5/10/2023 12:58	Jennay Pound	DUI	Hello, I am writing to relay my complete and utter disgust over hearing about a council member receiving a DUI. It is unacceptable and irresponsible. In this day and age we have so many other options than to get behind the wheel while intoxicated. I hope this council member is as embarrassed and ashamed of herself as I and countless other constituents must be right now. A grown woman?? I am disgusted. It would be my vote that this person resign immediately and get the help they need before trying to "earn trust back". The only way I can see that happening is rehab and then see if you can get re-elected. Again, this news DISGUSTS and HORRIFIES me. Complete disregard for anyone else's safety. She should be ASHAMED. Thank you, Jennifer Pound
5/10/2023 13:00	Jim Forbes	From a constituent	Amy Fowler cannot possibly "take responsibility" for her dangerous, criminal actions without immediately resigning. It is essential! -- ~Jim
5/10/2023 13:02	Levi Thatcher	Please Resign	. Hi Amy, I appreciate all you've done for the city, but you should resign. D7 needs someone they can trust and it appears you need time to work on your personal issues. Best Levi
5/10/2023 13:05	Kristine Evans	Amy Fowler needs to resign immediately	Dear Ms. Fowler, I live in District 7 and I am a constituent. I think that you need to resign from your position on the city council immediately. Things aren't looking good for you. I am sorry you're having a difficult time but you really need to resign from office and get yourself checked into a rehabilitation facility. In the meantime, what is best for the city is to find someone more suitable to represent District 7 on the council, and more importantly to keep drunk drivers off of our roads. How could you possibly think that you can represent District 7 now?? It sounds like the booze is talking. You must know better; one can only hope. Please resign and don't cause any more trouble. I wish you the best in your treatment. Sincerely, Registered voter and constituent, Kristine Evans SLC, UT
5/10/2023 14:45	Mary LeGuyader	Demanding your resignation	Dear Councilwoman Amy Fowler, I am your constituent, and I am concerned after reading a recent SL Tribune article about your actions regarding a DUI charge. This is unconscionable behavior. Your actions not only put your life at risk, but also showed reckless disregard for the community you represent. It is unacceptable that you, Councilwoman Fowler, plan to keep your position on the SL City Council representing District 7 after such egregious behavior. I demand your resignation effective immediately so that I and my fellow citizens of District 7 have the opportunity to be represented by an ethical, law-abiding individual. I hope you get the help and treatment you need to recover from this episode. If you truly wish to earn the trust of your constituents trust back, I encourage you to resign and focus on your recovery. Perhaps you could seek office at a future date when you can demonstrate how you have addressed your poor decision making and have dealt with the legal ramifications of your actions. Sincerely, Mary LeGuyader
5/10/2023 14:58	Doug Park	Proposed Public Utility Rate Hike	Salt Lake City Council, I am a home owner and resident of Salt Lake City for 18 years. Year after year the mayor and city council raise taxes and propose rate hikes to our utilities. Salt Lake City currently has some of the highest rates and there does not seem to be an end in sight. It is the job of our mayor and city council to use public funds with fiscal responsibility. You are required to make hard decisions and use the limited tax dollars responsibly rather than continually asking the citizens of the city to foot the bill. My taxes and utility fees continue to go up nearly every year. However, my services don't ever seem to keep pace. It took over 9 months for the department of urban forestry to be available to prune my tree that sits on my parking strip. The road I live on is abysmal. Taxes are continually claimed in the name of fixing the roads of the city. We seem to have no shortage or new bike lanes yet simple neighborhood roads have been long neglected. I foresee the same continued neglect of fiscal responsibility from our mayor and city council. I have and will continue to respond with my vote as limited as that impact may be. I ask that as all households have had to do, tighten your belt. Remember where these funds come from. They are from the hard earned paychecks of the citizens of this city.

5/10/2023 15:01	NeedsFirstName NeedsLastName	Praying for you, Amy	I just found out about the story, with regard to a hit-and-run you were involved in. Please know that everyone is praying for you; I am praying for you. I love Salt Lake, and want you to know that you're among friends. I live in Los Angeles, but also love being in SLC. I hope to visit shortly; y'all have been good to me.
5/10/2023 15:04	Phillip Swanson	Resign	Dear Council Member, I'm saddened to learn of your decision to drive while intoxicated and flee from a motor vehicle accident. Given your profession and legal specialty, as well as your elected position, you had an extraordinary responsibility to over the law. Your supporters will try to mitigate this offensive behavior by saying "she made a mistake; she's a good person". Good people do not choose to put the lives of others at risk. Good people do not flee the scene when they've broken the law. Resignation is the only option if you hope to regain any semblance of dignity. You have single-handedly strengthened the stereotype of politicians setting themselves as above the law. Phillip Swanson
5/10/2023 15:04	Brody Leven	Water rates	Dear City Council, The water rate increase notice just landed in my mailbox, and it's something I've been dreading because while I know its time we pay the actual cost of water, it's also what I believe to be a misguided toll on water users, even in such dire water conditions. It's misguided for the Council and city to place the burden of our drought on the residents when we have some of the highest golf course water usage and agricultural usage is not only high and inefficient, but exported. Residents like us, meanwhile, are just trying to grow our own food (and, perhaps like us, doing so without having a green lawn at all). We homestead on our small lot of land, and our water bills are frequently over \$300 throughout the summer. That is water used entirely to irrigate crops, that feed our family and and neighbors, with water-efficient drip irrigation systems. Residents like us will feel the water rate increase far greater than the biggest culprits. We clearly have a severe drought and water issue that needs imminent and direction action and I'm very glad the council is tackling it. I think directing that attention toward residents is misguided at this juncture, and should instead should be pointed toward a group who consumes water at a much higher rate. I also believe residents should share some of the burden, including paying the *actual* cost of water. But doing this in a way that hits the average person's wallet should occur after and only after (who I've been told are) the largest users are rightfully targeted. Thank you,
5/10/2023 15:06	Daniel Zigar	DUI and Hit And Run - STEP DOWN!	Amy, I'm writing to you to demand that you step down from your position as council person. You are lucky you didnt kill someone. As representative of the people and someone who creates laws, policy and is supposed to represent District 7, you have utterly failed in this position and are a disappointment to everyone you represent. Do what's right, take the penalty for your crime of hit-and-run and step down now. I live in district 5 right on the border just beyond 17th South so you're representing my neighbors. You're a disgrace to the post, and with your level of education and experience, you damn well better know better. STEP DOWN! Daniel Zigar

