

SHAPE YOUR NEIGHBORHOOD!

CENTRAL COMMUNITY PLAN | SURVEY FORM

Salt Lake City is starting the process to update the Central Community Plan, which was last updated in 2005. Whether you're interested in parks, housing, transportation, or community services, your feedback will play a key role in creating a plan that reflects the needs and values of everyone in our community.

WHAT IS A COMMUNITY PLAN?

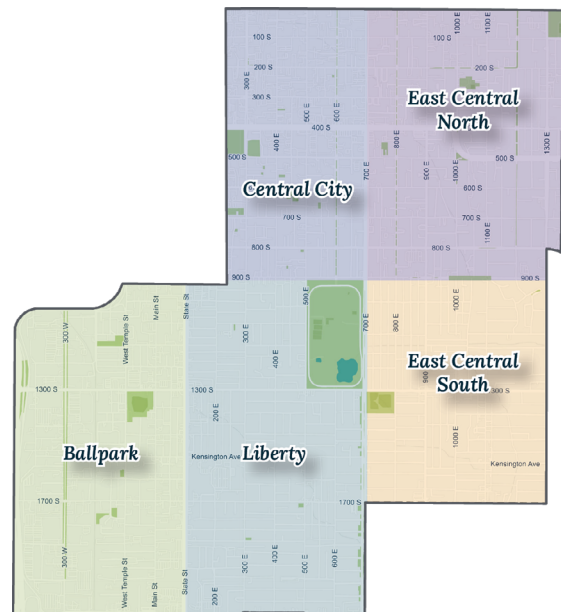

Community Plans help shape how a community should look, feel, and function in the future. While the City's General Plan, [Plan Salt Lake](#), sets the big-picture vision, Community Plans focus on the local details: what makes each area unique and how it should grow and change to support that citywide vision.

These plans aren't laws or zoning rules. They serve as a roadmap to guide future decisions about growth, development, and community priorities.
