Customer Delivery/Pickup

- Rain barrels will be made available for pickup at regularly scheduled times (such as lunch hour or by appointment); contact Stephanie
- Arrangements may be made to have barrels delivered under conditions approved by Stephanie, though installation will remain the responsibility of the customer.

End of Season

Should barrels be remaining at the end of the irrigation season, we will consider making the barrels available for purchase by any service area household.

Conservation Master Plan Synergies

The Rain Barrel Initiative correlates to 17 Water Conservation Program Initiatives articulated in the 2014 Water Conservation Master Plan.