5/10/2023 15:20	Kathleen Dibble	Please resign	Ms. Fowler, The fact that you are an attorney and deal with DUI cases and were driving in the morning with a blood alcohol level so high shows that you have a serious problem with drinking. The fact that you did not injure anyone is a miracle. I have had my life changed by my former husband whose drinking almost cost me the lives of my two children. This was after years of couples and family counseling as a result of his drinking. He was driving drunk in the morning with them and thankfully was pulled over by a highway patrol officer. When that happened I realized that divorce was the only way to protect my children. As I suspected, he never did stop drinking—30 years after our divorce, he recently died after years on dialysis, having had both legs amputated from diabetes caused by his alcoholism. Please resign—your example is poor and you need to take steps to turn your life around or you may find you wind up like my ex. Sincerely, Kathleen Dibble
5/10/2023 15:36	Ryan Palmer	Resignation	. Good morning, As a resident of Salt Lake City, I am appalled by your actions last week. I call on your immediate resignation. Someone representing the great city of Salt Lake City should be a better example.

5/10/2023 3:39 PM	Shannon Arnold	Question/D7	Dear Ms. Fowler, I know you must be getting flooded with emails and calls. I recently became aware of your DUI arrest. I do hope that you will listen to your community and resign. I also hope that you will take care of yourself. I think the most important thing that can come out of this for everyone involved, the community, yourself and family is what you do next. Please reflect on how you can empower yourself and the community you have served. Sincerely, Shannon Arnold
5/10/2023 3:42 PM	Kim Selzman	Please resign	Ms. Fowler Please resign. For your community and for you. Drunk drivers have no business representing the people of SLC. You know its best and the right thing to do. Kim Selzman

5/10/2023 3:48 PM	Andrew Madsen	Message from Constituent	Dear Rep. Fowler, My name is Andrew Madsen, and I'm one of your constituents in District 7. I happily voted for you and was pleased that you won. In light of your arrest for DUI, and despite your apology, I'd like to respectfully but firmly demand that you resign your position. Your constituents, myself included, deserve a representative who behaves with integrity. Driving under the influence is a serious crime, and one that puts innocent people at risk of injury and death. It is not a minor mistake, nor one that should be glossed over or taken lightly. You have entirely lost my trust, and if you don't resign I can assure you I will actively work against your re-election in 2025. Despite my demand for you to resign, I wish you the best in your personal life, and hope you're able to move on from this incident, just not in a privileged position as one of our government representatives. Thank you, Andrew Madsen

5/10/2023 15:53	Lore Steel	Eye Opening Hit and Run Case	The news about you lately has been eye opening to me as well. As an SLC constituent of yours I request that you publicly resign for your actions. You need help. This is a position for someone ready to work, not a position of charity for an addict with poor decision making skills that needs help. You drove all the way to Springville, DRUNK, AFTER a hit and run? Where is your shame? WHERE is your respect for the position? If you respected public office positions at all you would do the decent thing and walk away from this position while you sober up and get help. Resign. Please. This is not a second chance situation. Run for election again if you think your still electable.
5/10/2023 15:55	Matt Brahm	Resign	If anyone else committed a hit and run and got a DUI, they'd be fired. If a Republican politician did it, you'd demand they resign.

