SLC DEWATERING NOTICE OF TERMINATION (NOT)
ALL NECESSARY INFORMATION MUST BE PROVIDED ON THIS FORM

This Notice of Termination (*NOT*) for Discharges Associated with Dewatering Activities under the Salt Lake City (SLC) *Municipal Separate Storm Sewer System (MS4)* UPDES Permit *UTS000002* is for terminating all point source discharges (to the MS4, or Waters of the State) associated with dewatering activities identified under the coverage sections contained in the respective UPDES Dewatering General Permits for Construction Dewatering & Hydrostatic Testing (CDHT) (UTG070000) and/or Treated Ground Water (UTG790000).

Submission of this Notice of Termination (*NOT*) constitutes notice that the party(s) identified in Section II of this form are no longer authorized to discharge from dewatering activities under the *SLC City Discharge Permit*. If this termination is due to a change in operator/ownership of the facility, and the dewatering activity is to continue, this NOT obligates the permittee to coordinate with the new owner/operator (identified in Section II of this NOT) to gain appropriate City and State permit coverage before the facility is authorized to resume dewatering activities.
