Re: Withdrawal of June 14, 2021 Sugar House SAA Request

Dear Director:

On behalf of the Sugar House Community Council and the Sugar House Chamber and Community Alliance, we are writing to formally retract our June 14, 2021 letter requesting that Salt Lake City explore the creation of a Special Assessment Area (SAA) in the Sugar House business district.

We withdraw that request in its entirety. Please consider the June 14, 2021 letter rescinded and no longer rely upon it as an expression of support or authorization from either organization to pursue an SAA.

We remain committed to a vibrant and successful Sugar House business district and look forward to continuing to work with the City on efforts that support our businesses, residents, and community.

Respectfully,

Landon Clark