5/11/2023 9:18	Steven Vargo	Parks Suggestion	Hello, I am a home owner near Liberty Park and the space is like a second backyard for us. I love exercise and run at the park often. One thing that's missing is an exercise area for adults. I frequent Bennion elementary after school hours to use their calisthenics park but think it would be an excellent addition for Liberty Park. Places such as Denver & LA have fun parks for people of all ages, centered around balance, strength and fun. Building a strong, capable community is important to me and this addition could send a positive message. Please do consider adding some more fun to the park or something near 9th & 9th for everyone! Thank you for your consideration
5/11/2023 11:21	Paul Hunter	Message from Paul Hunter	Transcription: Good evening Amy, I just read about you, well actually I've read about this before. You got the DUI, The BAC level in Utah is so low that uh, I have discovered, I have a beer every now and again, but I have just decided that I am not going to drive no matter what. I will take a cab or whatever, I mean .05% is, I bought a BAC tester for myself just to see what it did and just one beer just almost pushed me over the top and I said "wow" so having a .111 I mean you probably maybe could have had 1-1.5 beers or 1.5 drinks. That's not even enough to make you tipsy at all. And people are gonna make a big deal about it, course it is Utah. But uh, I wouldn't worry too much about it. You are doin hell of a good job and I uh I appreciate you takin the time to uh help support our government so... anyway Uh try not to worry about it too much and just see what happens. I think it is gonna be ok. This is Paul Hunter my number is 801-486-2588 I do not expect a phone call back I just wanted to let you know that I support you 100% OK? Bye Bye
5/11/2023 11:52	Devin Zander	Message from Jason Zander	TRANSCRIPTION: Hi Amy My name is Devin Zander and I am a resident of district 7. Umm and I just wanted to reach out and let you know that you should resign. Um I don't think you are fit for public service especially when you are so irresponsible. And quite frankly put your own people at risk every day. And I don't think you should be making decisions especially related to our street design in the city I mean you can't even follow the laws yourself so please use this time to reflect and I really really don't want you in the city council building city county building anymore. Please resign. Thank you.
5/11/2023 12:22	Peter H Harrison	CM Fowler/D5	. Mr. Mano - You are my representative, I live in District 5. I was formerly on the ELPCO Board. I am writing to you in regards to Amy Fowler. I don't think it is appropriate that she remain on the City Council and I don't think that the Council's Statement is adequate. Ms. Fowler committed a hit and run in Murray, and then drove to Springville with a blood alcohol level double the legal limit, at 10 in the morning. This is truly abhorrent behavior, the type of action that could have killed someone. I'm sure that Ms. Fowler is a good person, I'm not judging her on a personal level however, to be in a prominent role of public service requires better behavior. One of the truly frustrating things about politics is tribalism. The MAGA movement bends over backwards to defend Trump and his unbecoming behavior. Right is right and wrong is wrong, regardless of party and ideological affiliation. Ms. Fowler needs to resign and as my representative I would ask that you stand up for what is right and publicly request that she resign. If we don't have the political courage to act on these types of matters are we really behaving any differently than the MAGA crowd? Peter H. Harrison Attorney

5/11/2023 12:24	Chloe Barry	Supporting SLC Arts Council	<p>Dear Darin Mano, On behalf of all the artists who participated in Air Bird, we would like to thank you for supporting the Salt Lake Arts Council. The Salt Lake Arts Council's Project Support grant allowed our team of 22 artists to produce an independent, completely original show of dance, music, and theater in Salt Lake City. Your support also allowed us to provide this show to the Salt Lake Community at a low price and also offer free and discounted tickets to viewers experiencing financial need. Nearly 40% of our audience members were able to receive a discounted ticket because of your support. We were able to reach 180 audience members in total, and completely sell out for the entire three-night run of our show. Your support also allowed us to pay our performers, which is difficult to do with independent shows in the performing arts field.</p> <p>We were able to bring the Salt Lake City performing arts community closer together through this interdisciplinary show by providing an opportunity for artists of different disciplines to network and collaborate together. Finally, your support allowed us to produce a show that celebrates the diversity of our Salt Lake Community. We would like to thank you again for your support of the Salt Lake Arts Council and the Salt Lake arts community. Sincerely, The creative directors of Air Bird: Chloe Barry, Brienne Corbridge, Michael Palmer, and Nikita Rabbitt</p>
5/11/2023 12:31	Nick Carpenter	Let's Do Our Part/D5	<p>Hello! I am a passionate birdwatcher here in SLC and would like to bring your attention to the Lights Out program, which can benefit birds and also save our building energy and money. Every year, billions of birds migrate north in the spring and south in the fall, often flying at night—navigating with the night sky. However, bright artificial lights and sky glow from big cities can disorient them, causing them to collide with buildings or windows. This confusion and exhaustion can lead to vulnerability to other urban threats. Dozens of species, including priority species such as the Allen's Hummingbird, Wood Thrush, and Golden-winged Warbler, are affected by this problem. Fortunately, a simple act of turning off lights can help birds navigate our environment and protect them from unnecessary harm. The Audubon's Lights Out program is a national effort to reduce this problem, and participating in this program can make a significant difference. For example, in a landmark study conducted by the Field Museum in Chicago, turning off lights in one building reduced the number of birds killed there by over 80 percent. I urge you to participate in Lights Out by turning off unnecessary lighting, putting necessary lighting on timers or using motion sensors, making sure external lighting is down shielded, and dimming or extinguishing lobby or atrium lighting, particularly between the hours of midnight and sunrise and during spring and fall migration periods (April/May and September/October). In addition to helping birds, these efforts have the additional benefits of reducing energy usage and saving money. Thank you for considering this request. If you can make these simple changes in your building or buildings, you can truly have a positive impact on the birds that share our community. For more information—Tracy Aviary is one of Audubon's local Lights Out collaborators. Sincerely, Nick Carpenter</p>

