Scheduling an Inspection

- All inspections must be scheduled before 3 PM the prior day.

Online slcpermits.com

- From the website, click on the "Schedule Inspection" button
- Make sure you are registered for a citizen access account
- Under the "Building" tab, click on "Schedule an Inspection"
- Enter the BLD permit number and click "Submit"
- You can now schedule your inspection
- To view the results of an inspection from within the citizens access site, under the "Building" tab select "Check / Research Permits"; or from www.slcpermits.com, click "Research Existing Permits"
- If additional assistance is needed please refer to the online guide "Contractor Inspection Scheduling" found at <https://aca.slcgov.com/citizen/Login.aspx>

Phone 801-535-6000

- After dialing the main number, press "2" in the main menu. You will then be given three options:
 - "1" Schedule an inspection
 - "2" Cancel / reschedule an inspection
 - "3" Obtain inspection results
- Your BLD permit code, 3 digit inspection code, and a point-of-contact phone number (on-site phone) will be needed to complete the scheduling.

Inspection codes

Use these 3 digit codes to schedule inspections
