

GREETINGS DISTRICT SIX,

Happy spring! I look forward to all the activities and events coming up this season. Remember to support our local economy and community by visiting nearby businesses.

Please also remember to be considerate and use caution while sharing our roads with pedestrians, cyclists, and drivers. Learn more about how you can help keep our roads safe below.

Finally, with the City's Fiscal Year Budget season coming up, I encourage you to stay involved! It is important to make your voice heard, and I am always willing to listen. Please share your thoughts and ideas by joining a City Council meeting, attending one of my monthly Discussion with Dugan events, or contacting me directly. I look forward to hearing from you.

Best regards,

Dan Dugan
Council Member, District 6

#SHOPSLC

SUPPORT LOCAL

Local businesses are essential to the growth and strength of our City.

When we choose to spend our money at local shops and services, we are not only supporting the local economy but also investing in our community.

Local businesses:

- Offer unique products & services that cannot be found in larger chain stores
- Provide jobs for neighbors and gathering places for the community
- Contribute to local causes and the overall well-being of the community
- Reduce our carbon footprint with local products that do not require long-distance transportation
- Reinvest tax dollars to provide essential services such as first responders, schools, parks, and roads

Next time you need to buy a good or service, consider shopping local to help our community thrive. The City's Economic Development Director, Lorena Riffo-Jenson, and I shop locally. [Scan the QR code to see why ➡](#)

IT TAKES EVERYONE TO KEEP OUR COMMUNITY SAFE

TRAFFIC CALMING & FOCUSED DRIVING

To minimize automobile crashes, we must all be consciously present and focused while driving.

Here are some things the City is working on to prioritize safety on our streets:

- Dedicating four new staff members in the Transportation Division to focus on speeding, traffic safety, and the **Livable Streets Program**
- Installing traffic calming tools to deter speeding like speed bumps and bump-outs
- Improving crosswalks including installation of flashing crosswalk signs and mid-street crosswalk signs
- Joining the Vision Zero network with the goal of eliminating traffic fatalities and serious injuries while focusing on safe and equitable mobility

In addition to the City's efforts, here are some things you can do to prevent distracted driving and help keep our roads safe:

- Plan out your route and check traffic conditions ahead of time.
- Avoid multitasking while driving. No eating, texting, or grooming.
- Keep items and passengers secure.
- Keep music at a reasonable level.
- Avoid driving when tired or drowsy.
- Keep windows and windshields clean for best visibility.

To learn more about the City's efforts, please visit the Transportation Division's website:

www.slc.gov/transportation.

REFRESH WITH SOME SPRING CLEANING

Many of us are eager to freshen up our homes now that spring has arrived.

Here are a few safety tips for the spring-cleaning season:

Happy cleaning!

When using a ladder to clean hard-to-reach places, be sure the ladder has at least three points of contact for stability and is long enough so that you do not need to use the top step.

If cleaning out your rain gutter is on your to-do list, use a proper scooping tool and protection, including thick gloves and safety glasses, to keep you safe from bacteria.

If your trees need trimming, consider wearing gloves to protect your hands from cuts, boots to help maintain firm footing, and to be conscious and careful when using pruners and other sharp objects.

When cleaning with chemicals, remember to always read and follow the directions noted on the product, wear rubber gloves, and never mix cleaning solutions.

STAY INVOLVED

Salt Lake City Council meetings are open to the public, and I encourage you to come and participate! Council meetings are held in person with the option to join virtually. Visit **www.slc.gov/council/agendas** to view the annual meeting schedule, meeting agendas, and to learn how you can participate. You may also share your comments and concerns with the Council by emailing **council.comments@slcgov.com** or calling our 24-hour comment line at 801-535-7654.

As your Council Member, I rely on hearing your feedback and perspective to help frame my thoughts. Please do not hesitate to reach out to me directly at

Dan.Dugan@slcgov.com or 801-535-7784.