5/11/2023 12:44	Brig Dunsmore	Choice and Consequences	Dear Ms. Fowler, I am disappointed to hear of your recent choices related to driving intoxicated, causing and leaving an accident and your decision to remain on the city council. You've apologized for your behavior, but I struggle to believe you're sincere, particularly when you're determined to maintain your seat. You are correct in saying that you've lost public trust. As your constituent I want to be represented by someone who shows more self-control, insight and accountability. I would ask that you please resign your seat on the city council, go get some help and get your life in order. Then come back and see where life takes you. All the best. Brig Dunsmore
5/11/2023 12:46	Allen Sanderson	Please Step Aside	Ms. Fowler, As a Salt Lake City resident I am respectfully asking you to please step aside. The recent DUI incident shows an incredible amount of lapse in judgement. It is not the DUI but the totality of the incident: 1. Inebriated at 10am in the morning 2. Inebriated on a weekday morning 3. Causing an accident 4. Fleeing an accident 5. Refusing a field sobriety test 6. A blood alcohol level of 0.111 The DUI is only the culmination of the incident which indicates a more serious underlying issue that needs to be addressed. At this point there is no trust to regain. Temporarily stepping aside is not acceptable. Please step aside and get the necessary help needed. Allen Sanderson
5/11/2023 12:48	Kristine Evans	City Council District 7	Dear Ms. Fowler, I live in District 7 in the Westminster area and I am a constituent. 5/11/2023 16:47	Matthew Radcliffe	Sign and speeders	Hi, I was wondering how I can acquire a sign that says "kids and dogs play here". I'm right on 1300 south and even though the speed limit is 20mph, people race down it every day. There's a silver Nissan 350Z that has the loudest exhaust, probably over the decibel limit. I've lived on this street for over a year and I have never seen one cop pull anyone over for speeding. Also, wondering if it is okay to update the paint on the fire hydrant, the red and yellow paint are very faded. Stay with the same yellow and red of course. Just wonder if that's something I can do or request that someone do it? Thank you for your time, Matthew
5/11/2023 17:30	Anonymous Constituent	City Budget and Taxes	Instead if increasing the taxes 15% year-over-year on already struggling community and city, how about striving for long-term and lasting change to tax revenue to make life better for residents not harder. Taking Colorado as an example: - Legalize the Lottery: At the end of its fiscal year 2021 revenue coming in at \$794.9 million. That's 21% higher than fiscal year 2020. It's voter based beneficiaries went up this fiscal year by 19% to \$169.4 million. - Legalize Marijuana: Medical is a good first step. collected a total of just over \$325.1 million in marijuana taxes and business fees in 2022, DOR data shows, down about 23.3 percent from 2021, when nearly \$423.5 million was collected. That's potentially half a billion in "lost" tax revenue (or taxes to other states) because Utah's outdated regulations and state ties to "The Church". The market for both is probably bigger than Colorado since it has been banned for so long. Prohibition doesn't work, time to get with the program and bring Utah into the 21st century.
5/12/2023 8:12	Michael Davie	Please Resign	Hi Ms. Fowler, I actually live in District 4, but wanted to add my voice to those who want you to resign. Arrest for DUI is shameful for anyone, but is especially dumb for someone who is supposed to be a trusted leader like you. That trust has been lost and while rebuilding that is possible as you say you want to do, it shouldn't be something you spend time on while you're supposed to be doing actual city council work. Also, and more importantly, please don't drink and drive anymore. I don't want you or anyone else to get hurt or killed doing something so idiotic and selfish. Thanks for listening, Mike Davie
5/12/2023 8:14	Ginger Chinn	Sending Support and Encouragement	Dear Amy, I am writing this email to express my support and encouragement during this challenging time. I was sorry to read the recent news, and I hope that you are doing well. I can imagine that this experience has been difficult for you, and you may be feeling a range of emotions. I want you to know that everyone makes mistakes, and this does not define who you are as a person or as a council member. I believe that you have worked hard to serve our community, and I hope that you can overcome this hurdle and continue to serve with distinction. It takes a lot of courage to take responsibility for our actions and learn from our mistakes. I want you to know that you are not alone and that there are people who support you. We all have moments in our lives where we make poor decisions, but what's important is how we react to those decisions. I admire how you are using this experience as an opportunity to reflect, learn, and grow as a person. I understand that this may be a temporary setback, but I am confident that you will bounce back stronger and continue to serve our community with the same passion and dedication as before. Thank you for your service to our community, and I wish you all the best as you navigate through this difficult time. Sincerely, Ginger Chinn
5/12/2023 8:27	John Thomson	Continued government service	You are clearly an alcoholic and a danger to the public. I did not hear an apology to the public whose lives you put at risk. Please resign and get the help you need to become a responsible member of society again. As an elected city official this is not a personal matter but a public issue. John Thomson
5/12/2023 8:29	Susann Lowe	DUI	Please do the right thing for the community you represent AND for yourself and turn in your resignation. Thank you.
5/12/2023 8:31	Tim Funk	Heads Up!	Hello Amy, Just a quick word to let you know we are pulling for you. Life isn't easy and public life more so. Know we are glad you are there, the community needs more, not less, of what you do. Hope and pray you are OK. Best regards. Tim Funk Crossroads Urban Center

