at the facility or site that desires to terminate coverage. The name of the operator may or may not be the same name as the facility.

The operator of the facility is the legal entity which controls the facility's operation (referring to operation of construction activity) or a portion of it, rather than the plant or site manager of the finished or rehabilitated facility. Do not use a colloquial name. Enter the complete address and telephone number of the operator.

SECTION III – FACILITY /SITE LOCATION INFORMATION

Enter the facility's or site's official or legal name and complete address, including city, state and ZIP code and the latitude and longitude of the facility to the nearest 15 seconds of the approximate center of the site. It is preferred that the location address be the same as that which the site used in the submission of the *NOI*.

SECTION IV – CERTIFICATION

State statutes provide for severe penalties for submitting false information on this application form. State regulations require this application to be signed as follows: *For a corporation:* by a responsible corporate officer, which means: (i) president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision making functions, or (ii) the manager of one or more manufacturing, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25 million (in second-quarter 2007 dollars), if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures; *For a partnership or sole proprietorship:* by a general partner or the proprietor, respectively; or *For a municipality, State, Federal, or other public facility:* by either a principal executive officer or ranking elected official.

SECTION V – VERIFICATION OF PROJECT COMPLETION

Verification of the post construction storm water facilities by the Engineer of Record will be required to qualify the parcel for credit for mitigation on storm water service charge. This form must accompany the application for service charge credit when made to the *Director* by the person owning the parcel or his agent.