5/12/2023 8:34	Robert Leinbach	Your Responsibility	Let's be brief: You got drunk. You caused an accident. You left the scene. You lied to the police. You refused a breath test. You were found to have at least double the limit of alcohol in your blood. You have stated you will not resign but will rebuild trust. Here's what you should do now: resign. You cannot "rebuild" trust after the serious mistakes you made and lying you have done. You got off with a low bail (elitest). Anyone who has done what you have done does not deserve to be the representative of the voters. Please leave! Robert and Roseann Leinbach
5/12/2023 8:38	Mitchell STOKER KIRKHAM	Call for Resignation of Amy Fowler	Salt Lake City Leaders, I remember vividly the night when I ran from my apartment to the scene of a crash 200 feet from my apartment in which a young boy on a bicycle lost his life to a distracted driver. I arrived moments before police and fire paramedics, and watched as they quickly realized the broken and battered body was beyond saving. I listened as his mother cried out into the night. This crash occurred just footsteps away from the home of Chris, a local man who lost his pregnant wife, unborn child, and two other children to a drunk driver who killed all occupants of Chris's car except himself and his badly injured son. Chris lost his family on 2000 East, which is part of SLC Council District 7. I am appalled to learn of the allegations and evidence against Councilwoman Fowler. Drunk driving, fleeing from the scene of a crash, and doing all of this at 11 am during the day when many are commuting is unfathomable from a public servant. Driving drunk, resulting in a hit and run crash and lying to the police when pulled over miles away is unbecoming of the Salt Lake City council. This does not happen accidentally and likely is not the first time Councilwoman Fowler has driven drunk. I am disturbed by the messaging coming from the council, which to residents such as myself sounds like you are sweeping this under the rug. I rely on my mayor and city council to keep me safe, not protect people who are a danger to the community and through decisions like this could have easily killed a member of our communities. I call on Councilwoman Fowler to resign immediately. Additionally, I call on the city council to use a vote of no confidence or similar mechanism to expel Councilwoman Fowler from the council, should she not resign promptly. I believe that people can change and seek to rectify wrongs but these actions are unbecoming of our city's council and there are many other citizens who can continue the work without driving drunk on 11 am on a weekday. We must have a zero tolerance policy for major breaches of public trust such as this and show our city that we truly stand for safety and not protecting our friends despite public outcry. Respectfully Mitch Kirkham Salt Lake City Resident (I am re-sending this email because my email client notified me of a sending issue with a similar message previously, please excuse the double email if the other one did, in fact, work)
5/12/2023 9:56	Annie Meltzer Christensen	You need to resign	Dear Amy, I am a resident of Glen Arbor Street, whose house was affected in the recent Emigration Creek flooding event. I was grateful for your recent dedication to public safety when we saw you at the sandbagging event, but now I know that that was just for the cameras. When the cameras weren't on, you chose to drink and drive, wreck your car, and leave the scene. Your attempt to save face by repudiating your dedication to your position is ridiculous and you should resign in shame. Your lack of accountability shows your constituents that you believe they deserve to be represented by a drunk driver. I do not deserve to be represented by any kind of criminal. Democracy does not work without accountability. Resign. -- Annie Meltzer Christensen
5/12/2023 10:10	Tricia Anklan	District Two - 400S Entry/Exit for I-15S	. Hi Ale, Thank you for the letter welcoming me to the neighborhood. I love it here. There is one thing that's surprised me about district 2 - do you know why the entry/exit ramp to I-15S at 400S is for HOVs only? I realize this is state jurisdiction - but just curious if you have any background on this. I understand and support the use of HOVs on the interstate - but I haven't seen many entry/exit ramps that are HOV only. This causes increased traffic on residential streets and greater air pollution in this district - so I would appreciate any information on why this setup exists before I reach out to the state. Thank you - and thanks for your work serving district 2. Tricia

5/12/2023 10:15	Robin Patfield	I got a DUI too	Hi Amy, I just wanted to reach out and offer some warmth and compassion today. We have met a couple of times. I am Martin Ritter's Executive Assistant and also David Everitt's sister. In 2017, almost 6 years ago, I got a DUI and it was so embarrassing and also humbling for me. It was my rock bottom in a lot of ways and I have been rebuilding my life since. I admire your apology and your courage you are displaying and I wanted to let you know I know how you're feeling right now. No need to respond but if you ever want to chat or need some encouragement, I'm happy to chat. All my best, Robin

5/12/2023 14:04	John Mazurowski		Voicemail: I would like to comment on what is happening in the Rio Grande. The situation with the Catholic resources down here on 200 South, between 5th and 4th West, is becoming completely intolerable. There are tents on the sidewalk blocking ADA access which is a huge and serious issue. The homeless shelter shenanigan's are spilling over into our building . As someone who sits on the HOA board and oversees more than 70 units, I was informed today that we have reached over \$50,000 in aquired damages directly related to the crime that comes from the residents at that shelter. Not to mention the bodies, the drugs, the bile, the violence, the screaming, the trespassing, the lude behavior and conduct and everything that comes with this population. We can't take it anymore and it has become too expensive. We are partnering with other HOA's in the area to come up with a solution. But if we do not have some sort of agreement with the City Council or police, we need to come up with some sort of agreement. It costs too much each month to get broken windows and vadalism fixed. We would like to work together with you on this. We have very expensive units in our buildings, some worth more than a million dollars. We pay high taxes, so lets talk.We need a better solution. We would like to see law enforcement forcing the laws. Loitering, drug dealing, deflication in public, public exposure, no camping or open fires. Please someone reach out to me on this. We are unhappy and it seems no one once to help with the homeless issues.

5/12/2023 14:11	Jade McDowell	The council's acceptance of drunken driving	<p>To the Salt Lake City Council, I was deeply disturbed by the statement put out by the council regarding councilwoman Amy Fowler's recent DUI arrest. To recap: According to police statements which she hasn't refuted, she was driving at more than twice the legal limit at 11 a.m. on a weekday, was involved in a crash, drove away (for many miles), and when police found her visibly impaired, lied to them about having used alcohol. All of this, in apparently every single council member's estimation, is nothing more than a simple "mistake" that shouldn't disqualify Councilwoman Fowler from the privilege of representing Salt Lake City and making important decisions for the city. The message is clear: this level of poor judgment is a level of judgment openly welcome on the council. The line in the public statement that "as the City Council, we consider the safety and well-being of the public our utmost priority" is nonsensical and blatantly false. If that statement were true, the council would—at the very barest minimum humanly possible—have reacted to one of its members endangering the lives of its constituents by saying something in its official statement directly against drunken driving, a serious crime that kills and maims thousands of Americans per year. Instead, the message was one of acceptance—that in Salt Lake City, getting behind the wheel while impaired is nothing more than an understandable error that happens to the best of us. Council members either don't understand how this episode has destroyed the entire council's credibility or don't care. Either option is very concerning to me as an SLC resident, and I hope if Councilwoman Fowler doesn't do the honorable thing and resign, the rest of you come to your senses about how you're reacting. Sincerely, Jade McDowell</p>
5/12/2023 14:13	Sonja Heuscher	Sugarhouse Park	<p>Less road in Sugarhouse Park. The city could get rid of the section of road that wraps around the west side of the pond and below the sled hill, but keep the parking lots and roads going to those parking lots. This might be a good compromise to keep access but get rid of some pavement. -Sonja Heuscher, SLC resident</p>
5/12/2023 14:15	Jason Marshall	City Budget Priorities	<p>Dear City Council: In response to the flyer calling for input on city budget priorities I recently received, I'd like to offer the following. First, please put more money toward SLC Public Works to fix the roads in the Sugar House neighborhood. There are numerous potholes in need of filling following this harsh winter season. Some of these potholes are bona fide wheel-benders. Second, please plus up SLC Police Department funding to enforce public camping ordinances in and around Sugar House Park. The homeless population squatting in and around the park is ruining the use and enjoyment of the park for the law-abiding, hard-working, tax-paying public that makes that park possible. I thank you for your time in reading this e-mail. Respectfully, Jason Marshall Resident and Voter Sugar House Neighborhood</p>
5/12/2023 14:18	Katey Grubisa	Liberty park Homelessness	<p>Hello, My husband and I operate a business at REDACTED, there are 2 other business on this corner(tradition restaurant and beans and brews). What is Salt Lake City's plan to deal with homelessness around business? How are we supposed to operate a business, where we sell food nonetheless, where we are constantly dealing with homeless sleeping on the lawn, our patios, defecating on our property.....on and on. We've called police no less than 6 times, added no trespassing signs etc. How are we supposed to continue to operate a business in these condition? Please see video where people have set up air mattresses right where our customers park! The duo of homelessness and construction in this area is enough to make a business close up shop! 5/12/2023 15:06	Marla Merrill		Dear City Council, I will be out of town for the hearing, so just wanted you to know... I'm concerned about the proposal to raise the cost of water and sewer to fund the infrastructure. With the current water/sewer cost, the infrastructure should be in great shape! If not, then maybe this money has been going elsewhere? Raising the cost of water will raise the cost of affordable housing. Landlords will have no choice, but to pass that cost onto their tenants. When you raise the cost of water, many people will not be able to afford to water their trees. Our trees are a huge benefit to our community. I vote "no" on the proposed water rate hike. Thank you, Marla Merrill

5/15/2023 8:54	Melissa Bell	Resignation	Hi Ms. Fowler, My name is Melissa Bell and I live in District 7. You represent me on the city council. I have been following the story of your recent hit and run, DUI and arrest and am very troubled by this behavior. Clearly you have issues in your life you need to work on and I feel badly for you and hope you can get the help you so clearly need. At the same time, this behavior shows that you are a risk to public safety. Being involved in a hit and run in SL, driving all the way to Springville with a blood alcohol level twice the legal limit at 11am is EXTREMELY unsafe behavior. You are very lucky to you didn't kill somebody. Serving in a public office demands a higher standard than this behavior and I am asking for your resignation. The statement you released is completely inappropriate and insufficient for the type of behavior you engaged in. At a time like this we can't get bogged down in partisan politics. I agree with many of your stances but we aren't any better than the MAGA crowd if we don't call out wrong behavior and demand consequences. In this instance the only appropriate thing for you to do is resign. I hope you can make the right decision here and give the city the type of representation we deserve by resigning. I hope you can get the personal help you clearly need. Best, Melissa Bell

5/15/2023 9:02	Courtney Land	Transgender Rights	<p>Voicemail - Good Morning, my name is Courtney Land and I am a citizen in Salt Lake County. Since SLC has decided to be a parent to my child, guess what they are trans, and you decided to overstep my bounds and make parental decisions, that you are my kids parents and I have to meet you. I am free Monday and Tuesdays if you guys want to get together and talk about our kid. Again you took over making medical choices for my kid which makes you the caregiver. I work in medicine and the the HIPPA laws are pretty serious. So right there you gave yourself consent without my consent and can obtain my childs medical records which makes you more of a parent then me. I would love to meet you since we have never met and you are all my kids parent. Again, Monday or Tuesday, give me a call or text me and we can meet, to discuss you paying for my childs needs, again since you are their parent. They have expensive schooling and we are now on lists for out of state for hormone injections. Cause my son is getting more depressed because he missed his injection because of this law so maybe we can have some compensation for that. We can talk about OUR parenting decisions for my son. Since you can make all these decisions without my consent. I will be at the next meeting and you can meet my kids and tell them to their face why he is not allowed to ask questions about his medicine or join sports or so anything. I would love for you to explain that to him because I can't and since you are the more strict parent, you can explain to him why. If anything happens to my son in this transition, as a parent I will 100% hold you accountable as a parent, just a FYI. Maybe you should really think about what you are doing before you go and adopt all the kids in UTAH, cause that is what you just did. I can't wait to see you, I look forward to seeing my sons parents.</p>

5/15/2023 13:25	Robert G Barth	Gross Disturbance of the Peace and the Right to Safety and Security	<p>Council Member Mano and Interested Parties, We are writing to describe a neighborhood incident that occurred Saturday, May 13, 2023: At 1:00 PM on Saturday our neighbors to the west, tenants in a rental house at REDACTED South, were actively setting up for a large party. The set-up included amplified music, drums, and acoustic instruments. We were never informed of this event beforehand. We preemptively contacted the landlord and told him of our objections to amplified music, drums, and apparently an open invitation to a large crowd. The landlord told us that he would contact the tenants and “find out what’s going on.” One of the tenants appeared in our driveway and informed us that they were proceeding with the party but would not activate the amplifiers. He also informed us that he had missed the City’s permitting window for amplified music, which we doubted at the time. The tenant who talked to us was abrupt and hostile. Over the course of the next 10 hours, a rotating group of at least 50 to 75 people circulated and the party became increasingly loud, with attendees in our yard and cars periodically blocking our driveway. Other than the three residents of the house, we had no idea who any of these people were - were they hostile, armed, or intent on property damage? Amplified music, banjos, drums, and other instruments were played at such a loud volume that we were driven from our house at REDACTED South due to the deafening noise. We contacted the Salt Lake City Police Department repeatedly, described this situation, and asked for assistance because we are two elderly gay men who are defenseless against an onslaught of at least 50 thirty year olds.</p> <p>The police finally arrived at 10:30 PM after 5 of our phone calls asking for help, spoke to several party attendees, and left after about 5 minutes. The party resumed, at full volume for another hour and a half, as soon as the police officer drove away. These tenants obviously know that we are old gay men who would be unable to do anything about this party, a gross disturbance of our peace. Because of who we are, it seemed obvious to us that these party-goers assumed we could do nothing to protest or stop the noise. They were apparently right because the police department’s response was ineffective and our repeated complains were entirely ignored. Is there anything more that can be done so that situations like this do not happen in the future? Is there a viable reason the police no longer respond effectively and in a timely manner to these complaints? Does the right to have a loud, disturbing party somehow supersede the right to peace and quiet in one’s own house? Is there anything that the Council Liaison and the Council can do to assure us of equal treatment as citizens of Salt Lake City? Robert Barth Hal Gonzales</p>

5/15/2023 13:38	Casey O'Brien McDonough 1/1	Council Fowler and the City Council Statements about recent Fowler's recent DUI Arrest... Not nearly enough...	<p>Mrs. Mayor and Council Members, I want to thank Councilwoman Fowler for stepping down as the RDA Board Vice Chair. That was the right thing to do and a first small step in rebuilding trust with the constituents in her district and everyone else in our city. I want to also thank the remainder of the council members for their statement regarding Councilwoman Fowlers DUI arrest. I agree that "it is important to recognize that, as humans, Council Members make mistakes and errors." and that we should all make an effort to extend "...compassion and grace to all individuals, including our Council..." members. However, I am not only very disappointed that Mayor Mendenhall has said nothing , but I am completely disheartened that no one has made any substantive statement about driving under the influence and the terrible risks that surround it.</p> <p>Making statements about having an "eye opening experience" that has made one reflect on their "relationship with alcohol" and being clear that "we consider the safety and well-being of the public our utmost priority" are not nearly enough, not by a long shot. Councilwoman Fowler is of course innocent until proven guilty, but it is clear to everyone after reading the numerous news articles about this incident, that there are clear and undisputed facts surrounding the allegations against her. The Councilwoman's statement referencing alcohol is a confirmation in and of itself that she acknowledges at least one of those undisputed facts. That fact would be that that she drew a breath test of 0.111, more than double our legal limit, is enough to make no direct mention by anyone that she was driving under the influence equally irresponsible as driving under the influence. To not talk about that kind of elephant in the room by any of you does nothing to rebuild trust in Councilwoman Fowler, the entire Council, or the mayor. It does a lot to make us question if Councilwoman Fowler is really owning her mistake and if the Council and mayor are taking this issue as seriously as they should by holding her accountable for her actions. If you really want to be clear about how you all feel about driving under the influence, make a statement about the real risks of the all too often horrific outcomes that come from it. A statement that Councilwoman Fowler herself and everyone else that day that came into contact with her were extremely lucky all that occurred was a minor car accident and that no one was injured or killed. Nothing any of you have said so far expresses the true serious nature of what occurred. What Councilwoman Fowler said and the statement from the Council relay to me and many others is that you are all attempting to minimize and downplay the seriousness of what happened. I am thankful nothing more than a minor car accident and her arrest where the result of the choices Councilwoman Fowler made that day. I am thankful no one was hurt, that she wasn't hurt, and that she can deal with whatever issues she has going on as it relates to alcohol or otherwise. It could have so easily had such a more terrible and disastrous outcome.</p>

5/15/2023 13:38	Casey O'Brien McDonough 2/2	CONTINUED!! Council Fowler and the City Council Statements about recent Fowler's recent DUI Arrest... Not nearly enough...	But, the residents of our city heard the statements you made and they wonder if you all really think driving under the influence is a big deal or not. We wonder this because your statements relayed to us that you don't really think it's that serious. With weak statements that minimize what occurred, it feels like you are all holding yourselves to a standard everyone else knows they would not be afforded. I know it will hurt, possibly even be damaging; personally, politically, or otherwise for all of you. But surely, you can't think that minimizing this like you have so far, allegations or not, is the answer or the right thing to do. Isn't the cat, or rather the elephant already out of the bag? Please don't continue to do what we have grown far too used to seeing from our elected leaders. Instead, make statements about the true serious nature of what occurred, bring it out into the open, do not leave it in the shadows. Bring the truth into the light so we can truly and sincerely rebuild the trust and you can reaffirm how serious driving under the influence really is. Right now, it feels far too familiar. It's not just a "mistake" or an "error", minimizing it isn't "compassion" or "grace". You all surely already know we expect more from you, that expectations for you are higher, you are not just another resident of the city, you are our elected leaders. Nothing so far any of you have said has made me feel like something as serious as this is anything but politics as usual, and I can't see how any true rebuilding of trust will come from it. There are many voices calling for resignation and I believe those voices will only grow if Councilwoman Fowler, the City Council, and the mayor continue to minimize what happened, or in the case of the mayor, say nothing at all. Your fellow Salt Lake City resident, Casey O'Brien McDonough Lower Avenues, Salt Lake City
5/15/2023 13:45	Chilton Hawk	Annual budget	I would like to comment on the annual budget. This past year we have had a record snow fall resulting in high runoffs. In past years we have had an earthquake and wind storms. I would like to see an increase in the CERT(Community Emergency Response Team) budget so that we have volunteers trained I to assist with disasters. Chilton Hawk
5/15/2023 15:51	Austin Austin Whitehead	Planned Rezone/D5	Hey Darin, I live on Coatsville on the block of the planned rezone. I just wanted to write to express my support for this rezone. As a neighbor, I'm very excited about the potential of those parcels. Very supportive of new neighbors and commercial space that will add to the community. Thanks, Austin Whitehead
5/16/2023 9:08	Phil Hansen	You all need to step back and re-evaluate	Standing behind Amy Fowler shows me you are ALL making bad judgement. She needs to resign. I would have lost my job if this happened to me.. Amy you cooked your goose and the council and the mayor need to ask for you to step down.. Phil Hansen District 7 PS. You know it would be nice if someone just once responded back to an email. Kind of get the feeling you all ignore us!
5/16/2023 9:09	Jillana Webb	water increase	To Whom it may Concern, It seems that there is a constant water increase . People are really struggling right now so this seems a very inopportune time to be raising rates. Someone seems to be really out of touch with the community here . Additionally,The block system is absolutely unfair to those who purchased homes 20-30 years ago. They are being gouged! We just had a record water year! Why not give the water increases to all the apartment building owners who are bringing in thousands of people to consume water . Possibly maybe a slowdown of growth? Not everyone in the country needs to move to Utah! Leave the residents alone and get the money from the landlords who are prospering from all this building! Thank you!

5/16/2023 11:25	Anonymous Constituent	Voicemail from Kevin Flynn	TRANSCRIPTION: Hello, my name is Kevin Flynn, I am a constituent of yours Amy. I live in uh.. Sugar House and uh... I'm just very disappointed that you uh first of all driving drunk second of all not remaining at the scene of an accident and thirdly lying to uh.. an officer um. I think remaining on the city council is very hypocritical. And that you should step down and ya know get your life in order before you are trying to set an example for others. I do believe that elected representees should be held to a higher standard. You have failed me and the confidence I have placed in you. I think it takes more than just saying you are sorry you have to prove that trust and take accountability for your actions so I just feel strongly that you can best do that by resigning from your office and proving that you are doing something about it by going to a rehab facility or something like that.
5/16/2023 11:40	Denise Landes	Water rate increase	I am wondering why the water rate increase again this year after the one last year. 1. Why has the infrastructure not been being dealt with over time instead of doing it all now, during a time of high inflation? Your costs are higher and my expenses are higher. 2. Why will there be multi-year increases? How many years? How much money? What happens when we can no longer afford to water our yards? 3. Why are we using treated and fluoridated water for our lawns? Since you are changing the infrastructure, why can't you separate the two and lower our costs dramatically, like our relatives in Utah County pay for untreated water for their yards? 4. Did you not get covid relief money for infrastructure? Where was that spent? 5. Do you not get ANY part of the trillions of dollars in infrastructure spending that Biden passed? Where is that going? 6. Why is there a drought surcharge when the drought has been mitigated by the snowpack this year? 7. When will you crack down on governments and corporations who waste endless amounts of water by overwatering, frequent watering, watering during and after rain storms? I see it in my city and neighborhood EVERY summer, and I e-mail them and nothing happens. 8. When your infrastructure project is done, will our rates go back down to previous levels? If not, why not? This is a burden on so many of us to raise rates this much and this often. We follow the Utah Watering Guide pretty well in our home, and are conservative with our use, and we are upper middle class, but the rates we paid last year are becoming unaffordable to us. I don't know what else to do but sell and move somewhere else. I am 100% opposed to this. I am sure you can find the money for these projects elsewhere in your budget.
5/16/2023 13:51	Rich Hendron	Thank you for your service	Dear Councilwoman Fowler- Thank you very much for your service to District 7, and I look forward to your continued service to our Salt Lake neighborhood. Sincerely- Rich Hendron
5/16/2023 19:05	Anonymous Constituent	bring back bus 953	Hi, as an individual that travels up the canyons throughout the year, bus 953 would be great to have back and to have bcc go back to 15min rotations. ski bus access cuts down car travel, car pollution and makes accessing the mountains a little more feasible for all communities.
5/16/2023 19:06	Andrew Stewart	mtb trails	Please add more mountain bike specific trails. Drapers corner canyon has a very expansive set of trails featuring segregated ones for bikes only and pedestrians only. This allows all users to safely enjoy the outdoors. The foothills in SLC are overcrowded despite a bunch of potential. Please make some gnar old school tech trails as well as some flowv modern trails. God bless
5/16/2023 19:12	Bronti DeRoche	Need a bike lane 1300 south	I appreciate the work going into bike lanes currently. A painted strip on 1300 south continuing west past State Steet would be great. Cars are horrible at sharing a lane through this area and would keep year-round bikers happy and safer. Also, it promotes more biking. we need to switch our view of transit to help improve air quality and people health.
